

McDonald Gains Twenty Pounds

Could Hardly Raise Hand To His Head — Rheumatism Leaves Him After Tanlac Builds Him Up.

"If there was ever a time in my life when I felt better than I do since taking Tanlac I can't remember it," said Rod O. McDonald, the blacksmith, living at 4 Ounard street, Halifax, in telling of the remarkable results he has obtained from the medicine, recently.

"That spell of flu I had last fall," explained Mr. McDonald, "left me with stomach trouble and rheumatism and so weak and rundown that I couldn't shoe three horses without being completely exhausted. I had no appetite and my stomach was so upset that even the sight or smell of food would nauseate me. I would often leave the table without eating a bite and when I did eat anything it seemed to do me little, or no good, as I fell off twenty-five pounds in weight. My nerves were so shattered that I would wake up at all hours of the night, never getting a sound sleep, and felt so bad in the mornings that it was all I could do to get off to the shop. And besides I just hurt all over with rheumatism. My legs, arms and shoulders seemed to ache clean to the bone. My joints would get so stiff I could hardly bend them and in damp weather, especially, I couldn't make a move without just suffering agony. There was a constant pain in the small of my back and my arms and shoulders were so stiff and painful that it was difficult for me to raise my hands up to my head. I was so stiff and aching in the mornings that I had trouble getting my clothes on and between the rheumatism and that tired, worn-out feeling I was just about 'all in'."

"Just before I started on Tanlac I had made up my mind to stop trying to work and go to the country and see if that would help me, for I was getting worse all the time. In the mean time I ran across a Tanlac testimonial that described my case so well that I concluded to see if the medicine would help me. Well, it has not only helped me, it almost made a new man of me. I have taken six bottles now and have gotten back twenty pounds of my lost weight already. My appetite is great and I am eating three hearty meals a day and my stomach never troubles me the least bit. And as to the rheumatism, I haven't had a touch of it since I finished my second bottle of Tanlac. I believe it has left me for good for I can work ten hours a day and never feel a sign of it. I can go to bed at eight o'clock at night and sleep like a log until six in the morning. All that tired, weak feeling is gone and I can now shoe an average of twelve horses a day and still feel fine. I don't feel the effects of the flu now any more than if I had never had it. In fact, I am just feeling fine and can recommend Tanlac as by far the best medicine I have ever used."

Tanlac is sold in St. John by Ross Drug Company and P. W. Munro, under the personal direction of a special Tanlac representative. (Advt.)

FINISHING THE JOB SAYS SUNNY PRINCE

His Royal Highness Fondly Hopes Every District Will Win His Flag.

The bridge between war and peace is the apt designation by H. R. H. the Prince of Wales, of the Victory Loan 1919.

The smiling Prince whose personality has captured Canada from Coast to Coast is much interested in the reconstruction plans of the Dominion. As an incentive to Victory Loan workers he has graciously consented to the use of his Coat of Arms on the flag which is to be the prize of honor for districts achieving their quota of the loan.

His Royal Highness in giving this consent expressed his pleasure in being associated with the loan for "finishing off the job" and he added the hope that his flag would be won by every district.

"The Prince's flag" was dedicated at Ottawa on Labor Day. It is exceedingly handsome. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms. It will be an appropriate memento of Victory year as well as a most desirable souvenir of the Royal Visit.

The Victory Loan organization has divided the Dominion into canvassing districts each of which has been allotted a certain amount of Victory Bonds for disposal. The district must sell its allotment to win the Prince's flag. Many districts will greatly exceed their quota for which additional crests will be attached to the flag. Every Canadian should adopt the motto of the Prince, "I serve" for the Victory Loan 1919. That will insure the success of the loan which means so much to the nation and each individual citizen.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:—

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking, and beautiful in design, this flag will form not only a unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left corner is the Union Jack, and in the lower right corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches for small cities, towns and villages, and 7 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each district. Other districts have been determined by population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell its allotment. That is the one and simple way to win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple way to win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple way to win the Prince's Flag, therefore, a district has to sell its allotment.

Anticipating that many districts will win their allotment, the organization de

twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve"
Will You also Serve?
