DELEGATES INCENSED OVER REMARKS MADE BY SENATOR SHERMAN

Foreign Representatives May Leave Unless Amends Are Made.

DISCUSSION RESUMED Forty-Eight-Hour Week Is the Subject of Heated Arguments.

Washington, Nov. 5.—The question of the 48-hour week or the straight 8-hour day again was up at the opening of today's session of the International Labor Conference. Wrangling over this issue broke up yesterday's session of the conference.

Several of the delegates have become incensed over critical remarks made by Senator Sherman, Republican, Illinois, in the Senate yesterday, and intimated that unless proper amends were made they would leave the conference. An effort was being made by those in charge of the conference to smooth over the situation and save the conference from a break in its ranks.

Sherman said the conference contained "a number of Socialists and also a number of those who go beyond socialism—radicals, alien firebrands—but a few degrees removed from those who believe in soviet principles."

Germany has delegates in the conference who are here to "promote industrial mischief," Senator Sherman said, "while Japan has delegates planning inroads on American industry." Senator Sherman predicted that the conference would declare against the American "open shop" and subject the United States to economic boycott if the conference decision was not observed.

REPUBLICANS GAIN IN N. Y., BUT LOSE IN OTHER STATES

Strength of Socialists in New York State Assembly Is Doubtful.

PROHIBITIONISTS WIN Lieut.-Col. Theodore Roosevelt Elected by Large Majority.

New York, Nov. 5.—Indications early today were that the Republicans had gained several seats in the New York state assembly as a result of the election yesterday. Their representation has been increased by five, with no reports available on ten doubtful districts in the state.

The strength of the Socialists at the next session remains in doubt. They elected one of their candidates in Bronx County, but lost the 17th New York district. The result in the 23rd Schenectady district, a Democrat, won by a Socialist last year, remains in doubt.

Both the women who served at the last session were defeated by men for re-election. Two other representatives of the fair sex will sit at the next session, however. They will be Dr. Elizabeth Van R. Gillette of the 2nd Schenectady district, a Democrat, who won from the man who defeated her last year, and Margaret L. Smith, who scored a victory over Martin J. Healy, the Democratic incumbent in the 12th New York district.

One of the interesting characters at the next session will be Lieut.-Col. Theodore Roosevelt, who was elected from the Otsego County district by a large majority. He will begin his political career exactly as did his father.

The women who were successful in most of the upstate municipal elections. The only second-class cities which elected Democratic mayors were Schenectady, where George R. Lum was returned to the office he had held as a Socialist on two previous occasions, and Troy, where James W. Fleming, a former state conservation commissioner, was successful.

ALDERMEN CONDEMN SECRETRY OBSERVED BY NO. 1 COMMITTEE AND CLAIM MEETING ILLEGAL

Some of Members Not Notified in Time—Why Keep Public in Dark and Let Street Railway Company Representative Stay in Meeting?

"Any action taken by No. 1 committee at its meeting Tuesday was illegal," said Ald. L. S. Holmes, a member of the committee today.

The same opinion was expressed by Ald. S. R. Manning, another member of the committee. He said that the No. 1 committee was not notified in time of the meeting, and that the committee was not notified in time of the meeting, and that the committee was not notified in time of the meeting.

Ald. Manning felt slighted. "I guess they didn't want us there at the meeting very badly," he said. "But there is no reason for excluding the press. The people in general are interested in it. It is acting against the interests of the public to keep this information from it."

"One argument advanced by Mayor Somerville is that the city's negotiators with the street railway would be embarrassed by publicity. If this is so, why was the secretary-treasurer of the company allowed to remain at the meeting? He will be able to give a full and complete report to the public. The public must be kept in the dark."

Ald. C. G. Moorhead, a member of No. 2 committee, strongly criticized the committee's action in barring the press.

"Everything relating to this matter should be done in public," he said. "It should be open and above board. I want to know what the price of the company is, and I want to know what the company is doing with the money. I want to know what the company is doing with the money. I want to know what the company is doing with the money."

BEST LEGAL TALENT IN WEST DEFENDING 8 STRIKE LEADERS

Labor Men Are Confident of Outcome of Trial.

Winnipeg, Nov. 5.—Robert Cassidy, K. C., prominent Vancouver lawyer, who is chief counsel for the eight strike leaders to be tried at the assizes, has arrived to take charge of the defence arrangements. Associated with Mr. Cassidy in conducting the defence will be J. E. Bird, Vancouver, and E. J. McMurray, of Winnipeg, who has charge of the defence at the preliminary hearing. T. J. Murray and W. M. Noble will have charge of the cases of men charged with rioting during the strike.

Officials of the defence committee stated today that they were fully prepared to fight the case to a finish. "We have no doubt of the outcome," said Secretary J. Law.

The strike is normally expected to end today, but it is not expected that strike cases will be proceeded with until later.

Helsinki, Nov. 4.—A Helsinki newspaper says it understands 20,000 volunteers have secretly enlisted in Finland to join in the attack on Petrograd. TOTAL IS GOOD, BUT PURCHASERS OF SMALL BONDS PROVING SCARCE

Victory Loan Officials Say London Should Do Better Still.

SALESMEN ARE BEHIND Only Have \$800,000 Instead of Twice That Figure As Expected.

