Attacked by a Bear

Mr. Charles Fletcher, driver of the Fredericton stage, had a rough experience with a beer on the road near Moran's Brook yesterday.

The bear was eating a carcass by the side of the road when Fletcher met him. Enraged at being disturbed and by a small bullet that Fletcher put into him from a revolver he charged on the driver, who escaped by climbing into the house. Hull was letting down a bin the wagon. Bruin then vented his rage on the horses, one of which he so badly injured that it had to be left on the road a short distance further on and another one supplied in its place.
