

NOUVELLE LISTE DE PRIX DE L'OUTILLAGE AGRICOLE

Dans son dernier numéro LE PRIX COURANT a annoncé une baisse sur ces articles ; les manufacturiers canadiens ont dû pour éviter la concurrence des manufacturiers américains qui ont rompu leur combine, établir de nouveaux prix. Nous donnons ci dessous la liste. Nous avons maintenu les termes anglais, comme de tout le commerce d'ailleurs, car le temps nous manque pour en faire la traduction cette semaine et nos lecteurs pourront ainsi avoir la liste plus tôt.
