

# FOR AND ABOUT WOMEN

With the V.A.D. have definitely closed their diet kitchen, and members of the Order are realizing after the long strain of six weeks, many still come to Mrs. Kuhring for aid and assistance.

The Board of Health, acting on the advice of officials of the V.A.D., engaged a district nurse, whose services are available when applications are made through the Board of Health. It must be remembered that the V.A.D. are voluntary aid workers, and were unused to long hours of steady nursing. In many cases there were no professional nurses' names available as nurses, and the voluntary helpers, filled a very great need. One helper nursed 34 cases. The Division did not cease their

efforts until the Parks Epidemic Hospital was well able to receive patients and it is now possible for whole families to be taken there unless there is a recurrence of the epidemic.

An interesting letter has been received by Mrs. G. A. Kuhring, from her daughter, Miss Grace Kuhring, who is on the motor convoy in France. The letter describes the recent visit to Trouville of Princess Mary, who is making a tour of the V. A. D. in France. She is herself a commandant of a V.A.D. Division, and wears the grey uniform.

Princess Mary was accompanied by a lady-in-waiting and by Miss Crowdy, who is head of the V.A.D. in France. Her Royal Highness had lunch and dinner at the home in Trouville and

inspected the motor convoys. Miss Kuhring's motor was ornamented with a Maple Leaf, and Princess Mary commented upon it very graciously. "Princess Mary is described as very sweet and charming with the unaffected grace of manner which marks the Royal Family of Great Britain. Her visit was greatly enjoyed, and all who met her were delighted with her genuine interest and kindly nature."

Bright with Christmas wreaths and sprays of holly the "Gift Shop" held by the Loyalist Chapter, I. O. D. E., presented a very festive appearance. It was opened on Saturday morning at ten o'clock, and from then until the time of closing the room of the Bible Society on German street, was thronged with numbers of patrons. The wreaths of spruce and the

beautiful holly which came from Victoria, B. C., were a special feature and drew great selling-articles. A committee of the chapter have been making these wreaths and they are most artistic. "Dainty" and useful articles were seen on the fancy work table, while the home cooking table was equally popular.

The financial result is reported to have been very satisfactory indeed. The tables were in charge of the following members of the Chapter assisted by others: Baby table—Mrs. George Blizard; Home cooking—Miss Muriel Sadler; Novelty—Mrs. Muriel Ford; Fancy work—Mrs. Rudolph DesBrisay; Aprons—Mrs. Frances Kerr; Freshies and Holly—Mrs. J. L. McAvity; Miss Clara Schofield.

## MEMORIAL SERVICE HELD AT ST. LUKES

Twenty-four Members of Congregation Lost Their Lives at the Front—Sermon by Rev. R. P. McKim and Special Music.

St. Luke's Church was filled to the doors last night when a memorial service for the men of the church and congregation was held. Twenty-four of the heroes who went forth from that church have paid the supreme sacrifice, and lie "In Pioneers Fields" and it was to pay tribute to their memory that the service last night was held. The band of the Depot Battalion was present and after the last post had been sounded, played the "Dead March in F Major." They also led the hymns and played during the taking of the offering. Special music was provided by the choir, under the leadership of Mr. Brimfield.

## A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is tongue coated, breath feverish and stomach sour?

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," that don't worry because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

## AN ABLE SERMON ON RECONSTRUCTION

Prof. Allan Hoben of Chicago University Occupied Ludlow Street Church Pulpit Last Evening—Returned from France Saturday.

A feature of last evening's services in Ludlow Street United Baptist Church, West St. John, was the able sermon delivered by Prof. Allan Hoben, M.A., Ph.D., of the University of Chicago, who is just returning from France, where he spent several months with the American forces as Y.M.C.A. divisional commander. Doctor Hoben delivered a very interesting discourse from a philosophical and ethical point of view on "Reconstruction."

His sermon dealt with the part which the church would play in the struggle for reconstruction; but, not only did he touch on the work of the church alone, but on that part which the state would eventually play in the new process hereafter, an interesting discourse from a philosophical and ethical point of view on "Reconstruction."

Tracing the cause concisely, the speaker held that the main cause of the struggle was "Right," this alone, he contended, had called the men of blood and sinew to the front, and actuated by the principle that "Right Alone was Right," they went forth to battle for it. In such action, these warriors had lost the conception of the true worth of money, this was needless to them, and they would eventually remain in civil life again, for the sake that money alone is not the requisite of the day—the requisite was "Right" and upon returning homeward they would demand in the history of the world.

He thanked God for every tear of sorrow which had been shed, for he believed the nation was the better for the sorrow, and through sacrifice had grown more like God. He thanked God, too, for every cry of gladness when loved ones had come back safe from the dangers of the battlefield and he hoped that some day the courage, devotion and splendid heroism of all those who went and had given their lives would be told, and this story would bear witness to what had been done by the boys over there, and the women over here.

