## Notes and Comments.

The House of Assembly will be

opened this afternoon by His Excel-

lency Governor Davidson.

The Speech from the Throne, so we

are informed, will contain many prom-

ises—but as promises from the so-

called people's party are made with-

out stint—our people are wise enough

not to accept them at their face

value.

Mr. John R. Bennett will, according

to the News, move the Address in

Reply and Mr. R. A. Squires will be

the seconder, and a great amount of

fulsome flattery will, no doubt, be

heaped upon Sir Edward—for as

there are not great favors to be

bestowed in the dim future—when

Morris comes back. But we say that

Morris will not come back—he cannot

come back—he cannot make good.

His day is waning—and to-day's func-

tion only emphasizes the fact that the

end is in sight.

The people want a change—to adopt

a stock phrase of or friend the enemy

—and a change they will have; and

when Governor Davidson opens the

next Parliament, the present crowd of

time-servers will have gone to their

political rewards—"unwont, unbono-

red and unsung."

The weakling of Prescott Street

will have ample time to write another

book on "How it Happened in 1913";

and also to reflect on his past career as

a destroyer of character—and we

hope he will turn from his childish

ways and try to be a man—a manly

man.

We are promised a short session.

There cannot, as the House is now

constituted, be very much opposition,

but that is just what will prove a

tower of strength to the Liberal

Party next fall for the opposition will

let the Morris Party have plenty of

rope—and Morris and his friends will

## Archbishop's Coach- man Injured

Yesterday afternoon Mr. Wm. O'Neill, coachman with His Grace Archbishop Howley, met with an accident and was badly injured, though not seriously. O'Neill was driving His Grace's pair of horses from the stable and while coming through the archway leading to Allandale Road they suddenly became frightened and bolted. The sleigh was capsized and the driver thrown out, his head striking the ground and a deep cut was inflicted. He was picked up in an unconscious state and conveyed to the General Hospital by Cabman Dodd, the team in the meantime being brought up by fireman Neary of the Central Fire Station. When O'Neill regained consciousness his first inquiry was after the horses. His Grace on learning of the happening immediately visited the home of the coachman and consoled his mother.

## S. U. F. Lecture.

Rev. A. Clayton delivered an interesting lecture to a large gathering of the S. U. F. in the British Hall last night on the different methods of fishing as it is carried on in China, South Sea Islands, the Pacific and the British Isles. He explained the ingenuity of the Chinese people who reap rich harvests from the sea. At the close a vote of thanks proposed by Mr. W. H. Goodland and seconded by Mr. G. Langness was carried by acclamation. During the evening a collection was taken up for Widows' and Orphans; also the hymns were sung—"O God our Help in Ages Past" and "All people that on Earth do dwell."

## Hr. Grace Notes.

Mr. and Mrs. Allan Sheppard, of Montreal, having spent the winter very pleasantly with their friends here, will leave by this afternoon's train for St. John's Bay, and on Thursday will join the cross-country train en route to the Canadian home.

The funeral of the late Mr. Mark Walsh took place on Sunday afternoon and was very largely attended. The members of the British Society accompanied the remains to their last resting place. Mr. Walsh was a member for over fifty years. At the hall President Ford spoke in fitting terms of this old member, and a vote of condolence was passed to be tendered to the bereaved family.

Mr. Hedley Wareham, of Placentia Bay, arrived in town by Saturday night's train and spent Sunday with his sister, Mrs. W. A. McKay. Mr. Wareham was one of the naval reservists selected to represent Newfoundland at the Coronation of King George, and he is the proud owner of a silver medal, with his name inscribed thereon, which he received from the hands of no less a personage than His Majesty King George himself. Many and interesting are the incidents he explains of his visit to the big city while it was at its best. Mr. W. left for home by Monday morning's train.

Mr. Grace, March 4th, 1913.

## One Dose Relieves a Cold--No Quinine

Pape's Cold Compound cures colds and grippe in a few hours.

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges running of the nose, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine—belongs in every home. Tastes nice.

## Saturday's Carnival.

The Children's Carnival which takes place on Saturday afternoon at the Prince's Rink, the first for the season, no doubt will be an amusing and interesting event. Great preparations have been made for this affair by the parents of those who will take part and it promises to eclipse any former carnival yet.

## Mission at Litledale.

The young ladies of Litledale Academy have just concluded a Mission given by Rev. Fr. McDaniel of the Redemptorist Order, now visiting St. John's. It was a Mission that will be ever memorable to those who listened to the earnest and impressive sermons of the Rev. Father.

## Clergyman Victim of Mob Law.

For some time past a rumor has been abroad at Bay Bulls Arm, T.B., and other nearby places that Rev. Mr. Greene, Methodist Minister, who had been officiating at Bay Bulls Arm, recently met a violent death in North Dakota, U.S.A., where he had been stationed some time past. The story goes that Mr. Greene denounced from his pulpit the graft, corruption and general unchristian actions of some of the people which so incensed them that they attacked him as he left his church and so maltreated him that he died in hospital from his injuries. Mr. Greene was quite a young man and came two sizes, 25c. and 50c. the larger bottle being more than twice the capacity of the smaller size.

## McMurdo's Store News.

WEDNESDAY, March 5, 1913.

The claim of Nox a Cold on the public is based on the fact that it is designed to relieve and cure not merely the cough, hoarseness and bronchial irritation that usually accompanies colds, but also the shivering, feverish conditions, pains in the bones and muscles, and chill. It appears to do its work very well, and certainly has a large number of friends and believers in its curative properties. We have two sizes, 25c. and 50c. the larger bottle being more than twice the capacity of the smaller size.

During the prevalence of the season of March winds, you will find Cream of Lilies simply invaluable as a remedy for, and preservative from the effects of these winds. Cream of Lilies judiciously used, will keep the skin in good condition at all times. Price 25 cents a pot.
