OTTAWA, 19th May, 1902

Sir,

In further reference to your letter of the 19th March last urging the claims of Emmanuel College for additional assistance, I am directed to inform you that no provision has been made in the estimates for next year for an increased grant, or an additional number of pupils for this school. Consequently no change can be made in the present arrangement.

I may add that an item of \$2000.00 is provided for repairs and plastering and the Department will be willing hereafter to consider the question of making a further grant for repairs.

Your obedient servant,

Secretary

T. O. Davis, Esq. M.P.
