C.L.B. Celebration.

The Church Lads Brigade celebrated their 22nd anniversary yesterday, and to commemorate the occasion the battalion turned out in large numbers to the morning and afternoon services at the Cathedral. The attendance at Holy Communion was a record one. Rev. Canon White officiated and was assisted by Revs. Gordon Holt, Brinton and Stokings. At 1.30 p.m. Divine Service was conducted by Rev. Canon White assisted by Rev. Canon Holt; the former occupied the pulpit and delivered an excellent discourse on "Perseverance" which was listened to with the attention of all present. The singing being over, the corps, fully one hundred strong, paraded to their headquarters by way of Gover Street, Lechmere Street, Military and Harvey Roads, the band discoursing beautiful selections along the route. On arrival at the Armoury the Brigade was addressed by Lt.-Col. Rendell who expressed his gratitude to the ex-members and old comrades for their valuable assistance in all matters pertaining to the interests of their old corps, and in doing this was venturing the sentiments of his fellow officers and the whole battalion. He also stated that in response to a circular issued recently, considerable financial assistance had been received from ex-members in far off lands, which aid was greatly appreciated. Before concluding he made reference to the expansion of the corps to Bell Island, and intimated that the new company recently formed there would be known as a detachment of Company A. After enthusiastic cheering for the past and present members, the Brigade was dismissed.

Gentlemen—I have used MINOR'S LINCTUM on my vessel and in my family for years, and for every day ills and accidents of life I consider it has no equal.

Britain Worried over Trouble in Transval.

London, Nov. 12.—The march of Ghandi and his three thousand Indian followers into the Transvaal as a protest against the South African Immigration Act is watched here with interest and anxiety, and it is recognized that Ghandi's arrest does little to solve the problem. Ghandi is admittedly highly respected, loyal and able. He did good service in organizing the Indian ambulance service during the Boer War, and his cause commands the sympathy of the Government of India. As the Westminster Gazette declares, "Beyond all question, the treatment of Indians in South Africa is a grievous cause of Indian unrest, and we may be sure millions of people in India are watching the fate of the three thousand, and regard it as a test of the capacity of the British

Even Most Chronic Sufferers Find Relief From Few Doses of Croxone.
Croxone soon relieves such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; heals the inflamed membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they can filter and get rid of the poisons from the blood, and drive it out of the system.

Taken for Safekeeping.
An outdoor man was found lying in George Street, Saturday evening with a suit case under his head. He was decidedly under the influence, and was composing himself for sleep, when four sympathizers of the "Weary Willie" type, visited him to see that his money was alright. Fortunately for the would-be slumberer an officer appeared on the scene and relieved their doubts by taking the poor fellow to the police station for safekeeping. The man had over fifty dollars in his pocket.

Healthy and Unhail by Lighting

Gas, it may be said, vitiates the atmosphere. True. But it also helps to purify it. Its purifying power is greater than its vitiating power. Electricity does not vitate, nor does it purify. Hear what these eminent men have said:—
Much evidence has lately been adduced to show that gas is more useful than the electric light in promoting efficient ventilation of air. It is for this, amongst other reasons, that gas is being frequently substituted for the electric light. The latest example is, perhaps, the Society of Medical Officers of Health, which has recently installed gas on its premises, after experience with the electric light.—Dr. Jamieson B. Hurry.
He would merely add that no member who had experience of their meeting under the old conditions could deny the improvement that had taken place since gas had been substituted for the electric light and the new system of heating and ventilation had been installed.—Dr. Reginald Dudley, before the Society of Medical Officers of Health.
I have in my mind's eye, at the moment, a hall which, in the old days, was lighted by gas, and in which a large audience could, with comfort, sit through an hour's lecture, or with pleasure through a three hours' dinner, but which with the march of civilization, had its illumination changed from gas to electricity, the latter being employed with all the latest refinements to effect the lighting under the best conditions, with the result that any large gathering within its walls leads to a state little short of asphyxiation.—Vivian B. Lewes, Professor of Chemistry at the Royal Naval College, Greenwich.—nov 8, 13

To a nice inch gun.

