

Dr. Brandreth requests a perusal of the following article:—

LIFE AND DEATH.

Every thing has two distinct principles in its nature; one

THE PRINCIPLE OF LIFE;

THE OTHER
THE PRINCIPLE OF DEATH.
So long as the principle of Life predominates, Health is enjoyed. When the principle of Death, Success takes place. How is this accounted for?

By the principle of Death, I mean the principle of decomposition or decay, which is each hour going on in the human frame from the hour of birth to that of our final exit. While the natural outlets—the pores—the bowels—and all other excretories of the body, discharge these decayed particles as fast as they are generated, we are in a state of health; we are free from the presence of disease.

When, from breathing an impure atmosphere, living in the vicinity of swamps, or where we are in the constant habit of coming in contact with bad smells—effluvia arising from obnoxious accumulations of animal or vegetable refuse in a state of putridity, being cut off from a living body under the influence of disease in a malignant state; or sedentary occupations; or, in short, any causes which promote decomposition faster than the stomach and bowels and the other excretories can remove, naturally we are then in a state of disease. And should the cause which produces this state of the body remain, and nothing be done to drive these accumulated and accumulating impurities out of the body, the principle of death, or decomposition, will become permanent, and the last glimmering of life depart from the once animated clay.

How then, shall we counteract these death-depending influences? How?

PURGE!—Yes—*I say Purge!*
The magic in that word that yet be understood, if this hand or brain can accomplish so mighty an explanation. Yes, purge! be that pain in the head, the back, the bowels, the feet, the stomach, the side, the throat. Does it arise from internal or external cause—*I still say purge!*—For know this self-evident truth, that pain cannot exist, save by the presence of some impurity—some deposit of decomposed particles upon the organ or part where the pain is seated. And purging discharges this impurity by the bowels, and continuing the practice daily will cure every complication of disease; and will prevent any case from becoming seriously indisposed, even when in constant contact with the most malignant fevers which cannot by possibility seriously affect the body, if we are continually careful to preserve it in a pure state, by frequent and effectual purgation. Hippocrates says, "Purgation expulses what must be expelled, and patients find relief if, on the contrary, they are tormented by purgation, it is a proof there are yet matters which must be expelled."
The subscriber of this has resided in every variety of climate, had by always purging on the first appearance of sickness, has enjoyed for the last ten years uninterrupted health. For we may call such a state of him who is never sick more than 6 or 8 hours, about the time it takes to secure the effect of a purgative. The purgative I make use of is my grandfather's pills, and they are, to my certain knowledge, the most judiciously balanced purge in existence. I have used them for 8 months daily, in doses of from 2 to 16 pills per day, to satisfy myself as to their innocency. It therefore, cannot be doubted. It is my opinion, that any person, be he ever so prostrated by disease, provided he is capable of taking exercise at all, may lengthen his life to 60 years, by continuing to assist his natural functions with the BRANDRETH VEGETABLE PILLS. Death never can take place until the Principle of Decomposition puts out the lamp of life. And that would seldom be before 60 or 70 years, was this principle of purgation always resorted to on the first appearance of sickness.

In the hope that these remarks may be of some service, I am the public's obedient servant,
D. BRANDRETH, M. D.
Great caution is required to procure the genuine Brandreth Pills.
Druggists and Chemists are never in any place appointed Agents by Dr. B. All his authorised Agents have an engraved certificate of agency, signed by himself; unless this certificate can be shown, do not purchase. This caution is absolutely necessary to guard the public against spurious Pills.

PILES, &c.

HÆMORRHOIDS—NO CURE NO PAY!
Price \$1—Hay's Liniment—No Fiction.

This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invented with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals and the private practice in our country, and is used certainly for the cure of the Piles, and also so extensively and effectually as to baffle credulity, unless where its effects are revealed externally in the following complaints:—

For Dropsy—Creating extraordinary absorption at once.
All Swellings—Reducing them in a few hours.

Rheumatism—Acute or Chronic, giving quick ease.

Sore Throat—By cancers, ulcers or ulcers.

Croup and Whooping Cough—Externally, and over the chest.

All Bruises, Sprains and Burns—Curing in a few hours.

Sores and Ulcers—Whether fresh or long standing, and fever sore.

Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is "it acts like a charm."

THE PILLS.—The price \$1 is refunded to any person who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the Agents, and out of the many thousands sold, not one has been unsuccessful.

We might insert certificates to any length, but prefer that those who sell the article should exhibit the original to purchasers.

CAUTION.—None can be genuine without a splendid engraved wrapper, on which is my name, and also that of the Agents.

BALDNESS.

A BEAUTIFUL HEAD OF HAIR is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even shun society to avoid the jeers and sneers of their acquaintance; the remainder of their lives is consequently spent in retirement. In short, not even the loss of property kills the generous thinking youth, with that heavy sinking gloom as does the loss of his hair.—To avert all these unpleasant circumstances, LODRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors.

Read the following:
ROBERT WHARTON, Esquire, late Mayor

The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventive against the falling off of hair, but also a certain restorative.

It will certainly raise its virtues in the estimation of the public, when it is known that three of the above signers are more than 50 years of age, and the others not less than 30.

City of Philadelphia.

I, ROBERT WHARTON, Mayor of said city of Philadelphia, do hereby certify that I am well acquainted with Messrs J. P. Ingles, John S. Ferry, and Hugh McCurry, whose names are signed to the above certificate; that they are gentlemen of character and respectability; and as such, full credit should be given to the said certificate.

In witness whereof, I have hereunto set my hand, and caused the seal of the city to be affixed, this sixth day of December, 1857.
