THE BROKEN CRUCIFIX.

(Continued from page 6.) How changed, how ethereal she seemed. The fair, health-tinted cheek was almost transparent, the large, dark eyes seemed weighted down under the waxen lids by the long fringed lashes that swept her cheeks, her hands crossed motionless upon her bosom, the spotless coil and sombre veil shrouding her figure marky, in the gloom, and above all brooding voice— peace that was ineffable, yet told of sufferings ended, anguish endured and sins absolved. At the head of the stier stood Mother Catherine, and as she gazed, "See this," she said, and lifting the corner of Sister Barbara's head and veil, I could see in the dim solemn light that her hair was white, silver white. It was enough. I sank upon my knees and sobbed out all the misery of those years.

"My son," said Mother Catherine to me at last, "if you have suffered has not Sister Barbara? Go now and make your peace with God and with holy Church. Go and remember that Sister Barbara has deeply repented and fully expiated the error of childhood, and that you had no right to nourish such anger against one whose sin was but the indiscretion of a childish maid, innocent of all worldly things." I took the hand of Sister Barbara's gown in my hands and kissed it, and went truly broken-spirited away, saying as I went: "I am going, Most Reverend Mother, but had I known of this Sister Barbara had not died. After all, as my dear Maurice said, 'there was not much to forgive,' no, not much, but I shall always beseech Heaven to pardon me."

I have lived a long while since then, friend Louis, a long and lonely life. Heaven will perhaps be good to me, and let me die soon, and feel myself forgiven before I die. Pierre held out his hand to me for the little broken cross. I wore a cross of the Legion upon my breast and by some impulse I now explained it and laid it together with the crucifix in his palm. "My friend, my Pierre," I said, "you have more right to the Cross of the Legion of Honor than I. Your battles have been long and bitter, fighting, while I have but fought for payment."

"Let us go into the house," said Pierre. We arose and went to the outer door. A change marvellous had come across the country; the glare of the sun was mellowed under a misty haze, a cool breeze softly fanned our faces, and even as we stood together some blessed rain-drops fell upon our grey heads. We both felt that Heaven was sending a benediction after a parched and thirsty warfare.

Temptations are the penalty of manhood; they are the sign of a progress upward. Only a moral nature can be tempted. Temptations are the appeals of the lower nature, the impulses to be untrue to one's highest vision, and to carry into a higher stage of life the characteristics of a lower. In the nature of the case, therefore, they do not separate us from God. Only yielding does that. There is no experience of human life that lies outside the sphere of His purposes of grace. God never meant our lives to be artificially screened from danger. The safe life is not the sheltered life, but the victorious life. Untested virtue is only a possible virtue. The process of proving is for the purpose of approving.

Remarkable Cure of Dropsy by Dodd's Kidney Pills

George Robertson, of Montreal, a Physical Weak, Restored to Splendid Health by the Great Kidney Remedy. Montreal, May 18.—(Special).—The case of George Robertson, of 392 James street, this city, is looked upon by those interested in medical matters as one of the most interesting on record. Mr. Robertson was a sufferer from Dropsy and was so bad that tapping was resorted to. Dodd's Kidney Pills cured him.

Interviewed regarding his cure, Mr. Robertson said: "I was troubled with Dropsy and Rheumatism for five years. I was a total wreck before I started to use Dodd's Kidney Pills. Before I got out of bed in the morning I could hardly put my feet on the floor, they were swollen so much from Dropsy. "My arms used to swell at times so that I could not put my coat on. Before I had taken two boxes of Dodd's Kidney Pills I felt greatly relieved. Seven boxes cured me completely. I had also Lumbago, but since I used Dodd's Kidney Pills I don't know what it is to be sick." Dropsy, Lumbago and Rheumatism are all caused by diseased Kidneys. There can be no diseased Kidneys when Dodd's Kidney Pills are used.

The run of cattle at the Toronto Cattle Market to-day was unusually heavy, but the demand for other than export cattle was weak. Prices were fairly well maintained. The market for exporters eased off somewhat in sympathy with Chicago. Exporters are still in good demand, and the trade was good. Other than show little change. Export Cattle—Yesterday's run of cattle at Chicago was heavy, and prices declined 10c to 20c per cwt. Prices of sheep and yearlings had an easier tendency, and prospects for these are lower. Spring lambs are about steady and other quot ions are about unchanged. Catholic Societies and American Hierarchy.

