Fairbanks-Morse
"Z" Engine with
Bosch Magneto

SINCE the "Z" was put on the market,
Over 250,000 farmer buyers have pro-
nounced it the greatest farm engine value.
We felt the same way about it. But
following our policy to improve our pro-
duct whenever possible, we are highly
pleased to announce a new FAIRBANKS-
MORSE "Z" with BOSCH MAGNETO
—high-tension ignition which adds the one
possible betterment. Call on the "Z"

dealer near you—see this world's greatest engine—understand the full meaning
for you of the engine service which all Bosch Service Stations throughout
Canada give, in co-operation with every "Z" dealer, to every "Z" Engine buyer.

TWO SILOS EACH A LEADER IN ITS CLASS

We are now manufacturing two silos to meet the demands and means of every Canadian farmer. Both are wood silos. Experiments prove that cement and tile silos do not preserve silage perfectly—that nothing but wood will do this.

1. BURLINGTON CABLE BAND SILOS are the strongest-hooped silos on the market. The hoop, instead of being a solid iron rod, is a seven-stranded galvanized cable. This cable is protected by patent No. 168358. We use No. 1 Norway Pine Staves, side and end matched and treated with red preservative. THE SILO THAT GOES UP WITHOUT TROUBLE. No scaffold needed. See inside front cover, Christmas number, Farmer's Advocate, London, Ontario.

2. We also make CRAINE THREE WALL SILOS. They are absolutely the best equipment that can be purchased by you today. They are permanent buildings. They preserve silage perfectly, and the cost is moderate.

In the CRAINE THREE WALL SILOS there are three distinct walls. An inner wall of 2"x6" side and end matched staves (same as in Burlington Cable Band Silos). The centre wall is weather and acid-proof felt, similar to Roofing felt. The outer wall is clear B.C. Fir wound spirally from top to bottom of silo, ship-locked and metal protected. No bands required; an absolutely permanent building.

Both of these silos have Continuous Refrigerator Door System and Interchangeable Doors. We want you to know all about them. Let us send you free complete information. Sold direct from Factory to Farm. Write to-day. Fill in the coupon now.

BURN YOUR RAILS

Buy
Sarnia Woven Wire Fence

Stop that waste. Rails are worth more for firewood than woven wire fencing costs. Then, too, the ground you gain when you can plow to the straight fence line will yield grain or other crops enough to soon pay for the fence. Looks better—is better. It means clean farming, more crops and larger profits. Be a 100% Canadian farmer.

SARNIA

Fencing is the kind that is made right. Stands trim and tight, adjusts itself to all weather conditions, requires fewest posts. Made and shipped from our factory in Canada for Canadian farmers. Only two profits—a big one for you and a small one for us. Gives genuine fence satisfaction. Shipped fresh from our loom. You get a new fence when you buy the Sarnia, not one that is second handed because of several times handling or having stood around in dealer's store or out in the open weather. Thousands of satisfied farmer customers. No middle profits. Our "Fence Facts" circular and price list is free to you.

WRITE FOR IT,
SARNIA FENCE COMPANY, Ltd.

Sarnia, Ontario.

This EDDY Pail

is made of indurated fibreware—which is wood pulp—moulded—pressed—baked under terrific heat until it is an all-one-piece-pail of flint-like hardness—strong as steel—lighter than wood.

The next time you need a milk pail, a household pail—or a butter tub, ask your dealer for one of Eddy's.

No cracks, no corners or crevices, no seams or joints—cannot spring leaks or become dented.
