Secretary,
Halifax, 20th June 1913.

A contract has just been made with
the Canadian Electric Co., of Amherst,
to supply 20 miles of telephone service,
to extend over the entire length of the
Ship Railway, and to include five of the
Electric Company's improved long distance
telephones. The contract amounts
to about \$1,400, and is to be completed
within three weeks. - Amherst Record.

It is understood that the contract for
the new Atlantic mail service, undertaken
by the Messrs. Anderson, of London,
was signed last week. The contract calls
for a fleet of steamers of a speed of
twenty knots, capable of performing the
journey between the terminal points -
Quebec and Plymouth - in six days, and
of a tonnage of 6,000 tons, Halifax to be
the terminus in winter and Quebec in
summer.

Official returns furnish the fact that
during the first six months of the
current year 50 immigrants, 15,323 immi-
grants having arrived at Winnipeg. This
is a good show for the period named, and
it may be reasonably inferred from this
and other facts that the census of 1891
will mark a great increase in the num-
bers finding homes in Canada's great
North Western Provinces over those in-
dicated by the last census.

A mine of variegated or colored
marble has been discovered in Walton,
Hants Co., which bids fair to become a
source of wealth to the province as well
as to the owners. Orders, it is said, have
been given for a quantity of this material
for the interior decoration of the new
seventeen story building about to be
erected in New York for the World
newspaper. This marble receives a high
polish and is well adapted to building
and decorative purposes.

Last week's Boston Herald says:
"A number of fishing smacks, which
went out from Boston for mackerel last
Saturday returned with less than a barrel
each. The fishermen are getting dis-
couraged, and the majority of them are
beginning to realize the fact that they
must go into some other business if they
expect to support themselves and their
families during the coming fall and win-
ter months. From Nova Scotia fishing
grounds are as unfavorable as those along
the New England coast.

The exports for the week ending
July 11, by the steamers from Summ-
side to Point du Chene, were 633 cases
eggs, \$2,479; 22 cattle, \$685; 2,293 bush.
eggs, \$225; 97 sheep and lambs, \$215;
32 hogs, mackerel, 241 barrels, \$215;
miscellaneous, \$293; total, \$9,653 (to the
United States, \$4,073; Dominion, \$5,580).
This brings up the grand total for the
season to \$218,179, of which \$75,705 went
to the United States, \$111,568 to the
Dominion, \$22,905 to the West Indies
and \$8,901 to Britain.

Returns of British trade with Canada
are fairly good. The exports to Canada
during June decreased 10.82 per cent, as
compared with June, 1888; the total for
the half year, \$2,439,694, being a de-
crease of 1.24 per cent. The largest de-
cline is in hardware and lumber, from
Canada increased 11.16 per cent during
the month, the total for the six months
being \$1,303,225 - an increase of 10.53
per cent. The largest increases were in
oils, flour, cheese and wool. There was
a large decline in wheat.

There are 1,800 men at work be-
tween the Cape Breton and Shelburne on
the Cape Breton Railway, with a large
force at work on Grand Narrows bridge,
and it is expected that the line will be
in operation by winter. Work will be done
at night on the Grand Narrows bridge by
means of the electric light. The Halifax
Herald says it is understood that the
road will be operated as an extension of
the Intercolonial, the division of which
it will form part in charge of F. D.
Laurie, late superintendent of the
Eastern Extension.

"Pay as you go and get what you
pay for." - Leonard Homans, late Act-
ing Director of the Metropolitan Police,
and author of the American Experience
Table of Mortality, in a recent letter to
The Monetary Times, says: "The level
premium system has its advantages and
its disadvantages. It is a combination of
the two systems, which is quite a new
thing, and which is quite a new thing.
Investments, which is quite a new thing.
Each man can choose for himself, whether
he prefers to pay for insurance as he gets
it, or whether he prefers to pay largely
in advance. The one is as sound in theory
and as safe in practice as the other."

J. W. Woodworth of Revere, Mass., writes,
"Laurel Creek, from toothache, one ap-
plication of your 'Lemon Cure' cured me.
I found it very valuable in Pneumonia, Head-
ache, &c."

UNITED STATES.
The past six months has been the
most disastrous period for United States
railways since 1885. Eight roads, with a
total length of 2690 miles, were bank-
rupted. There were also eight foreclos-
ures during that period.

The largest natural gas well ever
struck is near Bell Vernon, twenty-six
miles from Pittsburgh, Pa. It is yielding
400,000 feet per day, under the pres-
sure of 800 pounds to the inch. The
discovery of this well is regarded as sig-
nificant of an unlimited supply of this
useful product.

BRITISH AND FOREIGN.
A company of English capitalists is
to build a railway across the State
of Honduras, Central America, from the
Atlantic to the Pacific. The railway will
greatly increase English influence in the
Republic and is looked upon in some
quarters as looking toward the coloniza-
tion of that part of Central America
by Britain.

The new railway bridge over the
Dee, which Her Majesty is to declare
open on the 22nd of August, is said to be
the next largest swing bridge in the world,
the largest being at Leitrim, with a
span of 120 feet. It has a swinging girder
of 287 feet in length, height 16 feet and
clear width open span 140 feet, with
two fixed spans of 120 feet each. The
bridge will form the connecting link be-
tween the Manchester, Sheffield and Lin-
colnshire and the North Western Rail-
way systems and the Gr. Western.

LADIES - New York Domestic Paper
Patterns are more dressy, better fitting,
and more easily put together than any
others. Send 5 cents in stamps and I
will mail you a catalogue (16 pages) of
Spring 1893 styles. W. H. BALL, 25
King street, St. John, N. B.

