The Four Greatest Events of Your Life

and Buying Your Overland

Model Eighty-Five Four

Like the other great events of life, buying the family car is very much the concern of the wife and mother.

Happy that woman—and her name is legion—who by helpful suggestion persuades her provider against too small a car or by loving restraint checks an over-generous husband who would otherwise make the mistake of too large a car.

It is the woman of the family that suffers most the fatigue and inconvenience of too small a car—her's the self denial if

too great an expense is shouldered in operating too large a car.

The thirty-five horsepower Overland Model Eighty-Five Four is roomy enough to be perfectly comfortable—to ward off fatigue on those long trips which should be of such healthful benefit to the whole family.

It has big, comfortable seats and cantilever rear springs that make it easy riding.

Yet it is not too large to be economical of operation.

And in the building of this beautiful Overland there is no hint of experiment, no construction extravagance.

For years it has outsold all other cars of such comfortable size, and—produced in larger quantities, it is more inexpensively produced and sold at a lower price than would otherwise buy such comfort, style, reliability and quality.

Its purchase is dictated by common sense and the practice of true economy—it will be a great event in your life. See the Willys-Overland dealer about it now.
