

RUSSIA IS ARRAIGNED AT CIVILIZATION'S BAR.

How Russian Magistrates Covered Up Evidence of Massacre.

Imprisoned Widow Because She Did Not Remove Traces of the Massacre—
Trouble Brewing at Adrianople—Turks Destroying Bulgarian Villages
and Imprisoning Many People—Japan Will Support the Government
in Strong Measures Regarding Manchuria—The Treaty Between
Britain and China Goes to Pekin to be Ratified.

Vienna, June 29.—The action of the U. S. Government, concerning the petition to the Czar, regarding the Kishineff massacre, is watched with the closest attention here on account of its possible effect on eastern affairs. The Neue Freie Presse says: "The Russian autocracy is moved in fact that the President as an advocate of humanity, reminds it in the face of the whole world of the duties it owes to humanity and justice."

"Natural Phenomenon."

London, June 29.—The Times today publishes from "a correspondent" instructive details regarding the Kishineff inquiry. Davidovitch, one of the investigating judges, has communicated an article to the Besarabetsky attempting to demonstrate that it is impossible to prosecute anybody for the massacre on the ground that it was a "natural phenomenon." The magistrate tried to effect the evidence. One of them refused to allow a post-mortem of the mutilated and violated victims. Photographs of the bodies were not permitted, and the survivors were ordered to clean the houses where the murders were committed before the police examined them.

In one instance a Jew was killed and all the members of the family were severely wounded and taken to the hospital, and his widow was condemned to one month's imprisonment for not removing the traces of murder. Freimat, the magistrate, devoted to take evidence in cases of assault, refused to take the accusa-

tions, and treated cases as mere bagatelles.

Trouble Brewing at Adrianople.

London, June 29.—A despatch from Vienna to the Morning Leader says the situation in the vilayet of Adrianople is very grave. There are many indications that Bulgaria and Turkey regard an outbreak of war as a probable contingency. It is reliably stated that the Turkish authorities are organizing a regular persecution of the Bulgarian inhabitants, their villages being razed to the ground and many notable Bulgarians being imprisoned on slight pretext. The Turkish troops in the vilayet number 120,000.

Japan Means Business.

London, June 29.—According to the Tokyo correspondent of the Times, the excitement in Japan over the Manchurian problem is increasing, and the nation is plainly resolved to support the Government in any measures which are deemed essential. Marquis Ito and Count Yamagata, who hitherto advised a waiting policy, now, it is understood, favor resolute action by the Japanese Government.

The Treaty Goes to Pekin.

London, June 29.—The Times' correspondent at Pekin says it is announced that the ratified commercial treaty between China and Great Britain, which was signed by Sir James L. Mackay and the Chinese commissioners at Shanghai last September, is on its way to Pekin, and ratifications will presumably be exchanged after its arrival, although China has not vouchsafed a reply to the queries of the British Government regarding her intentions as to the carrying into effect of some of the more loosely worded clauses of the treaty.

SPORTING PARAGRAPHS

An interesting shoot took place at the Dymos' Hotel on Saturday afternoon between the members of the Merchants' Gun Club. There were five ten-bird sweeps, the top scores being:

Marshall	9 10 11 12 13 14 15 16 17 18 19 20

Six others shot.

Quite an interesting cricket match was played at the Hamilton grounds on Saturday afternoon between the home team and the Royal Military College eleven. It was a rather unfortunate ending; three of the Hamilton players left the grounds a little after six, not thinking they would be called upon to bat again—that the game would be a one-inning one. With the Hamiltons only one to make and three left out, the game was awarded to the visitors. At the end of the first inning the score was 103 to 95 in favor of the home team.

Captain Symons, of Kingston, had top score, 57. Hope, Gibson, Watson and young Marshall, of the Highfield School eleven, showed up well. The score in full will appear in the Times to-morrow.

J. A. CULHAM, BARRISTER, HAS PASSED AWAY.

He Was a Conscientious Lawyer and a Respected Citizen.