Cincinnati, May 11.—National Secretary Anthony Matre received official word from Right Rev. James McFaul, Bishop of Trenton and founder of the American Federation of Catholic Societies, that the date of holding the next national convention has been changed from July 21 to August 1, 2, 3, 4 and 5 for the convenience of prominent speakers and Archbishops and Bishops who expect to attend the great congress to be held at Atlantic City. This will be the third convention of this great organization, which has now a membership of over one million. The Federation was launched in Cincinnati by representative Catholic societies from all parts of the United States about two and a half years ago, and has from that time on spread rapidly, so that to-day it is the largest Catholic organization in America, with the approbation of the Papal Delegate, seven Archbishops and fifty Bishops. The report that the Archbishops at their annual meeting disapproved of the spread of the Federation movement is without foundation in fact. On the contrary, Secretary Matre holds letters from several Archbishops, including the Pope's Delegate, Archbishop Falconio, in which these prelates highly endorse the spread of the movement and have given it their blessing. Only yesterday he received official word from Rev. Leander Roth, State organizer of Louisiana, that Archbishop P. L. Chapelle, of New Orleans, who is also the Delegate Extraordinary to Cuba and Porto Rico, and who has just returned from Rome, has this to say of the Catholic Federation: "I am heart and soul with you; I endorse this great movement, and I want you to urge the committee to do all in its power to make the Federation a grand success." Mr. Matre also received a communication from Bishop Pink, of Leavenworth, Kansas, yesterday, in which that prelate states that he will himself call an extraordinary meeting of all the Catholic societies in his diocese for the purpose of forming a branch of the American Federation of Catholic Societies. A similar step is being taken by Bishop O'Connell, of Maine, and Archbishop Farley, of New York, has already taken the lead in federating the so-

cieties in the dioceses of New York.

When the Federation held its first convention in Cincinnati there were only four cities federated. Now there are federations in the following large cities: Boston, New York, Chicago, Cincinnati, Philadelphia, Pittsburg, Louisville, Indianapolis, Detroit, Newark, Milwaukee, Los Angeles, Galveston, Kansas City, Cleveland, Columbus, Evansville, Erie, Seattle, Binghamton, Pensacola, and many other cities will be in line in a few months. The national secretary reports that there exist now county federations in nearly all the States, and that Ohio is in the lead with twenty-nine counties federated. Indiana has eleven County Federations, Illinois seven, Kentucky three and Pennsylvania ten.

With the Federation there are also affiliated 5,000 Catholic Indians, and the Porto Rico Federation, which represents nearly 1,000,000 members. A union between the Centro Catholics of the Philippine Islands, a body representing several millions, will also be soon effected, and regular correspondence to that effect has been opened with Vicente Cavanna, the president of said organization.

NIP DISEASE IN THE BUD.—It is difficult to eradicate a disease after it has become seated, therefore it is wise to take any ailment in its initial stages and by such remedies as are sufficient, stop it in its course. Cold in the commonest complaint of man, and when neglected, leads to serious results. Dr. Thomas' Electric Oil will cure the severest cold or most violent cough.

Portrait of Pope Leo XIII.

Magnificent Reproduction of Molthe's Celebrated Work

An EXCEPTIONAL OFFER to readers of The Catholic Register.

So general is the interest taken in the character and person of Pope Leo XIII., who has now exceeded the days of Peter on the Pontifical throne, that a faithful and authoritative picture of His Holiness is demanded in every Catholic home. The Register has entered into a contract for a large quantity of the reproduced magnificent portrait made by the celebrated artist, J. A. Molthe, who, in the execution of this work, has had the advantage of constant criticisms and advice of high dignitaries of the Church, the latter devoting unusual time in going over the details of this painting with the artist, so that it would be as near perfection as anything that has ever been brought out. Those who have been favored by His Holiness with an audience, acclaim over the remarkable likeness in this painting, "It is, indeed, a portrait absolutely true to life."

