Good Effect of Russian Revolution Threatened By Latest Uprising

PETROGRAD, July 17.—Soldiers invaded the printing office of the Novoye Vremya today and announced that publication of the newspaper should be stopped. They insisted on the composition of a proclamation calling on the people to come to the street with arms in their hands and demand the overthrow of the provisional government and the confiscation of the entire bourgeois press.

"Comrades," said the proclamation, "might is on our side. We must immediately seize all factories, land and other sources of production."

DETROIT MAN KILLS EMPLOYER; DEFIES POSSE OF POLICE

Holds Officials at Bay for Nearly an Hour.

SHOOTING INTO BIG CROWD.

Quarrel Over Twenty Dollars Likely to Result in Double Murder.

[Special to The Advertiser.]

DETROIT, July 17.—Harry Scarlatia, 29 years old, contractor, was shot and killed near his home on Chicago street, early this morning by Alfred Cante, a former employee, who was fatally wounded. Herman Merriam, 53 years old, and held at bay ten policemen, a bulldog and a crowd of nearly 200 persons for several minutes before he was captured.

After firing three shots at Scarlatia, the assassin fled, and was pursued by Mertens and several other persons, who had witnessed the shooting. Cante turned on the crowd and fired three shots. Two of them struck Mertens. Cante fired more shots at the police and the enraged mob, who clamored for his life. For nearly an hour the police tried to capture him, but were forced to fall back by a volley of shots, which came from an improvised barricade of rubbish. A bulldog, after the fugitive, was shot before he reached the basement.

When the police began to tear down the barricade, Cante surrendered. The police had difficulty in keeping the mob from lynching the man.

Cante identified Cante before his shooting was the result of a quarrel between Scarlatia and Cante over \$20 back wages. Cante admitted killing his employer, and was locked up on a charge of murder.

SALVAGING THE WRECK OF STR. PLANKINGTON

AMHERSTBURG, July 17.—Captain Fred J. T. Trotter of Trotter Towing and Wrecking Company of Amherstburg is busy engaged salvaging the wreck of the str. Plankington, which was sunk in the Detroit River a few weeks ago in a collision with a Windsor steamer.

Trotter is at present removing the machinery from a sunken craft, after which the coal cargo will be salvaged and the vessel then broken apart.

The tug Mermaid, the tug wrecker John Mills and the clamshell scow Handy Ann are being used in the work.

The heaviest rain of the year fell in Amherstburg and vicinity on Monday afternoon, the water coming down in torrents. As a result, many low-lying sections are badly flooded.

"IF CHRIST SHOULD COME TO APPIN—THEN WHAT?"

Subject of Rev. Parnaby's Sermon for Next Sunday.

APPIN, July 17.—Rev. Mr. Parnaby preached to a large congregation Sunday evening from the subject, "If Christ Should Come to Appin—Then What?" Many splendid thoughts were dealt with, and the question was asked, "Would we have yielded as Judas did under the same conditions?" The pastor's subject for next Sunday is, "If Christ Should Come to Appin—Then What?"

The farmers have begun having and report an excellent crop. All they ask is good weather to harvest it.

GERMANY GUESSING ON NEW PROGRAM OF GOVERNMENT

Socialists Fear Michaelis Will Sidestep Reforms.

WANT A PEACE FORMULA

Attempt of the Chancellor To Defer Statement Will Be Opposed.

Copenhagen, July 18.—Chancellor Michaelis, as a Danish editor remarked, is preserving the silence of a sphinx on the German peace program, and the questions of internal reform, but the Liberal press and politicians in Germany manifest an increasing apprehension that when the sphinx finally breaks silence he will speak with a decided pro-German accent.

Here Michaelis' pining forward of Field Marshal von Hindenburg and Gen. Ludendorff to discuss German peace conditions with members of the Reichstag, his failure to consult parliamentary leaders on prospective new appointments to the Imperial Prussian cabinet, his antecedents' previous endorsement, and openly avowed satisfaction of the constructive National League party men with the change in German newspapers show that he is not only uneasy feeling in Liberal and Socialist circles on what the chancellor's maiden speech Thursday will show.

Want Peace Formula.

The speech is not to go exhaustively into questions of reform or peace, as the time is too short for Chancellor Michaelis to do so, but to set out a program. The Socialist agency reports that in all probability he will ask permission to inform himself and make out a detailed policy. The agency is indisputably speaking for Herr Scheidegger, the Socialist leader, and however, that Herr Michaelis immediately and unequivocally make clear his attitude on the Prussian franchise reform and the peace formula.

The Local Anzeiger also reckons with a deferred presentation of the chancellor's program and instances the question of parliamentarizing the government as one of the problems Herr Michaelis will avoid, because it cannot be approached until after exhaustive discussion by the federated governments. It appears unnecessary for Chancellor Michaelis to turn his fingers with the question at all, because the Catholic and explains in an inspired article the Clerical party interpretation of parliamentarizing the government as an intimate touch—not the introduction of a parliamentary regime, but the centre is now as always opposed.

The centre merely wishes to change the system to a present form, and the number of parliament from entering the government. The National Liberals have also a "peace resolution."

The papers manifest some uncertainty regarding the fate of the Reichstag's local organs. It will have a big majority, although they evidently are not prepared to decide on the movement underlying last night's events as threatening to ruin the revolution.

Winnipeg, July 17.—Oats ranged steady to strong, and flax bulged sharply in the Winnipeg market today. It began to look as though all trading in wheat futures has been gutted by regulations and the uncertain outlook. It is practically a week since there was a sale of October wheat. Isolated bids began to draw nothing out, and prospective buyers show no eagerness to shove up offers to coax out stuff.

In oats today the chief strength was in the later deliveries. The July delivery was moderately active. The morning advance in flax, which extended to 7½c in October, resulted from crusher demand and a dearth of offerings.

Cash wheat prices, except feed, basis contract, and October wheat bids were again under the previous day. July oats sold ½c, October advanced ½c, and December ½c. Barley declined 2c. Flax netted advances of 2½c on all deliveries.

For wheat and cash wheat were very moderate, and inquiry was largely confined to straight grades under No. 4 to tough grades. For these the demand was good. The Government, exporters, millers and shippers were buyers.

For the heavy, 18½c short clear basis contract, and October wheat bids were again under the previous day. July oats sold ½c, October advanced ½c, and December ½c. Barley declined 2c. Flax netted advances of 2½c on all deliveries.

The cash barley market was the same as yesterday, with business narrow. A fair inquiry for tough grades existed. Flax was unchanged.

For the heavy, 18½c short clear basis contract, and October wheat bids were again under the previous day. July oats sold ½c, October advanced ½c, and December ½c. Barley declined 2c. Flax netted advances of 2½c on all deliveries.

The cash barley market was the same as yesterday, with business narrow. A fair inquiry for tough grades existed. Flax was unchanged.
