HEAD COMMITTEE ON SOLDIERS' PENSIONS

Organization Meeting Will Likely Be Held At Ottawa Tuesday.

OTTAWA, March 13.—(By Canadian Press.)—The special committee on pensions and re-establishment will meet for organization on Tuesday morning and regular meetings are expected to start about Thursday morning. On Tuesday the committee will probably decide on a plan of action for the sessions this year. It is expected at present that pensions act amendments will be the first phase of the work.

Hume Cronyn, London, will probably be chairman of the committee, and the membership, which is smaller and shows several changes from last year, is as follows: Messrs. Arthurs, Brien, Beland, Caldwell, Copp, Cronyn, Douglas (Strathcona), Edwards, Green, McGregor, McNutt, Morphy, Nesbitt, Power, Redman, Rose, Savard, Spinney, Sutherland, Turgeon, White (Victoria),

## A Ticklish Point

There is a trifling disadvantage to daily newspaper advertising which those who sell other forms of publicity use for all it is worth, and trust that the prospect will not reason too far to refute it.

That is: the absence of color. They point to certain other forms of advertising and say: "Look, you can show your, product big and in color so that he who runs may read."

That's good selling argument from their point of view. But stay! Is the running reader apt to gather the impression which the advertiser intends? May not the impression be too cursory? Will it be seen at all? The fact is that the daily newspaper is the Great Intimate Human Medium.

Insofar as the woman in the Home is concerned, it is her only point of contact with what is going on in the outside world. From the birth of a neighbor's baby to the marriage of a King's daughter it is her news mentor—the loom that weaves for her the knowledge of what is going on.

You know yourself when you are away from home how much it gladdens your heart to get a sight of your local paper. Do you read it-you do!

Well, just what your newspaper means to you, other persons' newspapers mean to them. If every paper in this country published a ten-line display advertising paragraph reflecting upon your integrity, do you think you could offset it by using all the billboards, street cars and circular advertising available?

Get the point?

The world could get along without billboards, street car cards, booklets, circulars and a thousand and one other forms of publicity, but it could not get along without its' daily newspapers.

This is the Time of Times for concentration upon Daily Newspaper Advertising. Daily Newspaper Advertising is the most powerful vehicle of publicity yet given to the use of man. It is the Alpha and Omega, the Beginning and the End of all successful advertising.
