

### Soil and Sun

India is many times the size of Nova Scotia, and Ceylon many times the Annapolis Valley. It is not enough to know that it is India or Ceylon Tea—Cape Breton Apples don't compare with Annapolis Apples, nor does ordinary India or Ceylon Tea compare with Blue Bird, which is grown where sun and soil unite to make the most fragrant and flavorful of teas.

### Give them the reception they receive at home.

"Get rid of them overseas" is the slogan of U. S. manufacturers of spurious parts who find the home demand for their product has reached the vanishing point. They take it for granted that you will buy these worthless parts if the price is low enough. Show them, unmistakably that it will take more than the immediate saving of a shilling or two on a few spare parts to blind you to the glaring defects of their products. Demand—and see that you get—Genuine FORD Parts. Only so can you defeat the aims of these makers of worthless parts and protect yourself from the dangers that attend their use in your Ford.
