

## Paroid Solves Your Roofing Problems

To receive roofing satisfaction whether on a Barn, Warehouse, Railroad Building or large Industrial Plant, consider the following points.

Roofing must primarily give continuous service under every weather condition. It must be easily laid—adaptable to every description of roof. Further, roofing once laid should not become a liability through requiring constant repair.

### NEPONSET PAROID

withstands hard and continuous wear, and is adaptable to all roof surfaces. Cheapness of first cost, as compared with wood and metal shingles, or slate, and economy of maintenance are some of its principal features.

The base of Neponset Paroid is a high grade rag felt thoroughly impregnated with asphalt, making it positively water-proof and fire-resisting.

It is further reinforced with a talc surface, grey in color; or with a permanent slate surface, red or green in color.

**EASY TO LAY**—With every roll of Neponset Paroid is supplied sufficient nails and cement with full directions.

Ask the Neponset dealer in your district, or write to us for an interesting booklet, "Roofing Canada."

How One Register Does The Work with the

### Pilot Superior Pipeless Furnace

The Pilot Superior Combination Register is composed of two sections; the central portion provides for a distribution of the warm air generated by the furnace and the outer section admits the return air to the furnace. By withdrawing the cool air from the building through this outer section, the resistance to the warm air is overcome. This provides space for the rapidly expanding warm air, which circulates in large volume to all portions of the building. A vacuum cannot be created, therefore the warm air fills all the corners from which the cold air is being withdrawn.

### Romance of the Mutual

The Ontario Mutual, now the Mutual Life Assurance Company of Canada, was founded by a remarkable group of men. Not one of them occupied a prominent position in business or financial circles, nor had they experience in life insurance.

With their extraordinary vision, deep sense of responsibility resting upon them as trustees and in the careful attention they devoted to the affairs of the Company, they laid the foundation upon which the Mutual rests today with its assets of over \$18,000,000, all belonging to the policy holders of the Company.
