

Impressive Service At St. Paul's Church

Bronze Tablet and Honor Roll
Were Unveiled Yesterday
Morning by Senator Thorne
— Sermon by Archdeacon
Crownfoot.

A memorial service was held in St. Paul's Church yesterday morning when a tablet and honor roll were unveiled with due solemnity and appropriate music.

The tablet and honor roll are the gifts of Senator Thorne. During the morning service the choir marched down the aisle chanting part of the burial service. They were followed by the Rector, Rev. Archdeacon Crownfoot, Senator Thorne, Colonel A. H. H. Powell, Lt. Colonel Alex. McMillan, Lt. Colonel W. H. Harrison. Senator Thorne unveiled the tablets, making a brief speech regarding those who had made the supreme sacrifice and those who had given their services to their country and whose names are inscribed upon the honor roll.

The Honor Roll.

The bronze tablet to the fallen is placed on the south side of the church near the entrance. The following are the names on the tablet: Nelson McCain, Gilbert Seeley, John Thorne, James Murray, John Thorne, Percy Clayton, Norman Leavitt, Bourne, Frederick Albert Buckley, Edwin Leroy Arnold.

On the honor roll, placed on the north wall, are the following names: Eric Barber, Frederick Barker, Harry Barker, Louis Barker, John Bradley, Arthur Buckley, George Buckley, Lewis Buckley, John Campbell, Lloyd Campbell, Frederick Carlson, John Chandler, Carroll Oudip, Edward Day, Richard Day, Thomas Dean, Herbert DeVoe, Arthur Dick, Oliver Duncan, Frank Dunham, Frederick Edwards, Alder Evans, Walter Evans, Henry Evans, Walter Evans, Arthur Gandy, Hasland Gandy, Alfred Garnett, James Gaulton, Donald Grim, Ernest Gunn, Harry Gunn, Frank Hamm, Matthias Hamm, Ernest Hammond, King Hazen, Arthur Hickson, Bertram Hooper, Douglas Hooper, John Hunter, R. K. Ingraham, John London, Samuel London, Roy London, Archer Manks, James Magee, Frederick MacLaughlin, Warren MacPherson, Hartley McLean, Frederick McLean, Douglas Martin, Arthur Milton, George Milne, Roy Milne, Arthur Milton, John Nuttall, Gordon Nuttall, Gordon Pardee, Frank Peacock, William Peacock, Thomas Powers, Robert Rankine, Frederick Rickwood, Ronald Ritchie, William Ross, Gordon Sargeant, Frederick Shaw, Guy Short, Fred Stevens, Robert Strong, Peniston Starr, Shirley Taylor, Thomas Taylor, Robert Turner, William Turner, Edmund Tucker, John Triton, Gordon Vail, Roy Vail, Francis Walker, Barton Weimore, Edward Whitehouse, John Whitehouse, Doris DeVeber, Edith Tiley Hegan, Marion Magee, Edith May Schofield.

The Sermon.

The sermon was preached by Archdeacon Crownfoot who took as his text "I count not my life as dear unto myself." Acts 20, 24. After voting his regret at the absence of Major Hooper, the preacher said in part: "Palm Sunday, 1920, was ever be memorable in the annals of St. Paul's Church. As long as this church remains we shall not cease to regard the two memorials, which have been unveiled this morning, as among the most precious of our treasures. The memorial to the fallen with its chaste simplicity of design will ever remind all who look upon it of the quiet and unassuming lives of those whom it commemorates.

"Note the dominant characteristic of this memorial. It speaks of victory. From the haloed cross at the head to the triumphant text at the foot, there is but one thought: 'Death is swallowed up in Victory.' Surely we are rightly interpreting the feelings of those brave men whom it commemorates when we thus on shrine their memory. They would be the last to have us sound the note of sadness or regret. They gave gladly and to them belong the joy that accompanies all giving. We will not forget them. When we come to the House of God we shall think of them. When we say our prayers we will say a prayer for them, and when we draw near to the Altar, we shall know we are very close to them for we believe in the Communion of Saints.

"Now pass on to the Honor Roll and as we look at this beautiful work of art, it is good to know that we are indebted to a member of the congregation of this church for both the design and the skillful and artistic way in which it has been executed. If the word for the memorial to the fallen is 'Victory' then I think the word for the Roll of Honor is 'Service.' On a scroll at the top of the centre panel are the words which I have taken as

CONSTIPATION or COSTIVENESS

Constipation, although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver.

There is nothing more productive of general ill health than constipation of the bowels, and a regular action is absolutely essential to general health. One of the most common, painful and troublesome troubles call to mind constipation is piles, and unless the bowels are kept open by the use of a good laxative such as Milburn's Laxa-Liver Pills the whole system will be poisoned and many different complications of disease arise, so if you would be well, keep your bowels regular.

Mr. A. Roder, Hastings St. E., Vancouver, B. C., writes:—"I desire to express my thanks for what Milburn's Laxa-Liver Pills have done for me. I had been suffering from constipation for two years, and also had a bad cough and headaches. I tried all sorts of cures and remedies, but got no relief until I was advised to try your pills. I got great relief after the first few doses."

Get Milburn's Laxa-Liver Pills when you ask for them or send 25c, and they will be sent by return of mail by The W. B. Milburn Co., Limited, Toronto, Ont.

CONVENTION OF "VETS" CLOSED SATURDAY EVE.

Granting of Financial Assistance to Returned Soldier Students, Many of Whom Need Aid.

Montreal, March 28.—The Dominion Great War Veterans' Association convention closed Saturday afternoon at five o'clock after a day spent in two sessions that handled largely the passing of many resolutions. In the morning there was an attempt by British Columbia, backed by other delegations, to reconsider the "open door" policy adopted on Friday. Most of the Ontario delegates had left and the move to rescind the policy was defeated by an overwhelming majority.

