CHIROPODY

ckingham, Que., May 8rd, 1915. For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after cating, while at times I had nausea and vomiting, and had chronic Constipation. 1 went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-atives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take Fruit-a-tives", and you will get well". ALBERT VARNER.

'We Did Our Best, Received the Best" Says Balfour of Trip to America

London, July 13 .- "We did our est and received the best," Foreign Secretary Balfour in referring in an address to-day, to the Bri h mission visit to the United States. "Never was a mission so kindly treated by those to whom it was sent, never was hospitality offered more graciously or with a freer hand, never was a mission from one country to another more cordial.

'The results of the mission were the United States realized that the mission was symbolic of a great new departure in the history of the world They knew it instinctively. were able to grasp what it all meant. not only for the present, but for the tuture of the world. They saw what German militarism meant with clear vision and entered the war with an unselfish motive. I rejoice that we have with us such a country as the United States, such statesmen as President Wilson. They are as far emoved from pinning their faith in nmeaning formulae as from the dea of putting one nation under the mination of another. They cherish the same great ideals as we, which are our very own."

Mr. Balfour paid a tribute to the memory of the late Joseph H. Choate of New York, who, he said, was 'taken away at a moment when a new and happy spirit brooded over common destinies.'

In the audience were Ambassador Page, the Japanese, Italian and Por tuguese ambassadors, the Roumanian and Serbian ministers, the Earl of Derby, secretary for war; Lord Robert Cecil, minister of blockade: Baron Rhondda, food controller, and embers of the Balfour mission. Atached to the official program was a rinted slip saying : "Should the proceedings be inter-
