the half struggle in what appeared to be a hopeless fight. At noon yesterday the amount raised was \$80,379. There was still, however, that missing \$5,000 between the \$90,000 and \$95,000. The Women's Auxiliary came through with another \$2,000 pledge, and other workers made up the difference. The crucial moment was at just five minutes to midnight when \$700, which guine and tireless workers as those minutes to midnight when \$700, which congregated in the headquarters was still lacking, was guaranteed by seven team captains who were present. But there was no bating of either

But there was no bating of either hope or energy. Any suggestion that the amount would not be obtained was frowned down severely, and the workers bent to their work with almost feverish impatience and energy. The telephone was in constant use. Citizens elephone was in constant use. Citizens who retired early, and even some who urned in late, were hailed out of their tle suburbanite. Almost every minute

"What are you having in there, a mother's meeting, Findlay?" said a passer by as he looked through the doorway and saw a bevy of ladies at steps in James Bay and he says it was back of the tent. Had he entered would have found that the me would have found that the most insistent section of the canvass. The ladies set themselves out to raise a certain sum, and they over subscribed forms the most insistent section of the canvass. The ladies set themselves out to raise a certain sum, and they over subscribed thanksgiving. Then the workers went home to bed. Some are not up yet.

Finally the workers joined in singing the Doxology, and Mr. Wilcox closed with a few words of prayer and thanksgiving. Then the workers went home to bed. Some are not up yet.

The Commander-in-Chief. The centre, the head, the directing intelligence of the whole fight was Mr. Wilcox. Without ostantation, with few words, and those very quietly spoken, etc., pending the completion of the he has marshalled his forces, directing, campaign. Proper finance committees spiring, encouraging, sometimes even representing the citizens and the assoe enthusiasm of the local workers he the contributions, and as soon as possible active building operations will begin. A site will first have to be selected and plans then drawn. This may be take six weeks, but building should be actively in progress by midsummer.

Washington, D. C., May 1.—In a general discussion of the tariff in the senate year place where they have been actively in progress by midsummer.

angil that little real criticism was of-ered. The administration of affairs in nadequate quarters by General Secre-ary Brace, ably assisted by Physical participation of the campaign, and they have during the past fortnight, secured the past fortnight, secured debate.
