O.V. BRAND Pure Wool Underwear

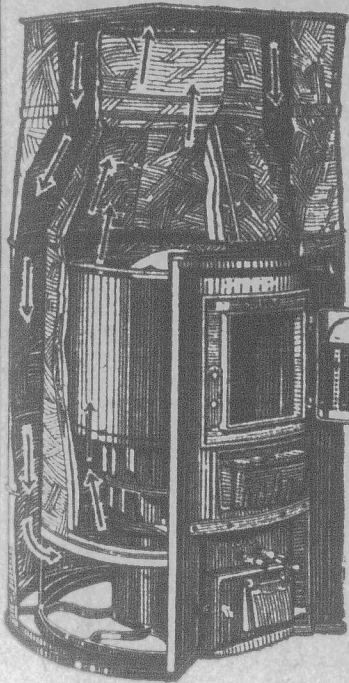

HERE'S underwear that's made for real service. On railroad and farm, in mine and construction camp—O. V. Underwear has proven a favorite because of its comfort and durability.

Made in Combination and Two-piece Suits (medium and heavy weight) every garment sold with a guarantee and at a moderate price.

Ask for O. V. by name and enquire about Velvoknit—the superfine O. V. Underwear with the flat-lock seams.

Your dealer has O.V. Brand or can secure it without difficulty from his wholesaler.

MADE IN CANADA

Heats the house not the cellar

THE most serious drawback of the usual furnace is that it wastes much heat through its cellar pipes. With the Banner Pipeless Furnace this heat is not lost, not wasted, but is sent up through its single register to warm every room in the house.

Because the Banner wastes no heat, it makes four tons of coal go as far as pipe furnaces do five.

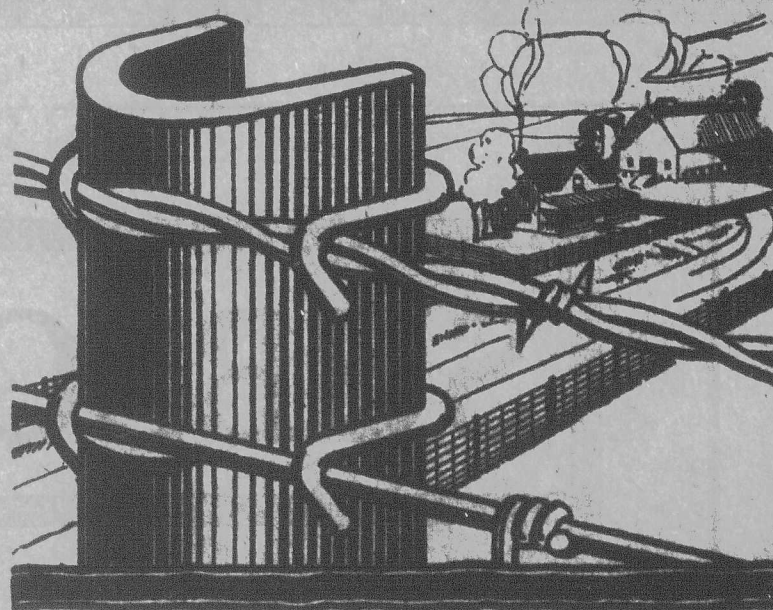

BANNER PIPELESS FURNACE

does not clutter up the cellar with useless pipes, but it does give you a house free from cold corners and a safe, cool cellar in which to keep your vegetables.

The Banner Pipeless Furnace is guaranteed unconditionally. Let your dealer show you its unique heating principle—how it will warm your house comfortably on a small amount

of coal. A Banner Pipeless Furnace can be installed in any house in one day. Full instructions on how to erect a Banner Pipeless Furnace are sent to each customer. Send us the dimensions of your house and the number of rooms and we will specify a furnace suited to your needs and mail you a copy of "Winter Comfort in Your Home."

STURDY FENCES

Every farmer needs strong, dependable, reliable, sturdy, permanent fences. Fences that will stand any farm strain. Fences that do not need repairs and will last a lifetime. Such fences can be built by using

BURLINGTON STEEL FENCE POSTS

Made of high carbon steel, rust resisting, extra heavy and coated with rust-proof paint, they will not bend, break nor burn.

They can be driven into the ground in less than a minute. They will not heave. There are no holes in the post to weaken it. The wire is fastened to the posts with clips. Thousands of these posts are giving satisfactory service. For sale by hardware, fence and implement dealers or direct from the factory. Immediate shipment.
