J. G. PARKS,

PHOTOGRAPHER TO THE PEOPLE.

THE PHOTOS, STEREOSCOPIC VIEWS, &c., OF J. G. PARKS,

195½ ST. JAMES STREET, MONTREAL,

Are too well known to need any special commendation.

WE are glad to know that through the Country the people when they come to the City know that J. G. PARKS is the man to "secure their shadows ere the substance perish."

Six First Prizes Awarded Him at the Provincial Exhibition.

Special attention is directed to his NEW STYLE of PHOTOS, giving the effect of pictures taken on ivory.

Ever since the fall of Adam mankind have been running after their shadows, but are now going to J. G. PARKS to have them caught and made tenfold more durable than the substance which perishes.
