### TO PASTORS AND SUNDAY SCHOOL SUPERINTENDENTS.

The Committee of arrangement for the Sunday School Convention of the Maritime Provinces, beg to call your attention to the meeting of the Convention, which is to take place in Charlottetown, P. E. I., from 14th to 17th August next.

The Constitution provides that the Convention shall consist of all Pastors and Superintendents of Sunday Schools connected with evangelical churches, who shall be members *ex-officio*; and (2) of one delegate from each of the Sunday Schools, Sunday School Societies, and Sunday School Teachers' Associations in the Maritime Provinces.

The object of the Convention is to give increased efficiency to our Sunday Schools, and advance by every practicable means the Sabbath School cause generally; by bringing together all the Sunday School workers, that they may explain their difficulties and discuss the best means of overcoming them, so that every year our schools may be worked with greater success, and the laborers in the cause be more fully commended to their work.

The Committee are doing their utmost to perfect the arrangements, so as to make the session both profitable and interesting. They have invited some of the prominent Sunday School workers from the United States, who, they trust, will be of great blessing, by the means of increasing the interest of our Churches in the Sunday School, and give the delegates many useful hints on Sunday School work.

The following are the topics chosen for discussion: "Teaching the Bible—the object to be attained and how best accomplished." "The relation of Church members to the Sunday School." "Teachers' Meetings: their necessity and best mode of conducting them." (In connection with this will be held an experimental teachers' meeting.) "How can we retain our older scholars in the school?" "The necessity of Normal classes for Teachers, and how to conduct them."

Circulars have already been sent to pastors and to the delegates to the last Convention; and the Committee request you to use your influence to have each Sunday School in your vicinity send a delegate. In order that homes may be provided for them, it is necessary that the names of all who intend to be present at the Convention, should be forwarded to the Secretaries in Charlottetown, P. E. I., not later than the 5th August.

By order of the Committee,  
Geo. E. Full,  
Secretary.

CHARLOTTETOWN, P. E. I., July 19, 1873.

### General Intelligence.

**NEWS IN BRIEF.**—Several Wesleyan Ministers passed through Halifax last week on their way to new stations. Rev. E. H. West, Co-Director of the Lower Provinces, and ex-presses great delight at the general aspects of the country, and the progress of the work connected with the American Press have been in St. John on an excursion, accompanied by his wife and daughter. Rev. E. H. West, Co-Director of the Lower Provinces, and ex-presses great delight at the general aspects of the country, and the progress of the work connected with the American Press have been in St. John on an excursion, accompanied by his wife and daughter. Rev. E. H. West, Co-Director of the Lower Provinces, and ex-presses great delight at the general aspects of the country, and the progress of the work connected with the American Press have been in St. John on an excursion, accompanied by his wife and daughter.

**THE EASTERN CHURCH.**—The Eastern Church states that for a number of years past there is in the garden of Mrs. Alexander Fraser, of New Glasgow, has blossomed twice in the year, once in the spring and again in the month of July. She writes that she has seen the tree in full bloom, as in former years, in full bloom.

**THE KIDNAPING OF LORD GORDON.**—The kidnaping of Lord Gordon, of Erie notoriety, by two Minnesota detectives, has ended for them. They have been arrested by Gordon's friends and lodged in jail. Mayor Brackett who arrived in Court on Tuesday, was arrested on Gordon's evidence as instigator of the proceeding against him. Other arrests were expected, and the examination of Gordon is going on.

**ADDRESS AND PRESENTATION.**—The South Bay friends of the Rev. Mr. Cooper, who have been recently presented that gentleman with an address, several pieces of plate and a purse. The reverend gentleman was naturally much pleased with the great courage and made a very cordial and suitable reply.

**THE WINDMILL STATION.**—The windmill station is making extensive improvements on his estate at Eastport, N. S. It is estimated that the contemplated work, including the gardens, will cost \$3,600 per year and will take five years to complete it. A croquet ground has been made near the mill, and a large building will be made near the railway, the water to be brought from Taylor Lake. A church building, erected entirely at Mr. Ellershausen's expense, is now nearly completed. It is a neat Gothic edifice, 31 x 60 feet, and will cost about 4,000.

**DURING THE SITTING OF THE YOUNG MEN'S CHRISTIAN ASSOCIATION CONVENTION AT FOUCH-KOPEE, N. Y.**—Last week, Mr. Taylor, of Detroit, presented the report of the committee upon the Executive Committee's report. The Young Men's Christian Association of Detroit, recommended to observe the second Sunday in November as a day of prayer for God's blessing upon the work of these organizations throughout the world. It was estimated that no less than \$7,000 be raised for the prosecution of the general work for the coming year.

