

# A GREAT FAMILY MEDICINE.

A mother having the care and responsibility of bringing up her little flock from babyhood to the stature of man, must almost every day do something to alleviate the multitude of sufferings which through the fall of Adam, her dear ones have inherited. It is at midday and at midnight that mamma's name is called to come and cure.

Many mothers in America have long known the virtues of Perry Davis' Pain-Killer, and have found by actual experience how universal its uses are, how many ills it is adapted for. It is not those we address, but to those who have not yet learned how useful it is in curing complaints such as Colic, Cramps, Diarrhoea, Canadian Cholera, Chills, Sudden Colds, for it when they learn its virtues. It should not be confined to the use of the family alone, but should have a place in every factory, machine shop, and mill, on every farm and plantation in the world.

Sore Throat, or if used externally, Bruises, Burns, Sprains, Cuts, Frost Bites, Toothache, Pain in the Face, Back or Loin, Rheumatism, Neuralgia, and a host of other kindred disorders which a mother has to prescribe for daily, and no one else can do as well. The Pain-Killer is harmless and can be given to the infant in its cradle without injury as well as to a man. It acts quickly, affording relief in a few moments, and children will cry

Perry Davis' Pain-Killer has stood the test of nearly half a century, and is growing more popular than ever.

ALL DEALERS IN MEDICINE SELL IT.

PRICE, 25 CENTS PER BOTTLE.