The Victory Loan campaign for 1919 reaches the half-way mark today and although London is but a million dollars away from the objective, the canvassers and others in connection with the loan will have to put their best foot foremost in order that the loan may be the success it was last year.

"In staling up the general situation with half the campaign gone, London finds herself with a total subscription of over six million dollars, which with an objective of \$7,500,000, appears to be very satisfactory," declared Organizer J. A. G. Clarke today.

"People have the impression, however, that of this six million dollars, four and a half million is made up of two subscriptions, the Huron & Erie for three and a half million, and the London Life Insurance Company for a million. Another half million is accounted for in large subscriptions, and this is highly satisfactory as far as the general result is concerned."

These are behind.

The total subscriptions turned in by the salesmen only amount to \$800,000. The objective for them is set at \$3,000,000 and therefore they are \$2,200,000 behind their objective at the half-way mark, and will have to have the fullest response from the citizens if the loan is to be made a success.

"People have the impression," continued Mr. Clarke, "that their \$100 and \$50 bonds are of very little importance, while it is a matter of fact that the third of last year's Victory Loan subscriptions were made up of bonds of \$100 or less. The importance of these small subscriptions will be readily recognized."

"Through her war effort Canada is in a prominent position among other nations of the world, which it would have taken years of peace to obtain. It was to retain this position it is vitally necessary that the country be financed by its own citizens. It is to carry out the trade and commerce of the country and meet the reconstruction period."

People Relaxing.

"The returns show that the actual number of applications is considerably less than last year and this would indicate that with the war over, the people in general are inclined to relax and not make the same effort as was the case during the past four years. So long as our men were overseas and affording us protection from the German menace, no one hesitated to support them to the utmost, but now that the war is over it is still our solemn duty to establish these men who fought for us and protected us from the perils of the war, and to take care of the dependents of those who fell. This is not an obvious patriotic duty, but a duty of common sense."

Golden-Haired Girl of Eighteen Is Held as Bandit

Pretty New York Blonde Was Carrying a Gun When Arrested.

New York, Nov. 5.—An 18-year-old golden-haired girl stood behind the bars of a West side police station today while the police were checking up on 23 robberies which she and a man, 24 years old, were charged with having committed in the last two weeks. The girl, who was expensively groomed, and her companion were armed with revolvers when arrested.

They are alleged to have carried on a systematic campaign for the robbery of apartment houses by visiting furnished rooms advertised for rent, making out the names of the tenants, and turning later to rob. A search of their home is said to have revealed stolen articles valued at thousands of dollars.

The girl, who gave the name of Marie Mathews, and her male companion, Frank Pecareh, are charged with grand larceny and violation of the Sullivan law in carrying concealed weapons.

U. S. GOVERNMENT REFUSES TO ACCEPT PROPOSAL OF LABOR TO END SOFT COAL STRIKE

Assistant Attorney-General Ames Declares That Strike Is a Direct Violation of the Nation's Laws and As Long As It Continues Court Action Will Be Resorted To To Protect the Public.

Washington, D. C., Nov. 5.—The Government cannot accept the proposal of organized labor to end the coal strike by vacating the injunction against the officials of the United Mine Workers of America. Assistant Attorney-General Ames, in the absence of Attorney-General Palmer, announced today that the Government could not abandon its position because the strike was in violation of the law.

Mr. Ames issued the following statement:

"The strike is a violation of law. As long as it continues we are going to proceed in the courts. The dispute between the mine owners and workers is an entirely different question, that they can settle in their own way. The Government cannot tolerate continued violation of the law, such as this strike constitutes."

Refusal of the Government to vacate the injunction means a long fight in the coal fields, while its withdrawal would have opened the way for settlement of the strike within 48 hours, according to Edgar Wallace, legislative representative of the United Mine Workers of America.

MINERS BELIEVE ACTION OF GOVT. WILL PROLONG STRIKE

Washington, Nov. 5.—Labor leaders who had taken a hopeful view of the strike situation, after hearing of Samuel Gompers' suggestion for a settlement, were plainly disturbed by news that the department of justice would let the injunction stand. All agreed that it would keep the strike going for some time. This also was the view of operators.

In view of the intention of the attorney-general not to ask for vacation of the injunction, labor leaders said there was no likelihood of a settlement soon.

TORONTO TAXI DRIVER IS MURDERED BY FOREIGNER

J. G. Rowland, a Returned Soldier, Is Victim of Knife Wounds Inflicted by Unknown Person That He Had Driven to Leaside—Died in Hospital.

Toronto, Nov. 5.—J. G. Rowland, 35, a returned soldier and taxi driver, was brutally assaulted and stabbed in the back at Leaside, one of the northeastern suburbs of Toronto, shortly after midnight, and died in the DeWittville Military Hospital, after having received him 100 yards from the scene of the assault, to a neighboring residence and obtaining assistance.

Rowland was unable to complete his story before death ensued, but declared that a foreigner, apparently a Russian, hired him at the union station to drive him to Leaside. There his story stopped. There were nine different slashes on the victim's face, and a great gash in his throat. It was evident that he had been attacked from behind.

The police are working on various clues.

Rowland served with the 2nd Machine Gun Battalion overseas, and was wounded and captured in 1917. He is a retiring man, of exemplary character.
