THE ACADIAN.

WOLFVILLE, N. S., AUG. 24, 1894.

Local and Provincial.

Our public schools begin again on Monday next.

The ordinance of baptism was administered to one candidate in the Baptist church last Sunday evening.

Rev. W. Phillips, of Hantsport, will occupy the pulpit of the Methodist church on Sunday morning and evening.

The Windsor ship Habitant, which was damaged by fire and was condemned, has been sold for £190 at Melbourne, Australia.

Mr and Mrs Archibald have the heartfelt sympathy of the community generally in the loss they have sustained in the death of their children this week.

We were favored with a reviving rain-shower on Monday night, which will be of immense amount of good to the afterfed and growing crops generally.

This is the picnic season and the many beautiful resorts in this vicinity are daily visited. Hardly a day passes but one or more picnic parties drive through our town.

Mrs Burgess entertained about 70 friends at a 5 o'clock tea on Wednesday evening. In the evening a few young people prolonged the merriment about midnight.

The managers of the Kentville Driving Park are calling for entries for their Fall Races, which take place on September 19th and 20th. Arrangements are being made for six races, and \$510 in purses is offered.

FOR SALE.—A superior, double-seated Wagon. Apply to D. B. Shaw, Wolfville.

The St. John Sun has introduced the Mergenthaler linotype machine in its printing department. Its issue of Monday last was the first set by the new process. The Sun is always enterprising and deserves the success it wins.

We have received two copies of the Breeze, recently started at Canoe. It is a neatly gotten up eight-page journal, published by Bertram Bennett; is well-filled with good matter and should succeed. We gladly put it on our list.

A very pleasant gathering assembled at the new residence of Mr L. W. Sleep on Monday evening to participate in a "house warming." The usual festivities of such an occasion were indulged in and a most enjoyable evening was spent.

FOR SALE.—A good carriage horse—perfectly sound and kind-colored bay; seven years old. Apply at this office.

THE ACADIAN offers an apology to its readers for its appearance this week. A shipment of paper from Montreal not coming to hand in time we are compelled to use an inferior quality. Next week we hope to have our regular supply.

Retail advertisers have a tendency to generalize in their advertising. This should not be done; the public wants to know something definite regarding the goods advertised. Ads. should be made to resemble, as closely as possible the arguments that the merchant would use in his store.

The town authorities should take some action to prevent the posting of show cards on the telephone and electric light posts. At present they have a very untidy appearance. The posts should be painted and made to present as good an appearance as possible. They are no ornament at the best.

For some time past the ACADIAN has advocated the establishment of a mill here for grinding flour and feed. We are glad to know that there is a likelihood now of such being started. A meeting of a number of those interested was held one evening recently, when it was decided to organize a joint-stock company. A stock-list has been opened and is now being circulated. We trust the new venture will have the support of all.

Headache Specific still ahead. If you have headaches try a 10c. package, and be convinced. Two sizes 10c. and 25c. Druggists.
