Fishery at Fogo Has Opened Fairly Well—Rd. Collins of Indian Islands Has Made Good Start—Bad Weather Past Week Has Hampered Operations

The S.S. Susu, Capt. Roberts, arrived here at 9 a.m. yesterday from the North. She made a fair run North and South, considering that she had a deal of foggy weather, and made all ports of call. She brought a few passengers.

We learn by the Susu that the fishery at Fogo and other places where she calls has opened very favourably. Traps are out at Fogo, Musgrave, Change Islands and Ingleton, and as the Susu came South good catches were reported. Rd. Collins of Indian Islands put out his trap Monday last and when the ship was coming South he reported for more than 100 qts. cod ashore. In other ports there are fair catches also and the opening prospects are very bright. Bad weather the past week has been a handicap to fishing.

AN UNIQUE EXHIBITION

Mr. Harold Loder, of Trinity Bay formerly, but who was travelling in the Canadian North-West, exhibits in the windows of the C. L. March Co.'s store to-day a curio a souvenir of the great Panama exposition. It is a paper weight of glass, encased in which is a sample of the strata of soil thrown out by the last blast set off in the Canal. The soil shows a terra cotta, light blue and buff and it is an unique reminder of this great engineering feat.

SERGEANT MAJOR CLARE SAID TO HAVE WON A V. C.

Yesterday the report was current all over the city that Company Sgt. Major Wm. Clare of this city had won the Victoria Cross. It was hard to secure the source from which the report emanated and as far as we could learn there was no official information available. Will wait forward with the first contingent and, we learn, was turned down a couple of times owing to some physical trouble. His brother Bob also went along in the same, and both are fine young men who from their long association with the C. C. C. was well up in drill &c. The report was also current that Corporal Gladney had won a D.C.M., and that similar posthumous honours were awarded the late Private John Fitzgerald, killed at Gallipoli.

WIND DELAYS SCHOONERS

There are now more than 100 sail of Northern schooners in port laden with fishery supplies who cannot leave owing to the prevalence of a N. E. wind which has lasted for some weeks. Helen annoyed her father with questions while he tried to read the newspaper. One evening amongst other things she demanded: "Papa what do you do at the store all day?" "Oh," he answered briefly "nothing." Helen was silent for a moment and then asked "But how do you know when you are done?"

OUR THEATRES

THE NICKEL.

To-day there is another big attraction at the Nickel theatre—a three reel Clipper star feature entitled "The Alternative." The noted Broadway stars Constance, Crawley and Arthur Maude are in the leading roles. This is a marvellous production, an intense drama with a deep human interest story. The Thanhouser Co. presents the thrilling detective story, "The Long Arm of the Secret Service." This is one of the finest pictures of its class. Bert Stanley will be heard in another of his popular novelty songs. The great social serial "The Strange Case of Mary Page" is coming to the Nickel shortly. It is in fifteen episodes and features Edna Mayo and Henry W. Walt-hall.

THE CRESCENT

Mr. Frank DeGroot sings the great Filzer ballad "As Long as the World goes 'Round'" at the Crescent Picture Palace to-day. The picture program is a fine one. "His Crucible", the feature picture, is produced in three reels and features Nell Craig, the celebrated Essanay star. "The Siren" is a fine melo-drama produced by the Vitagraph Company. "The Fox Trot Finesse" is a classy Drew comedy with Mr. and Mrs. Sidney Drew. A special programme of music has been arranged to accompany this big week opening show.

OLD MAN'S NARROW ESCAPE

Mr. Wm. Crockwell, aged 80, of Bay Bulls, drove into town for medical aid this morning and after crossing the Mill Bridge he drove down the lower South Side Road. Being deaf he did not hear the cross-country freight coming after him. His wagon was quite near the track and the train overtook and was passing him, but the last car hit the wheels and threw horse, buggy and man over the embankment. The vehicle was wrecked but the old man who was attended by Dr. Cowperthwaite as well as the horse, escaped without injury.
