The Evening Chit-Chat

By RUTH CAMERON

WHEN you pick up a magazine what do you turn to first? If you are one of a sadly large class of magazine readers, I can answer your own question. You turn directly to the most interesting looking short story—the story that has the most alluring title, the most attractive pictures and the "best selling" name attached to it.

And when you have gobbled that story up, you read the next best, and so on down the line to the rather uninteresting story with a lot of solid print and only one or two illustrations.

Maybe you also glance at a poem or two, if they are short enough, and perhaps read the dramatic criticism. But how often do you read any of the non-fiction articles—the true stories of what men and women are doing to better the world and make it a more livable world for older men and women, the descriptions of little known lands, the investigation and discussion of unsatisfactory conditions of government and the opinions of great men on the big economic and civic questions of the day, the stories of important inventions and discoveries, the memoirs of famous men?

Now I know that of course there are a great many people who do read these things, or else they would not be brought and printed, but also think there is an abominably large class of magazine buyers who seldom look at these non-fiction articles.

But I know that of these fiction-only readers with the habit and he will in all probability regret—

"But I work hard all day, and when I get home and get hold of a magazine I'm too tired to try to educate myself. I want to be amused!"

Listen, my friend. Will it really take you so very much more to be intelligently interested occasionally than to be perpetually amused?

Some of these articles are in technical terms and demand great concentration, but these are decidedly in the minority, and the majority do not demand any more mental effort than is necessary to follow the plot of the characters in the customary love story and I think they will interest you full as keenly once you get accustomed to reading them.

That's the crux of the whole matter—the getting used to it. Turn past the story with the alluring sketch picture of the lady with the big hat and big eyes and fuzzy hair pouring tea for the man with the Greek god figure, and read instead how a certain judge has succeeded in alienating bad boys into good citizens, or who gets the extra five cents a pound he pays for his Sunday beef and what methods might be taken to persuade the culprit to give some of that five back, may demand self denial at first, but I don't believe you will require much after you have done it several times.

If you don't possess it, why don't you start acquiring the non-fiction article reading habit today?

Begin by promising yourself that in all the magazines you take up for the next month you will read at least one of these articles and by the end of the month I'm ready to wager you'll have the habit.

Now, don't think I'm deceiving magazine fiction. I'm not. I think it would be self interest if one could not sometimes spend delightful hours forgetting one's self and I'm simply suggesting that it isn't hurt you if you wear yourself from an unimpaired diet of mental culture and clean cable and similar pastr—delicious though they may be—and add a few literary breadstuffs and nutmeats to your magazine menu.

Close of the Presbyterian Assembly—McGill Criticized by Professor Goldwin Smith

Ottawa, June 9.—(Special)—The all-day conference today between representatives of the Canadian newspapers and the C. P. R. Telegraph Company on the question of press rates. While a final agreement was not reached the parties got closer together and the prospects are bright for an agreement being reached tomorrow.

Amherst, N. S., June 9.—(Special)—Harry Hansen, the man accused of the murder of George Davis, was before Justice McKenna for examination this afternoon and was sent up for trial at the Supreme Court to be held here next Tuesday.

Halifax, N. S., June 9.—The Presbyterian General Assembly could not start the examination of the report of the committee on the status of the permanent clerks of assembly who disposed of by deciding to send it up to the Presbytery's committee.

The ministers of the church did not call attention to the 320th anniversary of the Reformation in Scotland.

With parting words from Moderator Forrest the assembly dissolved at 10 o'clock.

Montreal, June 9.—At the annual convention of McGill University, today, Professor Wesley Mills, who leaves the staff after twenty-five years' service, severely criticized the lack of sympathy which existed between the city and the university.

As to McGill itself, Prof. Mills declared, it was becoming more and more a technical school and forgoing the higher aims of a university. I did not aim to make men but practitioners and specialists. The system of things was all wrong for students were given too much to do and not enough to learn.

Fredericton, N. B., June 9.—The annual meeting of the Fredericton Gas Company this afternoon at the city hall was declared. The report of the president was received. Harry White was elected a director and James H. Harrison, W. E. Anderson, C. F. Sanford.

No other changes in the directors were made. F. B. Edgecombe was a proponent of the decision to drop the gas service on Aug. 1. The decision was adhered to, however.

