THE degree of ignoranae of extern nature in which men may remain depends partly on the number and character of the subjects with which their minds may be otherwise occupied, and December 8.—Conception B. V. M. Mary partly on a natural want of sensibility to Queen of Scots born, 1542; Richard Baxthe power of beauty of form and the other attributes of external objects. I do not think that there is ever such absolute incapacity in the eye for distinguishing inventor of the cotton gin, born, 1765; incapacity in the eye for distinguishing and receiving pleasure from certain forms and colors, as there is in persons who are technically said to have no ear for distinguishing aotes; but there is naturally every degree of bluntness and acuteness, both for perceiving the truth of less than the control of and receiving pleasure from certain forms John Ruskin, English art critic and author, ally every degree of bluntness and acuteness, both for perceiving the truth of 1854; Thomas DeQuincy, English author, form, and for receiving pleasure from it died, 1859; W. H. Vanderbilt, American when perceived. And although I believe financier, died, 1885.

even the lowest degree of these faculties December 9.—Gustavus Adolphus, King can be expanded almost unlimitedly by of Sweden, born, 1594; John Milton, Engcultivation, the pleasure received rewards lish poet, author, and patriot, born, 1608; cultivation, the pleasure received rewards lish poet, author, and patriot, born, toos, not the labor necessary, and the pursuit is abandoned. So that while in those painter, died, 1641; Rev. William Whitson, painter, died, 1641; Rev. William Whitson, St. John, N. B., November 13th, 1917. not the labor necessary, and the pursuit Sir Anthony Vandyck, Dutch portrait e sensations are naturally acute and English translator of Josephus, born, 1607; vivid, the call of external nature is so Earl of Clarendon, English statesman and strong that it must be obeyed, and is ever historian, died, 1674; Sierra Leone, British heard louder as the approach to her is West African colony, founded, 1786; nearer, in those whose sensations are Joseph Bramah, English machinist and St. Stephen for the County of Charlotte, naturally blunt, the call is overpowered lock-maker, died, 1814; Samuel Wood- for the voting of all soldiers still serving at once by other thoughts, and their fa- worth, American poet, author of The Old or honorably discharged, whether they culties of perception, weak originally, die Oaken Bucket, died, 1842; Father Mat- have served in Canada or otherwise, who of disuse. With this kind of bodily sen- thew, Irish temperance advocate, died, on account of returning recently, or for sibility to color and form is intimately 1854; Meredith Nicholson, American any reason, have not their names on the connected that higher sensibility which novelist, born, 1866; Ezra Cornell, founder civil list. we revere as one of the chief attributes of Cornell University, died, 1874; Sir of all noble minds, and as the chlef spring Hugh Allan, Canadian financier and shipof real poetry. I believe this kind of owner, died, 1882. sensibility may be entirely resolved into December 10. -Stormberg, 1899. Llewel-

the acuteness of bodily sense of which I have been speaking, associated with love love, I mean, in its infinite and holy functions, as it embraces divine and human functions are in the functions. The function of the func man and brutal intelligences, and hallows the physical perception of external objects by association, gratitude, veneration, and other pure feelings of our moral nature.

And although the discovery of truth is maso Grassi, Italian poet, died, 1853; Thomas Holcroft, English equation of the same without eral Sir Williams, here of Kars, born in Nova Scotia, 1800; Tomaso Grassi, Italian poet, died, 1853; W. F. Kennedy within thirty days from the content of the same without evaluation of the same in itself altogether intellectual, and de-Countess of Warwick born, 1861; Leopold St. Andrews, N. B., November 10th, Position.—On inner end of Herring covers of physical learning of physical learning and the state of the state pendent merely on our powers of physical King of Belgians died, 1865; Treaty of perception and abstract intellect, wholly Peace between United States and Spain lent of our moral nature, yet signed at Paris, 1898; Assouan Dam, Egypt, these instruments (perception and judgement) are so sharpened and brightened,
and far more swiftly and effectively used,
