SENATE PO Lerator Of the General Pres. Assembly

Recognition of His Work on Augmentation Committee -Rev. Dr. DuVal's Sermon Is HAMILTON, June 2.—(Special.)—In the spacious and stately beauty of Central Church, the 35th general assembly of the Presbyterian Church in

> One of Presbyterianism's Leading Divines.

Close on four hundred commissioners are expected and the attendance tonight filled the great church. The service was led by Rev. Thos. Sedgwick, D.D., Tatamagouche, N.S., Rev. Robert Campbell, D.D., Montreal, and Principal Patrick, D.D., Winnipeg. Rev. John Somerville, D.D., the veteran treasurer, was on the flatform, looking poorly enough to fully justify a resolution passed subsequently, regretting his lill-health. Dr. Sedgwick, also exhibited some, frailty. Well known figures like Principal Gordon, Principal Scrimmigear, Walter Paul and Rev. John MacKay, were scattered among the congregation. A BANK CLERK DROWNS

Chas. Chapman of the Traders, at North Bay, Perishes in Lake Nipissing

A lofty note was sounded by Dr. Duval's sermon, which was read by Principal Patrick. It pleaded for more reliance on the Holy Spirit. "Whatever God does, he does by the spirit," was a central thought. The failure to was a central thought. The failure to recognize this resulted in persecution of the prophets, alienated reason from religion, burned the Alexandrian Library turned fields of contact and the resulted in the countant in the Traders' Bank branch for a visit to France and England, some first properly turned fields of faith into intellectual deserts, and left souls to grope in superstition. St. Paul put the hierogliphics of the temple for the deep things of the spirit. We also must put away our Semper Eadem' in things that are patently not eternal, things that are patently not eternal, and yield our minds in the spirit of meekness to be taught of the spirit."

The Moderator's Sermon.

The Moderator's Sermon.

The Moderator's Sermon. The text was taken from John xvi., 12-13: "I have yet many things to say upturned canoe, the water being stiff upturned canoe, the water being stiff

Surprise to Russian Diplomats Who Imagined That The Balkans Dispute Left Bitterness.

ST. PETERSBURG, June 2 .- A meeting between Emperor William and Em-peror Nicholas will take place in the waters of the Finnish Gulf, probably on June 17. The German Emperor wil arrive on the Imperial yacht Hohen zollern, while Emperor Nicholas wil be aboard the Standart, accompanied by M. Iswolsky, the foreign minister and Admiral Voevodsky, the minister

of marine. Coming so soon after the settlement of the Balkan crisis, the meeting has aroused eager speculation among diplomats. It was supposed in some quarters that German mediation, which had ended the crisis, had left an in REV. DR. LYLE.

Pastor of Central Church, Hamilton, Russia to identify herself more closely

with Great Britain's continental policy. The meeting, which, according some reports. has been arranged by the initiative of Emperor Nicholas, is taken to mean that Russia prefers an amicable arrangement with Germany to the doubtful issue of an antagonistic policy. If Emperor William also meets President Fallieres, as is reported from Berlin, the European situation may be regarded as entering upon a decidedly eaceful phase.

After meeting the German Emperor Emperor Nicholas will go to Stock-then return to Peterhof, where he will then return to Pterhof, where he wil receive King Frederick of Denmark. His majesty will then proceed to Pol-tava, where he will be present on July NORTH BAY, June 2.—(Special.) - 7 and 8, at the celebration of the 200th

PROFITS. Canadian Express 100 p.c. Dominion Express 92 p.c. Canadian Northern Ex-

Great oaks from little acorns grow, is an axiom which might aptly be applied to the express companies, as the statements of capital invested and present profits submitted to the railway commission yesterday afternoon indicated. The Canadian Express Co. was shown to have launched out in 1865 upon the capital of \$27,500, actually paid in in hard cash. Modest as the sum looks, it was never found necessary to issue, any more stock. The earn-ings took care of the equipment, which is now valued at over \$212,000, and has earned from all sources an average of 100 per cent. per annum in the past

seven years. The Dominion Express Co. has also had a healthy, not to say tropical, growth. Shortly after incorporation in 1882, the promoters were in the happy position of having got back the sum of \$24.500 advanced and paid off \$74,000 in bonds kindly loaned by the C. P. R. The property is now valued at \$592,000. and earned 92 per cent, on this basis last year.

A neat little family compact was disclosed in the case of the Canadian

terests.
These illuminating statistics were laid bare by W. S. Buell, solicitor for the commission, and George F. Shep-ley, K.C., its counsel.

Transportation of Fish.

The concluding evidence as to express rates was given by W. T. Street, president of the Dominion Express Co., and W. H. Burr, the company's traffic manager. Mr. Street, examined as to the transportation of fish from British Columbia across the continent, said that the traffic was heavy, but the business precarious, the fish being American halibut caught in American waters and landed in British Columbia by spe. cial order in council, which permit might at any time be rescinded. The tolls on the traffic in 1908 amounted to

T. H. Chrysler, K.C., representing the Dominion Express Co., and E. Le Fleur for the Canadian Express Co., gave their side of the argument. They thought it wasn't the province of the board to revolutionize rates. In con-sidering the proposal that the classifi-Take a look at any Bell Telephone cation of express should be assimilated that blocks your sidewalk and count the wires upon it.
