In a letter written to his mother, a sergeant in one of the battalions says:
"This morning about one o'clock we saw a most beautiful white cross in the sky. It sailed along until it reached the moon. I think everybody about here saw it, and for about ten or fifteen minutes there was not a shot fired. There was absolute silence on both sides.

SURGICAL SUPPLIES NO LONGER NEEDED

Col. Hodgetts Advises Patriotic Leagues to Discontinue This Work.

OTHER NECESSITIES

Socks, Shirts, Pillow Cases and Towels Needed Most Now.

ouse and supplies committee of To-onto Women's Patriotic League, reports the shipment of 252,787 Red Cross supplies for the month of June, consisting of the following articles: Flospital nightshirts, flannel shirts, sicks, dressing-gowns, sheets, pillow-caes, towels and surgical supplies.

The above consignments are supplies sent in by the 270 Toronto circles, and also supplies made in the Red Cross rooms at the league.

The committee has received a cable from Colonel Hodgetts, chief commissioner overseas of the Canadian Led Cross Society, who has recently returned from a thoro inspection of the society's work in France and England, advising that the making of surgical supplies, such as pads, compresses, wipes and bandages of all kinds, be discontinued until further notice.

This advice is based upon a knowledge of the large amount of surgical supplies now on hand, and it is most desirable that the energies of all should be directed towards making the supplies which are most needed at the present time, such as socks, pyjamas, dressing-gowns, kit-bags, housewives, hospital nighthirts, sheets, pillow-cases, and towels. The work must go on until the need is past. Hospital nightshirts, flannel shirts,

MONTREAL. The demand was steady and sales of the best steers offered were made at \$9.50 to \$9.75 and choice lots of butchers' cows brought \$8 to \$8.25 per cwt.

The feature of the hog situation continues to be the strong undertone to the market, and prices have scored another advance of 25 cents per cwt. Trade was fairly active, with sales of selected lots at \$12 to \$12.25, and in a few odd cases as high as \$12.40 was paid, while rough stock sold at \$11.50 to \$11.75; sows at \$10 to \$10.25, and stags at \$5.62½ to \$6.12½ per cwt., off cars. Owing to a limited supply of good to choice calves, the market was stronger and prices scored a further advance of 1c per pound, with sales of choice lots at 11½ to 12c and good at 10½ to 11c per lb. Common and inferior lots were 1c per pound, live weight. The following supplies have been distributed to Canadians during the first three months of this year by Miss Plummer and Miss Arnoidi: 22,971 pairs of sox, 2494 shirts, 2995 belts, caps gloves and scarfs; 6695 hand-kerchiefs, 2133 towels, 2043 various clothing, 4057 hospital supplies, 102,162 tins or packages, cigarets or tobacco: 1642 tins cocoa, 15,134 packages or tins sweets, 8443 various foods, 2417 cakes of soap, 453 packages toilet paper, 1144 packs of cards, 448 various games, 18.-225 pipes, mouth organs, housewives, note paper, pencils, candles, books, etc. This list does not include the distribution of Christmas gifts of 94,286 articles (two for each Canadian then at the front), which were all sent out in November or December before the other Christmas work grew too heavy.

In addition to this they have forwarded to Canadian units or individuals in France during these months 13,596 cases or parcels as addressed, and to various units in camp at Shorncliffe or Brashott 2539 cases or parcels sent in their care for prisoners of war.

TAKING PHOTOGRAPHS ON LIVING LEAVES

A process of taking a photograph on the leaf of a plant is described in an article by Dr. Hans Molisch in Die Umschau, a translation of which appears in The Scientific American. Briefly, the process is as follows:

Fasten a negative with strong contrasts to a very smooth, thin, hairless, growing leaf, such as the Indian cress, scarlet runner or nasturtium, and leave it exposed to strong sunlight for several hours. Then cut the leaf from the plant, steep it in boiling water for half a minute, then immerse it in warm 80 per cent. alcohol. After a little time the leaf, now white, is immersed in a dilute fincture of lodine. The result is a positive photograph, often of surprising sharpness.

FARMER'S HOUSE BURNED

both sides.
"We are wondering what this vision means. We have had a very hot four days, and have to remain in the trendays, and have to remain in the trenches another four days. I have never been so close to the enemy as we are now. They are about fifty or sixty yards away, and we can hear them talking quite plainly, and can see them working away."

ALVINSTON, Ont., July 3—The house with all its contents, of Neil A. McLean, a farmer living one mile north of Alvinston was destroyed by fire this afternoon. There was no one at home at the time.