Another resolution declared against the employment of instructors in institutions of learning of persons of German origin, thought or sympathies. A resolution was passed on education in which it was urged that financial assistance should be provided for returned soldier students of whom 4,000 are now in Canadian Universities of whom it is estimated about 60 per cent. could readily establish the need for such financial assistance. It was stated in the resolution that the average individual cost would not be more than \$500 a year.

An important resolution on natural resources was also passed, in which the Dominion and Provincial Governments were urged to take steps to preserve such resources for the people of Canada and to prevent their being exploited for private gain. The Federal authorities were asked to take up the development of Canadian natural resources by tabulating the mineral and other resources of the unexplored parts of Canada, and by training the necessary number of returned soldiers without delay.

To Assist Miners. Having regard to the increasing amount of idleness among Nova Scotia miners, especially at Sydney Mines, the Canadian Government was urged to instruct the Canadian National Railway Board to buy, as far as possible, Canadian coal so as to ensure full employment of the miners. It was resolved that "this Assembly memorialize the Governor-in-Council of an immediate investigation into the status of all concessions and crown lands in Yukon Territory."

Protection of miners and prospectors, rights of returned soldiers which have lapsed since they enlisted were also urged by resolution. The establishment on the Pacific and Atlantic coasts of a training school for the training of men to engage in deep sea trawling fishing, by providing a number of suitable vessels fully equipped for the purpose was also passed by resolution.

The Dominion Executive and a delegate from each province of the Dominion of the G. W. V. A. left here tonight for Ottawa and will tomorrow present to the Government the petition favoring a cash bonus gratuity to every member of the Canadian forces totalling from a maximum of \$2,500 to a minimum of \$1,000.

My text. We have placed them there for two reasons. They voice the attitude of those whose names are recorded below, men and women who served their country in the recent war. We found it impossible to make any distinction. "All service ranks the same with God." All showed that they were ready, if need be, to give their very lives that others might be helped and that the world might be free.

"This motto has a present and future significance and is not merely a description of the past. It voices an ambition which must be kept before us if the lessons of the war are not to be lost. For the same spirit which prompted men and women to their services to their country is needed by their country today. The call to self-sacrifice has not ceased to sound now that peace has been concluded. If anything the call is louder and more insistent than before. May we one and all remember that in the service of our country we must stand shoulder to shoulder. Let us put our country's interests before our own, the service of our neighbor before the satisfaction of our self and the cause of Christ before all.

"On the central shield there is emblazoned the arms of the Empire and on them a golden maple leaf for Canada. See where that maple leaf has been painted, right at the centre of the Cross. If Canada is to be great, as we all pray she may be, it will be only because in her life, at the very centre of her being, and in the hearts of all her citizens is the Cross of our Lord and Saviour Jesus Christ."

MANY KILLED AND SCORE INJURED BY

Tornado Which Swept Illinois Yesterday Doing Considerable Damage in Chicago and Other Cities.

Chicago, March 28.—A score of persons were killed and a hundred or more injured today in a tornado that swept the country, and damaged a number of towns north and west of Chicago as well as ravaged some of the city's north-western suburbs. The property damage ran into millions of dollars, including the demolition of many buildings, and the raising of telephone and telegraph lines. Communication with rural regions was for a time cut off.

Aurora, Ill., and Chicago electric railway officials said one of their motormen reported that the tornado centered in the heart of Elgin.

An Associated Press correspondent, en route to Elgin, filed a special from Wilmette, Ill., that Wilmette and other North Shore towns were hit by a tornado and that several persons were hurt at Wilmette. All the houses on one street in Wilmette were reported blown down.

Fifteen persons were killed by the tornado in Melrose Park, a suburb of Chicago, according to reports received here. A number of buildings were said to have been blown down. A report from Evanston, Ill., North of Chicago, said a church had been badly damaged and a number of persons injured.

Mr. Ward responded in a brief yet neat address of appreciation. Mr. Ward was also the recipient of other birthday gifts as well as telegrams of congratulation from members of his family who were unable to be present.

Where Belts Meet Dampness!

Goodyear Extra Power Belt Delivers Power and Lasts

Damp or wet belts usually slip more easily than dry belts.

Water and moisture form a thin film between pulley and belt.

Here "Extra Power" Belting especially displays its advantages.

Where there is water, moisture or steam—around the beaters in paper mills, for instance—Goodyear Extra Power delivers the power load just as under more favorable conditions.

Because Goodyear Belting has a rough friction surface which bites through the film of water and clings to the pulley, costly slipping is overcome.

Moisture rots belts, if it gets into them.

Goodyear Extra Power is rubber-sealed against moisture.

Not just enclosed in a rubber envelope.

The high-grade rubber in Extra Power is forced through and through the fabric, surrounding and protecting every strand, making the belt practically a solid unit.

That Goodyear Extra Power Belting is just as efficient and just as economical in damp or wet places as in other transmission uses, is proved by these satisfied users:

The Provincial Paper Mills of Thorold got 16 months' service from Goodyear Extra Power on a Jordan Pump where they had been getting about one month's service. They also say—"In the room where our beaters are located, the air is constantly damp. Here we have found Extra Power so superior that we use it exclusively."

Some other firms who will be glad to tell you of the satisfactory service of Goodyear Extra Power under damp conditions are:

Port Arthur Pulp & Paper Co., Port Arthur, Ont.
North West Laundry Co., Winnipeg, Man.
Dominion Pulp Co., Chatham, N.B.
Bathurst Lumber Co., Bathurst, N.B.

If you use belting, it will pay you to hear about the Goodyear way of supplying it. It will cost you nothing to have a Goodyear man call and show you how to overcome your problems. Phone, wire or write the nearest branch.