A respected citizen and an active member of the legal profession passed away late on Saturday night in the person of J. A. Culham, barrister. He was a member of the class of '79 of Toronto University, taking a medal in classics, his Alma Mater soon after conferring upon him the degree of M. A. He entered upon the study of law in the office of Besthume, Moss, Falconbridge & Hoyle in Toronto, and was called to the bar in November, 1882. He soon after re-

moved to Hamilton and became a member of the bar. He was in poor health, and acting under his physician's advice he left for Baltimore, where an operation was to be performed, and for some time the physicians gave every hope of Mr. Culham's final recovery. Complications, however, set in, and last Tuesday he was brought back to Hamilton by Mrs. Culham and Rev. Mr. Howitt. He was a loving and devoted husband and father, and by his unwavering integrity and uniform courtesy had endeared himself to a

ANARCHISTS' BONDSMAN RUINED

Revengeful Negro Wounds Six Passengers in an Electric Car.

Paterson, N. J., June 29.—William McQueen and Rudolph Grossman, the anarchists who took a prominent part in the mill riots here some time ago, failed to surrender themselves in the court of quarter sessions on Saturday and serve five years in state prison. The court declared their bail of \$18,000 forfeited. It was said that McQueen has fled to England, and that Grossman is in hiding in Chicago.

Their Bondsman is Phillip Meyer.

A wine merchant of this city, and it is said that the forfeiture of the bail will practically ruin him.

A Revengeful Negro.

Chester, Pa., June 29.—Six persons have been shot and severely wounded on a trolley car between Media and Chester. A negro, believed to have been seeking revenge because the conductors of the car recently ejected him, discharged both barrels of a shot-gun at the car as it passed a lonely spot in the country. The car was crowded. Four women were among the wounded. The negro made his escape.

THE MAN IN OVERALLS

Case is no fool. If he had believed Gamey's story he would have said so in the House.

The Times is not going to charge you 25c. for a copy of its Carnival number. But it will be worth the money.

They all swear by Ald. Kerr below the bridge.

Well, what do you think of the bay front improvement scheme? It will be a great thing for Hamilton and the north end.

I am afraid Ald. Stewart is still plotting how to knock the bridge scheme on the head.

The cement gang will vote the other way the next time.

We will see to-night just what influence the Con. Club has on civic appointments.

Oscar Sealey is a different man from Oscar Rogers.

Case has no use for Gamey.

Next month is a great month for celebrations. First of July, Fourth of July and Twelfth of July.

When Ald. Kerr wants to be Mayor he has only to say the word.

The strawberry grower should not have to eat snowballs the coming winter.

I beg to suggest re-consideration of the stone crusher question. Why go to New York?

The bridge opponents ought to be in Durandville.

The Spec. forgot to say on Saturday that on the bridge question Ald. Findlay took the high road and Ald. Stewart the low.

Landsdowne Park is a great place for a picnic, once you get there.

Tip Gallant is the whole tip.

There must have been a couple of thousand people in the cemetery yesterday afternoon.

Those Toronto soldier cricketers met their Waterloo here on Saturday.

That was a gallant race Tip Gallant ran. Nothing Crooked about it, either.

It would be like found money to "My Dear Poy" were the Government to offer a reward of \$10,000 for information as to where Gamey got his money.

The North End Park and the bay front improvement schemes go hand in hand.

Here's wishing success to Toronto's harvest home.

There will be no scarcity of ice this summer. I can guarantee that.

This has been a great month for marriages. No wonder houses are scarce.

Taking the trouble with the Radial cars and the climate into consideration, I think it would be a very hard sentence were anybody sent down to the Beach for a month.

The Finance Chairman does not appear to be bothering himself about the overdrafts and Ald. Birrell, I understand, is still signing cheques.

Thank goodness the rising generation do not know what it is to live in the dark N. days, when men either worked for starvation wages or starved for want of work.

Because a happens to be summing up on the mountain is no reason why he should look down on the rest of us.

Perhaps I have been a little late in going round to take a look, but I can't help saying that the T. H. & B. gardener, whoever he is, has been quite a pretty little piece of the station grounds.

I wonder if the "Old Boy" himself will be here with us during Carnival week.

Unwritten history lies ahead—Unwritten and unknown. May something kind of me be said, Where you indite your own.—London.

The Redistribution Bill.

