CAUTION.
THE great popularity of the C. O. D. D.
has induced many persons to make use of it in
their collection to the Public about two years ago,
which has induced several persons (three of whom are
known to the Proprietors) to issue a Candy made
to look like and called by the same name as the
true article, but in quality and composition differ-
ing from it in every respect.
The Subscribers would caution the public
against such fraud as no person makes, or can
make, the genuine article, and further, the
composition which they give the Confectioners to
form into Candy is prepared as to defy any
attempt of Chemical analysis.

In future, as heretofore, each package of the
Goods will be accompanied by a Card with the
signature of the Proprietors, FELLOWS &
CO., without which none can be genuine.
