### Intramural Eligibility

**NOTICE TO ALL INTRAMURAL PARTICIPANTS  
AND TEAM CAPTAINS**

It has been brought to the attention of the Campus Recreation Office that there have been numerous incidents of individuals playing for teams that they are not eligible to play for. Here are some criteria for team captain's and participants to remember:

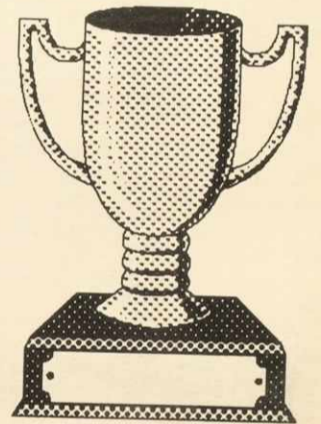

1. Individuals are eligible to play for only one team in a given league or sport, i.e., you can play for one hockey team, one men's basketball team, and one co-ed basketball team. Anyone playing for more than one team is breaking the rules and the team will be penalized.
2. You must live in Residence to play in the Residence Leagues (with the exception of the Alumni Rule).
3. Any team found playing an ineligible player will be awarded a forfeit loss for that game.
4. Any player playing under an assumed identity or not signing in will be considered ineligible.
5. It is the responsibility of the team captain to ensure that all his or her players are eligible to play for their team and properly registered with Campus Recreation.

In the past weeks Campus Recreation has received protests regarding eligibility of players in intramural hockey. Teams have been awarded forfeit losses for playing ineligible players. All teams should take the warning and ensure that your players are, in fact, eligible to play for your team.

For a full overview of Eligibility Rules, an Intramural Policy Handbook is available at the Campus Recreation Office at Dalplex, or phone the Intramural Supervisor to have your questions answered.
