

FROM ALL OVER THE MARITIME PROVINCES

FREDERICTON.

Fredericton, N. B., April 24.—(Special)—The city council at a special meeting this evening unanimously approved of Engineer Barbour's plans and specifications for water filtration plant and instructed the city clerk to issue call tenders for construction work. The tenders will close at 8 o'clock on the evening of May 25.

The city officers for the ensuing year were reappointed at the same salaries. Auditor McKay asked for an increase of salary from \$100 to \$220 and after some discussion consideration of the matter was deferred until the May meeting.

Ald. Odub White was appointed collector of taxes and miscellaneous licenses and is to receive five per cent on the amount collected. Ald. Everett and Hanson voted against his appointment. Ald. Colter wanted as well but City Marshal Roberts got the job.

It was decided to hold an election to fill the vacancies in St. Ann's and Kings wards on May 14, nominations to be made one week earlier.

Steamer Majestic, the first boat of the season, arrived at St. John at 4 o'clock this afternoon. She had a good cargo of freight, but only a few passengers. Capt. McLean reports having encountered a great deal of ice and many logs during the trip from St. John. He says that F. D. Miles and his crew are meeting with success in their efforts to catch and boom the logs.

A ball under the auspices of the Hospital Aid Society at Queen Hotel this evening was attended by a very enjoyable affair. The choruses were Mesdames R. W. Randolph, W. E. Smith and A. R. West. Some dancing was kept up until a late hour to excellent music provided by Hanson's orchestra. Landlord McCaffrey placed the hotel at the disposal of the society free of charge.

Some excitement was caused here this evening by a blaze in the basement of McMurray's stationery store. Queen street. Some refuse, which was piled near the furnace, caught fire and caused a lot of smoke but no serious damage resulted to the stock.

Edward Parlee, an aged resident of this city, has been missing since yesterday and anxious fears are felt with regard to his whereabouts. Mr. Parlee is a man of about 70 years of age and at the end of the highway bridge. He was engaged for some time in driving a truck in this city and lately has been residing with his son-in-law, Harry Belva.

Yesterday morning he was seen on the edge of the wharf behind Eaton's store. He and his wife were seen to enter a car and were seen to depart. He has not been seen since, it is feared that he may have fallen into the river. A search party of 200 men has been made on all sides of the city, but no sign of him has been seen.

Three Scott Act cases against residents of the city were acknowledged in the police court this morning, and a fine of \$50 and costs imposed in each case. Mrs. Maggie J. Wade, of Margueriteville, died this morning after a lingering illness from heart disease. She was forty-three years of age and was the wife of a well-known merchant. Her husband and family of four children. The deceased was a daughter of James Foster, of Margueriteville, and was married to Mr. Wade by one sister, Mrs. John Ward, and three brothers, Thomas and Nelson, in this city, and George W. Foster, contractor and builder of Margueriteville. The funeral will take place on Thursday afternoon.

Peter Stairs, a resident of Nackawick, was before the police court on a charge of assaulting his seven year old nephew, Stealy Stairs. It appears that the boy, since the death of his father, has been making his home with his uncle, and the latter, so the story goes, found him not long since amusing himself by playing in the street. In order that the lad would not again engage in the rather dangerous pastime, Stairs, it is alleged, hit a match and held it so close to the boy's finger that the flesh was scorched. The little fellow, so it seems, reported the incident to another uncle, who is a lawyer, and the latter communicated with H. B. Baines, father of the peace, who set the law for them.

Fredericton, April 25.—(Special)—The local government of the province were all re-appointed for another year. The highway superintendents were also appointed, changes being made in some of the counties. Lieut. Governor Snowball presided at a meeting of the board of education this afternoon. Among matters discussed was a proposal to unite seven school districts at Bellefleur, Grand Falls, and to establish a consolidated school. Owing to the absence of Dr. Pugsley no action was taken. Dr. Inch made an announcement of practical teachers' institute to be held at Chatham on the last three days in June. The governor will preside at the special meeting on the evening of June 28 and the speakers will include Premier Tweedie and Prof. Robertson.

ST. JOHN, THE EASTERN SECTION, AND THE MARITIME PROVINCES

Some Details of the Debate on the New Transcontinental —Hon. Mr. Fielding and Mr. Daniel at Odds Over the Language of the Agreement and the Preamble as Affecting Moncton and St. John.

St. John came in for much mention in last week's debate at Ottawa on the route of the Grand Trunk Pacific through New Brunswick. Some of the details are here reproduced from Hansard:— Dr. J. W. Daniel (St. John City) said: I do not intend to weary the speaker by a relation of a technical nature in regard to this matter or to go over the ground already covered in the House. I have several tables of distances and of the time required to travel from one point to another which I have brought with me and which I will refer to one or two points which most honorable members who are very directly interested in the question would consider to be practical. I think that my honorable friend from York (N. B.) (Mr. Crockett) has already referred to the matter and I will not weary the attention of the House. The honorable member for Carleton (N. B.) (Mr. Crockett) has already referred to the matter and I will not weary the attention of the House. The honorable member for Carleton (N. B.) FIVE GOLDEN R.

First—Eat only 3 1/2 day, 5 hours apart. It requires 4 to 4 1/2 hours a meal. This leaves 1/4 to 1 1/4 stomach to rest.

Second—Eat nothing ween meals. If anything is taken into the stomach while digestion is going on, it stops and may not start again for a day.

Third—Eat slowly chew food thoroughly. This insures food being well masticated and partially digested before it reaches the stomach.

Fourth—Drink little fluid with meals. The stomach gives out about 600 ccs. of gastric juice to digest each meal. You take another pint of tea, water, then the digestive juices are diluted to properly digest the food.

Fifth—Take one "Five Golden R." tablet about 15 minutes before meals, 4 or 5 a-days, 3 times a day, and you will see how much better you are in every way.

At all druggists.
