

Keeps out large Animals—Keeps in the Chickens

We've put strength and stiffness into the **PEERLESS JUNIOR Poultry Fence** so it can stand the attacks of restless animals from the outside. We have made it close enough so small fowl cannot get through. It is made of much heavier wire than the ordinary poultry fence, well galvanized, therefore much more durable.

Peerless Junior the fence that saves expense

That heavy, No. 9, hard steel wire at top and bottom holds the fence taut and true without the necessity of fence boards and saving more than half the usual number of posts. That means considerable saving to you. Write for our printed matter about **PEERLESS Fences**. We make fences and gates for every purpose.

We Put Choice Stock in the "Uppers"

It is a difficult matter for the ordinary individual to tell whether or not the "uppers" in a shoe are of choice stock. Poor stock can be made to look like good stock, you know. But after a few weeks' wear poor stock will become hard and uncomfortable. It will split and crack. On the other hand good leather will remain soft, pliable and comfortable until the shoe is worn out.

The "uppers" for **AMHERST** shoes are made of choice stock. The leather is tough, yet soft and pliable. It is thoroughly tanned. It gives lasting service.

AMHERST shoes are honestly made in every particular. If you have been wearing ordinary makes you will be astonished with the comfort and serviceability **AMHERST** shoes will give you. Just you make sure your next pair is **AMHERST** make.