In the court case of the gas service on Aug. 1. The decision was adhered to, however.

The district meeting of the Methodist church came to an end this evening. Tonight the Imperials, of city, defeated the Nashua team 10 to 5, in a five-inning baseball game.

Governor-general's offer and for professional standing, Arthur K. of Hampton, Kings county.

Lieutenant-governor's prize \$30 for senior class, Miss Kate Cett, Kings county.

Lieutenant-governor's prize \$30 for class B, divided between Mildred Boyd, Gagetown, and Miss Melville Howell, of Moncton, who were tied.

Toronto, June 9.—(Special)—About \$1,000,000 is the approximate value of the estate of the late Goldwin Smith. When he came to Toronto nearly five years ago he is said to have deposited nearly \$500,000 in the banks. Whether a sum represented the full extent of his wealth is a secret not disclosed, but Goldwin Smith was wealthy in his own right.

Woodstock, N. B., June 9.—Today a personal and property vote of ratepayers was taken on the question of issuing bonds for \$100,000 to be used for the purpose of lighting the streets during exhibition week at a cost of \$2,000 was referred to the council.

Sir Wilfrid's Western Trip—W. Z. Earle Gets Winnipeg Position—Broker Fails

Ottawa, June 9.—Plans for the prime minister's trip to the west have been completed. Sir Wilfrid will leave Ottawa on July 6 and will be absent until September 8, and during that time he will cover the entire Canadian west, speaking at twenty-two formal meetings to be held in the principal centres.

Copies have been received here of the treaty recently concluded with the United States, having reference to the boundary between Canada and that country.

The agreement is important in that it marks the end of all boundary questions as between the two. At one time it was proposed that the matter be submitted for adjudication to an international tribunal.

By the treaty the Pope's Holy Island goes to the States and certain fishing shoals, regarded as valuable, go to Canada.

The uncertainty as to which country owned the island has been causing two municipalities all kinds of trouble. There has been a long-standing dispute as to which had the right of collecting taxes, and in which country the land resident of the island had a right to vote.

This, as well as the other issue of fish rights, is settled by the treaty, as negotiated by Ambassador Bryce and Secretary Knox.

Ottawa, June 9.—W. Z. Earle, C. E., of St. John, until recently manager of the street railway of that city, has been appointed resident engineer at Winnipeg.

MALTA-VITA is a perfect food for all the family. Old and young, sick and well, find it refreshing and nourishing and delightful to the taste. Made in absolute cleanliness from whole wheat and malt extract, it gives health, vigor and energy to all. Ready to serve as it comes from the package, it requires no cooking, and a delicious breakfast can be served in a few minutes. Economical—a large package costs only ten cents. At all grocers.

THE PERFECT FOOD

HASSAMS GIVEN THE WORK IN THREE STREETS

Board of Works and Council Wrestle With Permanent Paving Matter—Money for Band Concerts

After repeated juggling with the matter, the members of the common council yesterday afternoon decided to accept the tender of the Hassam Paving Company for the laying of permanent paving in three of the five streets for which specifications were issued. The work will be done this summer and new tenders will be called for the balance of the work for next year, including such other streets as the engineer may recommend. The three streets in which it was decided to do the work this summer were Main, Water and Smythe.

The council yesterday afternoon had a special meeting of the board of works to discuss the whole matter was thoroughly discussed.

Ald. Likely moved that, as there was only \$174 difference between the figures of B. Moore and the Hassam people, that they be given that contract. Messrs. Smythe and Holder, Samuel, Ald. Baxter and Vanwart voted against it.

Ald. Elkin moved that the question be referred to a vote of six to four. The amendment was carried. This was said, would mean an expenditure of about \$35,000, the balance of the streets to be done until next year.

Ald. Elkin called for the question on the amendment. The amendment was carried. This was said, would mean an expenditure of about \$35,000, the balance of the streets to be done until next year.

CONNAUGHT LIKELY COMING; EARL GREY TO STAY TILL SPRING

London, June 9.—The Canadian Associated Press has every reason to believe it is intended that the Duke of Connaught shall be governor general of Canada in accordance with King Edward's expressed wish. It is unlikely an official announcement will be made yet for the Duke of Connaught opens the South African parliament at the end of the year. It is improbable that he can go to Canada in midwinter, therefore, it is proposed that Earl Grey should remain in office till the spring of 1911.