## SUNDAY EVENING SOCIAL ENJOYED

Many Returned Soldiers and Sailors Given Reception After Evening Service in German Street Church.

The members of the German street Baptist church, knowing of the presence of many soldiers in the city who arrived here on the Minnedosa, Saturday, and some others reaching the city from Halifax, having come over on the Olympic, invited the boys to the church last evening, along with a number of "Jolly Jack Tars."

A reception was held in the church for the interests of the boys after the evening service, Mrs. Dr. Brown and George Dismant sang two solos which were much enjoyed, and the ladies joined in the service "sing song" and right heartily enjoyed the occasion. After this a good line of refreshments were passed around, and the boys voiced the opinion that they had had a jolly time, and were very grateful to the members of the church for their kind invitation.

Russell Kennedy, Centerville, N.B., reached the city a short time ago and has entered the employ of the Canadian Pacific Railway. He is a former student of the University of New Brunswick, but due to the call of his father and other brothers overseas in the Canadian Expeditionary Force he sought work in the city, and on the return of his father and brother will enter McGill College to take up dentistry.

"Because he keeps ahead, while the conductor is always behind."

## CAPE FAIRWEATHER ARRIVED SATURDAY

Done Splendid Work While at the Front—Promoted and Honored With Military Cross While at Vimy.

Capt. J. H. A. L. Fairweather, M.C., who crossed overseas with the 5th Siege Battery, under Major Barker, arrived in the city Saturday, on the Minnedosa. Since going overseas Capt. Fairweather had made an enviable record, having won the M.C. for his splendid work at Vimy in the summer of 1917, and his promotion from the rank of lieutenant to that of captain.

He served with No. 4 from July, 1916, at which time that unit crossed to France, for one year. He was then transferred to the heavy artillery and for three weeks was with Major, now Lieut.-Col. F. C. Mearns. While with the heavy artillery, he saw service at Lens and Passchendaele, and won the Military Cross for his gallant work.

In November of 1917, he was given leave to England and was decorated by the King at Buckingham Palace where for six months he was engaged in instruction work with Prof. Stevenson, of the U. N. B. After spending six months in England he was once more sent to France. For a short time he was attached to No. 11 Siege Battery and was then transferred to No. 10, the McGill unit, as captain, and served with them until August 24 of this year when he was wounded.

For two months he was in hospital and was just about ready to return to France when the armistice was signed and he took the first opportunity to come home.

## THE FIVE CHILDREN

Wholesome Cough At The Same Time.

Wholesome cough is one of the most dangerous diseases of children, especially to those under five years of age. It first starts with a fever and cough, sneezing, watering of the eyes and an irritation of the throat. Later the coughing increases, the child becomes livid in the face, the eyes appear as if they would burst from their sockets, and suffocation seems imminent. The relief is brought by the "whoop."

On the first sign of whooping cough we would advise the use of Dr. Wood's Norway Pine Syrup. This famous remedy will clear the bronchial tubes of the collected mucus and phlegm, and in this way ease the racking cough and in a short time make it disappear entirely.

Mrs. Walter McLaughlin, North Bedford, Sask., writes:—"I have five children, the eldest thirteen and the baby two years old. They all had the whooping cough at the same time. I tried two or three cough remedies, but none gave the same satisfaction as Dr. Wood's Norway Pine Syrup. A cough where there are young children should never be without it. I will highly recommend it to those who want a quick cure."

There are many imitations of Dr. Wood's Norway Pine Syrup, so be sure you get the genuine by insisting that the package is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c, and manufactured by The T. Milburn Co., Limited, Toronto, Ont.

A Helpful Scheme. "We want you to be treasure of our club."

"I am honored. How much have you in the treasury?"

"Well, we have a deficit just now, which we thought perhaps you would make up."

UNIQUE MRS. CHARLIE CHAPLIN

(FORMERLY MILDRED HARRIS)

The most famed comedian stage or screen has ever known is Charlie Chaplin, and his romantic secret marriage to Miss Mildred Harris has set the whole world talking. Everybody wants to see the girl the Million Dollar Comedian married. Although not as internationally known as her talented husband, Miss Harris has made a name for herself in her particular line that is second to none. The rumor of her retirement from the screen will bring expressions of regret from thousands of admirers who have witnessed her appealing characterizations in past performances. In view of this, we are presenting for our patrons one of her great roles, the screen version of Mary Pickford's novel "K." Known as "THE DOCTOR and the WOMAN"—an absorbing tragedy of hospital life—an intimate, dramatic picture of the love of two great doctors for one woman. DON'T MISS BEING "CHARLIE'S" BRIDE!
