ATLANTIC SUGAR REFINERIES, LTD., NOT UNDER GERMAN INFLUENCES

Mr. John N.E. June 29.—Mr. L. J. Seidenacker,
representative of the Atlantic Sugar Refineries, Ltd.,
speaking before the Rotary Club yesterday, took
occasion to refer to the charge of pro-Germanism
levelled against the management of the company.

It is unfortunate at this time," he said, "that there
should be an impression abroad that there is anything
in the composition of the Atlantic Sugar Refineries,
Ltd. I can assure you that there is not.

The men behind (the directors) are men who have
made their money in Canada—whose interests are
those of your country and your cause, and whose
loyalty is to be above suspicion.

"To be myself I own to an unhappy name, but
I am not a soldier of fortune, nor am I a German.
I am an American citizen, my mother was purely Eng-
lish, my sympathies are with the Allies and their
cause.

As for the employees, he continued, they had been
loyal in the United States from the standpoint of
loyalty and not nationality, and it was natural that
they should be of German origin as the industry in
the United States was largely in the hands of Ger-
man-American interests.

GREAT ZEPPELIN BASE BOMBARDED

French Aviator, Who Dropped with Success Eight Shells on the Hangars, Made his Escape

RUSSIA'S STRONG POSITION

Italy Will Send Troops to Co-operate With the Allies
in Forcing the Straits of the Dardanelles, Having
Severed Diplomatic Relations With Italy.

KING VICTOR EMMAUUEL OF ITALY,
Who is at the front with his army.

London, June 29.—Friedrichshafen, the great Zeppelin base, has been bombed by a French aviator, who dropped with success eight shells on the hangars there. The aviator was unable to return successfully to the French lines because of motor trouble, but he succeeded in making a safe landing and crossing into Swiss territory at Rheinfelden.

The French report that there has been relative calm along the entire front except for the artillery actions which seldom cease. Arras has been bombed again by heavy guns. In the Argonne and at the Calonne trench on the heights of the Meuse the Germans have failed to renew their attacks.

The trip of the German Chancellor von Bethmann Hollweg and the Foreign Minister von Jagow to Vienna is believed to be in connection with the Balkan situation. It is reported that Russia may have offered to permit Roumania to take part of Bessarabia if she does not delay entering the war with the Allies.

Italy, it is reported from Paris, is to send troops to the Dardanelles to co-operate with the Allies in forcing the Straits. It had been previously reported that Turkey and Italy had severed diplomatic relations.

Despite the effort of the Austro-German forces to split his armies, the Grand Duke Nicholas has brought his armies intact from the Dniester and holds them in a solid line from the San to Bukovina, along a naturally strong front, with even stronger defensive positions a few miles in his rear should further retirement be necessary.

The retirement to the new line left Haliex open to attack from three sides and the Russians abandoned it to the enemy.

After crossing the Dniester at Zorawno, General von Linsingen's troops, according to the Vienna communication, have occupied the Dniester line evacuated by the Russians.

HEAVY RAILROAD EQUIPMENT ORDERS PLACED BY GOVERNMENT.

Ottawa, June 29.—Orders have been placed by the Government for fifteen locomotives of the heavy consolidated type, and for 1,000 box cars for use on the National Transcontinental Railway. The orders for the locomotives, which are to cost \$22,000 each, have been placed with the Canadian Locomotive Co. of Kingston. The orders for the cars have been placed with three companies: The Canadian Car & Foundry Co. of Montreal and Amherst, the National Car Co. of Hamilton, and the Nova Scotia Car Co. of Halifax. The rolling stock is to be ready for the fall crop movement, and the approximate cost of the engines and cars is \$1,125,000.

Men in the Day's News

Lieut.-Col. C. M. Nelles, commanding officer of the Royal Canadian Dragoons, is now fighting in the trenches in France. Lieut.-Col. Nelles comes of U. E. L. stock and was born near Brantford in 1865. He served through the Northwest Rebellion of 1885 and through the South African War, and is now doing his "bit" in the great struggle going on in Europe.

The Rev. Dr. Albert Carman, who has just celebrated his eighty-second birthday, was born at Ingoquo and educated at Victoria University, Cobourg. He is the "grand old man" of the Methodist Church, being for a great many years General Superintendent of the Methodist Church in Canada. His activities include everything associated with the church—missionary movements, educational work, publishing of religious papers and church union. He is a forceful, eloquent speaker and one of the outstanding figures in religious work in Canada.