**FIRE IN BARRINGTON—A BRAVE WOMAN.**—The house of Capt. James R. Kenney, Barrington, caught fire on the 29th inst., and but for the timely exertions of his wife, would have been entirely destroyed. All the family were absent at the time except Mr. Kenney, who was in the room on the second floor, and noticed the smoke in some of the apartments, went to a bedroom on the second floor and found the bed on fire and the flames just rising out of the chimney. He immediately threw water on the fire, and the presence of mind she rushed in and saved a window, threw all the clothing of the bed out and, as no person was within hearing, drew water for the space of half an hour, until she succeeded in extinguishing the fire. Her hands were badly burned in her brave attempt to save the house, and she tried to escape the ravages of the fire according to her great prize. It is impossible to ascertain how the fire originated, as it is a room in which nobody has slept for a long time.

**A GIRL WOUNDED BY A DOG.**—On Wednesday last, Nellie Hurd, aged 12, daughter of Mr. Peter Hynds of New Annan, went to the house of a neighbor named McLeod for the purpose of taking care of an infant, four weeks old, while her mother went out to milk the cows. The woman had only been gone a few minutes when a dog that had been left in the house sprang at the girl, with the intention it is thought of driving her away from the child. The girl endeavored to keep him off, but he seized the child and dragged it from her grasp. She tried to escape from the house when the vicious brute again laid hold of her, retaining his grip of her arm until she reached the road, where he was beaten off by a man who was passing, but not until several blows had been dealt him by a heavy

club. The dog, of course, was immediately killed. The flesh on the poor girl's arm, between the elbow and shoulder, was terribly lacerated, portions of it being torn from the bone. The infant at first appeared as if dead, but after being carried to the open air and restored to life, it revived and is now doing well.—*Truro Sun.*

**A VERY PRETTY CHARITY** has been developed by Mrs. Anson Stokes, of New York City, formerly Miss Phelps, daughter and sole inheritor of the wealth of the firm of Phelps, Dodge & Co. The project which she has now successfully carried out was her own. Last winter she selected a house upon one of the best promontories of Staten Island and determined to make it a home for the children of those women who were working for wages and could not give the attention that attention which even their bare necessities called for. The scheme was quite an Utopian one, for it embraced more than merely sheltering and feeding the children. It was to include and treatment, amusement, toys, and even suggestions of inexpensive luxuries such as nature would kindly give her assistance.

**MARRIAGE OF DEAF MUTES.**—An interesting marriage ceremony took place at Billtown, N. S., on the 11th inst., being the marriage of two deaf mutes, viz: Mr. Robert G. Tupper, of McNab's Island, and Miss Ruth E. Bentley, of Bridgetown. The ceremony was performed before a large number of witnesses, C. F. Kempton, assisted by Mr. J. S. Hutson, principal of the Halifax institution for the deaf, acted as officiating minister. The bride and groom were both deaf, and the ceremony was conducted in sign language.

**THE CATASTROPHE AT NIAGARA FALLS.**—A young man and a young woman, engaged to be married, with a boy, a brother of the girl, went out on a boat on the Fourth, from the Canada side, at Chippewa, for a little pleasure cruise on the river. They were accompanied by a young man, who had been seen or heard of them. Pieces of their boat were picked up, and doubtless the unfortunate people, ignorant of their danger, were out on the river from Chippewa for the purpose of a sail, and were drawn by the smooth, but treacherous and powerful current, into the rapids before they fully comprehended the terrible situation. And hardly summer passed away at Niagara without some such terrible catastrophe. Surely the inhabitants on both sides of the river should know enough of these out-ripped disasters not only to avoid on their own part the danger, but to prevent strangers from committing themselves to the decision of a steersman, which in a moment may have them within its grasp, beyond all hope of human deliverance.