RICHNESS OF THE WORK REPRODUCED

The work has been gotten out at an expense of over \$5,000, the lithograph being finished in twelve separate printings on the highest grade of chromo paper, and has been treated in a very artistic manner. The value of this picture is almost beyond calculation, since it is the very latest, and in all probability will be the last picture ever gotten out from such authoritative sources as have been used in preparing this picture. And the remarkable strength of body, as well as of mind, of Leo XIII. is now the subject of universal comment, making him one of the most interesting men of our time. So faithful a likeness and so magnificent a work of art as the present picture is, therefore, of incalculable value to everyone.

THE REGISTER'S SPECIAL OFFER

The exact measurement of this magnificent picture is 28x22 inches. It has been sold in Canada at \$1.00, and in connection with some Catholic newspapers at 50 cents. The Register offers it: To all New Subscribers at 25c. To all Renewals paid in advance 25c. Together with a Copy of the Canadian Catholic Directory for 1903, we will give this beautiful picture for 35c.

Such an offer will never be duplicated. Send in now and secure the most faithful and authoritative picture of Pope Leo to be had, and address

a full-sized ONE DOLLAR package of VITE-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs and doses of quacks or good doctors or patent medicines he or she has ever used. Read this over again carefully and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. VITE-ORE is a natural, hard, adamant, rock-like substance—mineral—ORE—mined from the ground like gold and silver and requires about twenty years for oxidation. It contains FREE IRON, FREE SULPHUR and MAGNESIUM, and one package will equal in medicinal strength and curative value 800 gallons of the most powerful, efficacious mineral water drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Dropsy, Blood Poisoning, Heart Trouble, Catarrh and Throat Affections, Liver, Kidney and Bladder Ailments, Stomach and Female Disorders, La Grippe and Malaria Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this writing for a package, will deny after using. VITE-ORE will do the same for you, as it has done for hundreds of other readers of this paper who have accepted this offer and made NATURE THEIR DOCTOR, if you will give it a trial, which none should hesitate to do on this liberal offer. SEND FOR A \$1.00 PACKAGE AT OUR RISK. You have nothing to lose if the medicine does not benefit you. We want no one's money whom VITE-ORE does not benefit. Can anything be more fair? One package is usually sufficient to cure ordinary cases; two or three for chronic, obstinate cases. Investigation will bear out our statement that we mean just what we say in this announcement and will do just as we agree. WRITE TO-DAY for a package at our risk and expense, giving your age and ailments, so that we may give you special directions for treatment, if same be necessary, and mention this paper, so that we may know you are entitled to this liberal offer.

YOUR DOCTOR

may tell you that your case is incurable, that medical science is unable to help you, that all you can expect is temporary or slight relief. Well, let him think so unless you wish to. Many people whose testimony appears in the books and pamphlets of THE THEO. NOEL CO., were told that their cases were hopeless, helpless, impossible, incurable, past all recovery, yet—Read their testimony. Many were told that they had but a few short years—some but months—to live, yet—read their testimony. There are more things in heaven and earth than are dreamed of in the Doctor's philosophy, and Vite-Ore is one of them.

AS A BEACON LIGHT

Vite-ore points the way for stooped sufferers to a haven of health and comfort. If you have been drifting in a sea of sickness and disease, towards the rocks and shoals of chronic Invalidism. Port your helm ere it be too late, take heed of the message of hope and safety which it flashes to you; Stop drifting in a helpless, undecided manner, first of one course and then another, but begin the proper treatment immediately and reach the goal you are seeking by the route so many have traveled with success. Every person who has used Vite-ore is willing to act as a pilot for you, each knows the way from having followed it; attend their advice, follow the light and be cured with nature's remedy as they have been. Can you afford to disregard it?

This offer will challenge the attention and consideration, and afterward the gratitude, of every living person who desires better health or who suffers pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skepticism, but ask only your investigation and at our expense, regardless of what it you have, by sending to us for a package on trial. In answer to this, address THEO. NOEL, GEOLOGIST, - Dep't A. L. 101 York St., TORONTO, ONT.