Ottawa, June 29.—(Special.)—The Redistribution Committee was called for this morning, but there was no meeting. It was intended that the meeting should be private, so as to reach some decision in regard to the difficulty which arose about the united counties in Ontario. This threatens to bring the parties to a deadlock, as far as the redistribution of Ontario is concerned, but another meeting has been called for this evening, and a way may then be found for bridging the difficulty.

If the hitch about the united counties for municipal purposes is got rid of, the remainder of the work will be easy.

Death at a Ball Game.

Quilman, Ga., June 29.—As the result of a ball game near here between nine composed of negroes from rival plantations, Sam Johnson, of the plantations, is dead, and Umpire Dick Edmondson is seriously wounded.

RUNAWAY ACCIDENT

Caused by Occupant of Rig Putting Up Her Parasol.

A rather serious accident was caused yesterday afternoon by quite a simple little incident. Capt. J. B. Fairgrieve was driving on York street, near the high level bridge, in company with his son James and the latter's wife and daughter Ida, and Mrs. Davis, mother of Mrs. Fairgrieve senior, when the last mentioned raised her parasol and the rig frightened the horse, which bolted and ran. On the bridge was a farmer's rig, a wheel of which was struck and wrecked, and the rig upset, and all the occupants on it. Mrs. Davis fared the worst, having her shoulder bone broken. The others were injured, but not seriously. Mr. Fairgrieve's party to their homes.

MORNING WEDDING.

Bright and Happy Event at St. Mary's Cathedral. This Morning.

An impressive marriage ceremony was solemnized this morning at St. Mary's Cathedral. Rev. Father Walters united in the bonds of holy matrimony, Mr. T. J. Eagan, of this city, and Miss Elizabeth Marie Ryan, formerly of Kingston. The wedding was a quiet one, and was witnessed only by the immediate friends of the contracting parties. The bride was assisted by Miss Sadie Conroy, who was attired in cream silk, and Mr. J. Titus supported the groom. The costume of the bride was a very becoming travelling suit of blue, with hat to match. She carried a beautiful white prayer book.

A Sumptuous Repast was served at the home of Mrs. C. Neilligan, where the happy couple received many congratulations and were showered with rice in token of their friends' wishes for good luck, as they left the house for their trip to the east.

MINERS SAID TO BE LOSING BY AWARD OF COMMISSION.

Baer's Offer Computed to be \$250,000 a Month Better for Them.

Pottsville, Pa., June 29.—That the attitude of the miners' union is costing the miners of the anthracite region nearly a quarter of a million dollars monthly in wages is said to be demonstrated by statistics just completed at the headquarters of the Philadelphia & Reading Coal and Iron Company.

When the awards of the strike commission were made, a controversy arose between William Wilhelm, a local labor leader, and John Mitchell. Wilhelm took exception to Mitchell's claim that the award was a victory for the miners, and stated that he himself, as an intermediary, had been offered better terms of settlement while the strike was in progress, and that the acceptance of President Baer's offer, made publicly before the commission, of a general increase in wages of 5 per cent. would have been of greater benefit to the em-

ployees at large than the ultimate award of the commission.

A careful tabulation of wages received by miners and laborers employed by the Philadelphia & Reading fully bears out Wilhelm's statement that 60 per cent. of the men at work in the mines do not benefit by the award of the commission. The miners receive a higher rate of wages, but they work less and do not earn more money than previously. But the general class of laborers, drivers, breaker employees, etc., received no advance in wages, and the company has on account of the alleged arbitrary attitude of the mine union, have taken away many of the privileges formerly enjoyed by them. It is estimated that a general advance of 5 per cent., as proposed by Mr. Baer, would have made a difference in wages throughout the region of \$250,000.

At a meeting of the conciliation board, to be held here shortly, a desperate attempt will be made to get the Philadelphia & Reading Company to restore the short Saturday workday.

Is This True?

London, June 29.—Shortly after the Kishineff outbreak the Russian embassy conveyed a personal assurance to the Lord Mayor of London that if he would discontinue anti-Russian agitation in London he could depend not only that there would be no repetition of such attacks on the Jews, but that measures would be undertaken to generally improve their position in Russia.