The Rev. C. W. Gordon, better known as "Ralph Connor," is now in England as chaplain to one of the Western Regiments. Ralph Connor was born in Glenegarty County in 1850, and educated in the public schools in West Zorra, at the University of Toronto, Knox College and Edinburgh University. As a young man he went West, where he became familiar with western men, western ideals and western conditions which he utilized in a series of books and short stories on western life. Some of his best known books are "Black Rock," "The Sky Pilot," and "The Man from Glenegarty."

Professor August Kirschmann, for many years head of the Department of Psychology of the University of Toronto, but who returned to Germany five years ago as the result of ill health, has had his pension cancelled. Dr. Kirschmann was born at Oberstein, Germany, in 1850, and educated at Leipzig University. He was on the staff of Leipzig University for five years, then came to Toronto, where he was Associate Professor of Philosophy and Director of the Psychological Department for thirteen years. He has written extensively on psychological subjects, in which department he was regarded as an authority.

Mr. R. B. Bennett, M.P. of Calgary, who is accompanying Premier Borden to England, is a native of New Brunswick, being born at Hopewell in 1870. He studied law and was called to the Bar in 1894, and after a short time practising in New Brunswick went to Calgary, where he became one of the leading lawyers of the West. He was a member of the Northwest Territories Assembly, later being elected to the House of Commons from Calgary in the Conservative interests. Mr. Bennett is a director of a large number of western corporations, the chief of which is the Calgary Power Company. He is an effective speaker and is generally regarded as one of the coming men in the Conservative party.

Colonel the Hon. James Mason, who presided at the annual meeting of the Home Bank, held in Toronto to-day, was born and educated in that city. Col. Mason entered the banking business as a boy and worked his way up to the presidency and general management of the Home Bank, an institution which grew out of the Home Savings Company with which he was connected as a young man. He is a director of a number of important financial and industrial corporations, a member of the Senate, but is probably best known through his military activities. He served with the Queen's Own Rifles during the Fenian Raid and also saw active service in the Northwest Rebellion, being severely wounded at Batoche. Colonel Mason is one of the most prominent business men in the city of Toronto.

RUSSIANS AGAIN RETREAT BUT FRENCH PRESS FORWARD

Berlin, June 29.—Another great victory for the Germans all along the line in Galicia, was announced to-day by the German War Office.

The Austro-German army of General von Linsingen which captured Haliex and swept across the Dniester has driven the Russians across Gnita Lipa river, all the way from Haliex to Pilejow, which lies on Gnita Lipa, 30 miles southeast of Lemberg.

The Russians are officially reported to be evacuating their positions on the Tanew and the Lower San. Northeast of Lemberg the Russian forces that fell back on the River Bug were unable to withstand the crushing drive of the Austro-German forces under General von Mackensen and crossed the stream in full retreat.

The French delivered attacks along Lens Bethune Arras road at Les Epaves in Woivre district, and at De Tranchee on the heights of the Meuse, but the Germans repulsed them.

Near Luneville, the French were more successful, reaching outer entanglements of our trenches.

Another Large War Order.
Boston, June 29.—The American Steam Gage & Valve Manufacturing Company of Boston, has closed a contract for steel detonation fuses amounting to more than \$1,000,000, which, with contracts previously obtained, makes a total of \$2,500,000 in war orders.

The company has also an order for 1,000,000 copper bands for shrapnel shells.

Hercules Powder Shares at 485.
New York, June 29.—Hercules Powder advanced to 485, up 60 points from Monday's high, and 70 points from high sales last Friday. Other powder issues were rather quiet, but generally firm.

Will Close on Thursday.
New York, June 29.—Directors of Liverpool Cotton Association have decided not to re-open on Thursday, July 1st, for receipts of United States Agriculture Bureau report on condition and acreage.

International Traction Co. Dividend.
New York, June 29.—International Traction Company has declared its regular semi-annual dividend of 2 per cent. on preferred stock, payable July 15 to stock of record of July 7th.

Subscribed \$15,000,000 to Loan.
London, June 29.—The Prudential Assurance Company has subscribed \$15,000,000 to the new British war loan, the biggest application since the announcement of the issue.

Wells Fargo Dividend.
New York, June 29.—Wells Fargo has declared the regular semi-annual dividend of 3 per cent. Books close July 7 and re-open July 16.