The leading article in the August Mis-
sionary Review of the World on Islam
and Christian Missions is one of great
ability. It covers 17 pages. Rev. J. C.
Braze has a paper of deep interest on
evangelical work in France. Dr. Pierson
writes in his usual earnest and eloquent
style on the Attitude of the Papal
Church towards Progress, and on Spain,
the Land of the Papal Inquisition. The
seven other departments as usual are
full of intelligence and correspondence
brief papers and statistics from all
parts of the world-field, gathered, an-
alyzed and arranged with great care and
skill. Published by Funk & Wagnalls,
18 and 20, Astor Place, New York; \$2
per year; 25 cents for single numbers.
In clubs of ten, \$1.50.

Marriages.

BREWSTER-BISHOP. - At the Baptist
meeting house, Harvey, July 15, by Rev.
J. W. Brown, B. A., wedding of Brewster,
and Annie P. Bishop, both of Harvey,
Albert Co.

ROBINSON-WALSH. - At the residence
of the bride's father, at Wilmont, on the
17th inst., by Rev. Jos. A. Cahill, George
W. Robinson, of Wilmont, Aylesford, to Lucy
Secord, daughter of James Walsh, of
Wilmont.

POTTER-POTTER. - At Smith's Cove,
Digby Co., N. S., on July 16, by Rev. J.
L. Read, Anthony Potter, Esq., of Mrs.
Lucinda Potter, widow of the late John
D. Potter, Esq., both of Clementsport.

Deaths.

EMERSON. - On the 5th ult., at Grove
Lake, Minnesota, U. S., Maria Tove
Emmerson, aged 82 years. Deceased
and her husband, the late John Emmer-
son, were among the early Baptists of
the North West Miramichi. They were
the parents of the late Rev. R. H. Em-
merson, of Moncton.

EMERY. - Lavinia A. Emery, widow
of the late J. Emery, Esq., of Portland,
U. S., and daughter of the late Theodore
Shaw, sweetly fell asleep in Jesus July
8th, aged 42. For many years she has
been a consistent member of the Hants-
port Baptist Church. She possessed the
happy faculty of being cheerful under
all circumstances, and even when suffer-
ing as she did long and severely of a
bright, beautiful spirit of courage,
patience and love for Christ shone out
amid it all. She has left us and we sadly
miss her.

LAMONT. - At West River, P. E. I.,
July 9, Donald Lamont died after one
week's sickness, aged 79 years and 7
months. Our bereaved family are a con-
sistent Christian life for over forty years.
Thirteen years ago he buried his wife,
and was left with four children, the
youngest eight years old. He has lived
to see them grow to be men and women,
and three of them professed Christians.

He will be universally missed by his
family, by the church, and as a good
citizen. He is one of the men that "be-
ing dead yet speaketh." His orphaned
children have the sympathy of the
entire community in this time of bereave-
ment. May the Lord bless them,
and may he raise up others to take our
brother's place in the church. An un-
usually large concourse of neighbours and
friends gathered to pay the last sad tri-
bute of respect, and to lay his remains
away against the resurrection of the just,
with sure and certain hope.

McKINLAY. - At Kingston, P. E. Island,
June 5, Deacon Allen McKinlay, after
laying in an unconscious state for twenty-
four hours, from the effects of a paralytic
stroke, died, seventy years old. Over
thirty years ago Brother McKinlay made
a profession of faith in Christ, and joined
the North River Baptist church; until his
death he remained a consistent mem-
ber. For many years our brother had
been laboring to build up an interest in
Kingston, a branch of the North River
church. His labors were owned and
blessed of God. He was full of good
works, and was fully devoted to the
Baptist denomination. Largely through
his efforts a house of worship was built
at Kingston, praver-meeting established,
and a Sabbath-school run, of which he
was the honored and loved superin-
tendent. Without pain or suffering he
was suddenly taken away. The blow
was a severe one, coming so suddenly
and unexpectedly. He leaves a wife and
large family to mourn. May the Lord
sustain them.

BALCOM. - At his own home Paradise
N. S. June 6th, of consumption, Deacon
W. H. Balcom, aged 55 years. Leaving
a wife, five sons, two daughters and nu-
merous relatives to mourn their loss.
Deacon Balcom was a man of stern in-
tegrity and sterling worth, hospitable
in his home, kind to the poor, genial in
society; leading in all good enterprises
with a devout spirit, he was esteemed by
all who knew him. It was a plea-
sure to converse with him upon experi-
mental religion having embraced the
doctrines of grace he rested in them
and they were his joy and rejoicing, and
never failed, carry him above the tempt-
er's doubt or to keep him in the rest of
faith. The church of God was upon his
heart and received the warmth of a
soul kindred with the love of Jesus. For
his labors were abundant and those who
langued to his words of earnest appeal
and soul stirring prayers will not soon
forget him or cease to mourn that a
strong man in Israel has fallen. May
the mantle of his devotion rest on some
one who will be a pillar in the church
and a power of good, and mourners find
the gospel not small unto them.

period of five years, giving also full specifi-
cations of the vessels to be employed and stating
the earliest period at which they will be
preparatory to commence the service. The
Minister will accept the lowest and best bid him-
self to accept the lowest or any tender.

As regards the services marked B and C, persons
desiring to offer to perform the same with
steamers of less capacity and speed than
those mentioned, or with additional tonnage,
specifying the speed and capacity of the boats
which they desire to offer, and the condi-
tions above specified are those fixed by the
Government.