This poem came to the New York World office on a crumpled piece of soiled paper. It was signed "P. F. McCarty," and the author's address was given as "Fourth Bench, City Hall Park."—"Whether your shell hits the target or not, your cost is five hundred dollars a shot. You bring of noise and flame and power. We feed you a hundred barrels of flour. Each time you roar, your fame is fed. With twenty thousand loaves of bread. Silence! A million hungry men Seek bread to fill their mouths again." There are three fashionable skirts—silhouettes, the full hip drapery, the tunic and a back drapery, prefiguring the bustle.

Wedding Bells.

The wedding of Mr. Richard English, the popular school teacher of Job's Cove, Conception Bay, to Miss Lill Oliver, daughter of Andrew Oliver, Esq., of Gull Island, took place in the R. C. Church at Northern Bay, on Thursday, Nov. 6. The exquisite costume of the bride excited the admiration of her many well-wishers. About fifty persons accompanied the bride and groom to the church. After the ceremony, which was performed by Rev. J. Lynch, the happy couple drove to the home of Mr. A. English, where a reception was held. About one hundred and twenty guests were present and a most enjoyable time was spent. Amongst those who had been invited were Rev. J. Lynch, Mr. and Mrs. Andrew Oliver, Mr. and Mrs. W. J. Doyle and Mr. James Fitzgerald who read the congratulatory messages received by the bride and groom, and expressed the best wishes of all who were present for the future happiness of the newly married couple. Rev. J. Lynch congratulated them upon the happy event. He spoke in highest terms of the groom who had worked under him as teacher for several years past. Mr. R. English, Miss E. Morris, Librarian at the Colonial Building, and other friends were present. The bride received many beautiful and costly presents. To her as well as to the groom we wish many years of wedded life, filled with all the happiness this world can afford.—Con.

Townpeople Attack Officer and the Troops are Called Out.
Seaborn, Alsace, Germany, Nov. 10.—A violent outbreak of indignation accompanied by riots, was brought about in this little garrison town last evening by the publication of some remarks of Lt. Baron von Forstner, of the 99th infantry to the recruits of his company while he was instructing them as to the manner in which they should conduct themselves towards the townspeople.
The lieutenant said he would reward by the sum of \$2.50 any of his soldiers who "ran through any Alsatian vagabond" molesting him.
A crowd of angry residents layd the lieutenant during the afternoon at a house where he was making a call and he was obliged to send for a squad of soldiers who armed with loaded rifles, escorted him to his residence.
In the evening thousands of people besieged the officers' club. The police were helpless and the firemen were summoned to disperse the crowd with the help of their hose, but the hose were soon cut by some of the most daring.
Troops were then called out and with loaded rifles and fixed bayonets cleared the streets.
A sergeant of the regiment who was reported to have told the recruits he would add 75 cents to the lieutenant's \$2.50, was caught by the crowd, dragged into an alley and badly handled.
No denial has been issued of the lieutenant's remarks.

He was only slightly dazed by the fall, and taken to the Western Hospital, carrying with him his ear that had been picked off the ground.
At the hospital his ear was immediately sewed on. It is reported that the injured man is doing well, and the doctors expect his ear will be as good as ever.—Montreal Telegraph, Nov. 8.

Hr Grace Notes.

The boys who were before Judge Oke last week charged with putting stones on the railway track were remanded for eight days.
The schr. Cleopatra, Capt. E. Taylor, left this morning for Spaniard's Bay with a load of coal from the Harbour Grace Coal Company. This company is now doing a good business, and it looks as if Harbour Grace is to be the future centre for the coal trade of Conception Bay.
Mrs. W. Churchill, of St. John's, returned home on Tuesday after a pleasant visit to her daughter, Mrs. R. T. Parsons and other friends here.
Thomas Hanrahan, Esq., M.A., is now on a school inspection tour at Grand Falls.
We are sorry to report that Dr. Charles Cron is very ill from the effects of a bad cold. A doctor's life is not a bed of roses, in fact a bed is of very little good to the poular medico, as he is liable to be called at any moment. We hope the doctor will soon be sufficiently recovered to be able to get out again.
The schooner Studland is now receiving a new mainmast, and will be ready for another trip to St. John's next week, where she will take a full load of shop goods for her owner, Mr. E. Simmons.

German Insults Alsations.

Word comes from British Columbia that Captain James Noel, son of Mr. Simon Noel, formerly of this town, was married recently to Miss Lennis Merry of that place. The many friends of the groom here will wish them much happiness.
