### THRESHERS' ACCOUNT BOOK

We have the following letter from P. Peters, Waldeck, Sask.—"I am enclosing one dollar (\$1.00) for which I wish you would send me a Threshers' Account Book. We got one from you last fall and it proved very satisfactory."

That is what they all say who use our Threshers' Account Book. We have already sent out a hundred copies to threshermen all over the West and still have a good supply on hand. Any thresherman who wishes to keep his accounts up to date and to know how he stands every night should have a copy of our Threshers' Account Book. It is complete in every way and gives duplicate accounts which may be handed to the farmer the minute the last sheaf has passed through the separator. The Threshers' Account Book will be sent to any address by return mail, post paid, for one dollar (\$1.00).

## Message to Macdonald

Barrie, Ont., Oct. 1.—(Special)—On behalf of the organized farmers of Ontario, I wish to express our deep interest in the fight which the organized farmers of Manitoba are waging in Macdonald for reciprocity and the extension of the British preference.

A year ago we were beaten in our fight for larger markets, not because of the weakness of our cause, but because of the adroit use of race and creed prejudice and the loyalty cry.

Today you have a chance to show that our cause is still alive. For the first time in Canada you have a candidate pledged to our whole platform—wider markets and free trade with England—the truly loyal policy which, if carried into effect, will stop the exodus from the farms, build up rural Canada, help immeasurably the people of England in the struggle for existence and draw closer the bonds between Canada and the Motherland. It will be more helpful to Britain than a hundred Dreadnoughts.

The Manufacturers' association showed "their loyalty" the other day, when they laughed to scorn the proposition to unite with the farmers to increase British preference.

You are fighting the battle of Industrial Freedom. Your enemies are the trusts and combines, which are exploiting the Canadian people, the cement merger, the cotton combine, with its fifty per cent. profits; the banking monopoly, the men who have already taken millions from the Canadian people and who hope to take millions more.

On the issue of your fight may depend whether our country shall be one of peasants and millionaires, or one of freedom and equal opportunity.

Your cause is right. "Quit you like men, be strong." My hope is that you may give your answer to the interested sophistry of all opponents with no uncertain sound.

E. C. DRURY,  
President of the Grange.

In the issues of September 4 and 18, advertisements appeared for the guessing contest being held by G. F. Stephens & Co., of Winnipeg. In a certain portion of the ad. the glass jar containing the money was described as a "gallon" jar. This was an error. The jar only holds nine-sixteenths of a gallon of water. We, therefore, desire to call the attention of all our readers to this error and when sending in your guess, be sure and take into consideration the fact that the jar only contains nine-sixteenths of a gallon and not a full gallon.

THE GRAIN GROWERS' GUIDE

## Ship Your Grain To Us!

Take advantage of our experience. We never sacrifice grain that farmers ship us. We know HOW and WHEN to sell on bulges, and we avoid selling on declines. Our business has been built up on our motto: "GOOD RETURNS TO FARMERS." We have been established for twenty-eight years. Don't you believe our experience could be made valuable to you?

Our commission is ONE CENT per bushel—too small to pay anything to agents. We have no agents; you get THE FULL NET PRICE at which your grain is sold, less our 1c per bushel commission.

If your car is loaded and you cannot wait for shipping instructions, and if you are on the C.P.R. or G.T.P. Ry., ship to "McBean Bros., Fort William." If on the C.N.R. ship to "McBean Bros., Port Arthur."

If at all possible we strongly advise loading direct from your wagon into the car, thus preserving the identity

of your grain, and also ensuring that you get paid for every bushel you put into the car.  
Send us a six or eight ounce sample of your grain and we will advise you its real value. Even the poorest qualities can be made to draw a good price if properly handled. We understand this business thoroughly, and those are the points that count. Write us for market prospects; you need the BEST; it means MONEY to you. We are not looking for very low prices this coming season.  
We are licensed and bonded.

NOTE.—A large yield of grain this fall does not mean low prices. Europe needs every bushel of our grain, and will be willing to pay good prices for it. Should prices get below a fair legitimate value, don't sacrifice. Write us for advice. Reference: BANK OF HAMILTON, WINNIPEG, MAN.