The views of the cabinet on the constitutional issue have been embodied in a draft letter from Premier Asquith to Mr. Balfour. It is generally anticipated that the party started on the railway at 2 p.m., arriving in Hampton between 3 and 4 o'clock.

The railway experts made a careful inspection of the road and while they did not express any opinion it is understood they were favorably impressed with the country through which it passed, and with the road as a good feeder for the I. C. R.

The hosts of the party, Mr. Foster and Mr. Scovell, as well as the officers of the road, furnished all the information they needed. The trip was made with ease and dispatch and much favorable comment was made upon the comfort of everything.

Dr. McAllister, M. P., said he was very much pleased that the commission had taken this early opportunity to make an inspection of the branch lines. He was sure that the course adopted by Mr. Campbell, the deputy minister, in seeking out himself acquainted with the needs of the people and of the country, would meet with general approval. As far as taking over the St. Martins railway was concerned, he said it was too early for the commissioners to express an opinion, who is the guest of Dr. and Mrs. W. A. Burne, this city, is a delegate to the Dominion Dental Association convention which was held at Toronto this week. If Dr. Maher is a type of the business men of the east, no wonder there is government action so promptly after its legislation with regard to the branch lines passed last winter. It was the policy he advocated when he had asked for the support of Kings-Albert electors, and in the house of commons and out of it, he had worked harder for the recognition of the railway was giving the branch lines than for any other thing. He would accept the deputy minister and a member of the commission over the other branch roads in Kings-Albert and he sincerely hoped that they might think some of them at least so valuable as feeders to the I. C. R. that they would arrange to take them over in the near future.

The deputy minister and his party left Hampton for Norton and proceeded to Moncton last evening, intending to return and spend the night at Norton, leaving this morning for Petticoat to inspect the Havoclock & Elgin road afterwards going over the Harvey & Salisbury road, arriving in Moncton this evening.

DR. MAHER, ON VISIT TO TORONTO, BOOMS ST. JOHN BOOMS HIS HOME CITY.

The following appeared in the St. Thomas, Ont., Daily Times, of June 3: Dr. J. D. Maher, of St. John, N. B., a member of the Ontario Medical Association.

Dr. J. D. Maher, of St. John, N. B., one of the best known dentists in the maritime provinces, as well as the most successful who is the guest of Dr. and Mrs. W. A. Burne, this city, is a delegate to the Dominion Dental Association convention which was held at Toronto this week. If Dr. Maher is a type of the business men of the east, no wonder there is government action so promptly after its legislation with regard to the branch lines passed last winter. It was the policy he advocated when he had asked for the support of Kings-Albert electors, and in the house of commons and out of it, he had worked harder for the recognition of the railway was giving the branch lines than for any other thing. THE INSPECTION OF THE ST. MARTINS ROAD

Attached to the suburban train which left St. John yesterday morning, was the official car of the deputy minister of railways, A. W. Campbell, which carried, besides himself, Dr. Pottinger, deputy chairman of the board of control; F. P. Brady, general superintendent; E. Tiffin, traffic manager; J. T. Hallisey, district superintendent; T. C. Barpee, engineer of maintenance of ways; R. W. Simpson, of the I. C. R. engineering staff; W. E. Foster, manager of the St. Martins railway; W. G. Scovell, one of the owners of that railway; Dr. D. H. McAllister, M. P. for Kings-Albert, and E. S. Carter.

At Hampton the party was met by S. H. Flewelling and R. G. Flewelling, who accompanied them to St. Martins. The trip was made in one of the passenger coaches of the St. Martins railway and was done in very good time. On their arrival at St. Martins, Mr. Foster took the officials for a drive about the village and showed them all the points of interest. The most of them had never been in St. Martins before and were very much impressed with the natural beauties of the place and the attractions it possessed as a summer resort. After dinner at the Scores and Wisharts hotel, the party started on the railway at 2 p.m., arriving in Hampton between 3 and 4 o'clock.

The railway experts made a careful inspection of the road and while they did not express any opinion it is understood they were favorably impressed with the country through which it passed, and with the road as a good feeder for the I. C. R.