**MURDER—A COOK OF H. M. S. "NARCISUS"** KILLED BY A SHIPMATE.—Yesterday a young man, who was serving on board the U.S.S. "Narcissus," was killed by a fellow crew member. The victim was a young man named John Walters, a gun-room cook on board the "Narcissus," flag ship of the detached Flying Squadron. He came on shore on Friday, 14th inst., and during the day got into one of the horse cars to take a ride to Richmond. While he was in the car, George Powers, 2nd steward of the "Narcissus," entered. He challenged Walters to fight. The conductor interceded, and threatened to turn Powers out if he did not behave himself. When the car reached the City Railroad office, Richmond, and the men got out, Powers took his gun and renewed the quarrel with Walters. Walters declined to fight and was being away when Powers took a stone, weighing about three pounds, and struck Walters on the head, inflicting a severe wound. Some persons who happened to be in the vicinity took Walters into a house, and had his wound dressed. He remained ashore until the 16th inst., when he was taken to the City Hospital, where he died on Wednesday, 17th inst. The coroner's jury, after hearing all the evidence, rendered the following verdict: "That the deceased, John Walters, Gun Room Cook of H. M. S. 'Narcissus,' came to his death on the 16th July, 1873, in the Naval Hospital by inflammation of the brain, produced by a fracture of the left temporal bone, caused by a blow of a stone, about three pounds in weight, from the hands of George Powers, Warrant Officer's Cook, H. M. S. 'Narcissus,' on the 14th inst. of July, year aforesaid, near the City Railroad Company's stables, Richmond."

**THE CIRCULAR AND CATALOGUE OF THE MOUNT ALLISON WESLEYAN COLLEGE AND ACADEMIES** has reached us this week. In the catalogue, Richard C. Weldon, Ph. D., takes rank as Professor of Mathematics and Political Science. A Chair is also to be filled in due time for Natural Science; meantime classes in that department will be instructed by Professors Weldon and Smith. The College once if fairly endowed will soon be worthily equipped.

**THE FEMALE ACADEMY MISS MARY L. TAYLOR** becomes chief preceptor and teacher of Belles-Lettres. Miss M. E. Pickard, M. L. A., has been secured in connection with Prof. S. D'Anna as teacher of music.

**THE ALUMNI AND ALUMNE ASSOCIATIONS** receive due prominence in the Catalogue. Having previously been deservingly mentioned in our columns from any part of our Conference territory. Those who have kindly favored the WESLEYAN with news from abroad hitherto will do us a kindness by continuing their communications.

**BRAIN EXHAUSTION.**  
Mr. James J. Fellow, St. John, N. B., writes: "I have been suffering from brain exhaustion for some time. I was unable to do any work, and I was very nervous. I was advised to take Compound Syrup, and I have found it to be very beneficial. I am now able to do my work, and I feel much better. I would recommend it to anyone suffering from brain exhaustion."—*Truro Sun.*

**PERSONAL.**—Rev. W. B. Clark of Quebec has resigned his pastoral charge there after many years of faithful service.—Rev. Thomas Cumming is to supply for eight weeks the congregation of Rev. Dr. Cook of Quebec.—Rev. C. B. Pibbado has returned from his eastern visit.—Rev. R. Sedgewick returned from his Scottish visit, by the last steamer. He preached in St. John's Church in this city with more than his usual eloquence and power. He is well believed greatly benefited by his visit, which he enjoyed very much indeed.—Rev. A. Ross, Harbor Grace is here on a short visit.—*Provincial Witness.*

R. C. MARGESON, Proprietors, Halifax, N. S.

**ST. JOHN, N. B., March 26, 1873.**  
I have been afflicted with gravel and stone upwards of a year and a half. Tried everything I could hear of for my relief without avail. Saw your advertisement in the Halifax papers; took three bottles according to directions, and in the short space of four weeks was entirely cured. I will give my testimony to its value, and recommend it to all afflicted as I have been.

**DAVID COLLINS,**  
Formerly Harnessedman, St. John, N. B.

**MESSRS. R. C. MARGESON & Co.—Dear Sirs:** Please accept this testimony from one who has been suffering for upwards of five years from Gravel and Stone in the Bladder, and was advised by my friends to try your Calculifuge. I did so, and am happy to say that after using the two bottles you sent me last summer, I entirely cured me. I passed five stones the size of small peas, and upwards of a wine-glassful of smaller ones and gravel, and will send them to you by the first steamer. I would advise all that are suffering with the same complaint, to secure your valuable medicine at once, as it has been the sole means of curing me. I will take pleasure in giving all the information I can, as to all that will call to see me at my house.

**CHERRYSBURG, March 3, 1873.**  
I would advise all that are suffering with the same complaint, to secure your valuable medicine at once, as it has been the sole means of curing me. I will take pleasure in giving all the information I can, as to all that will call to see me at my house.
