## Good News of Straits Fleet

The news reported in another column of the success of the vessels that have been prosecuting the fishery in the Straits is a most promising augury of the result of the Labrador fishery.

From past experience it is said that a good fishery in the more southern water is generally followed by a successful fishery North, and the fact that these vessels are home at such an early date means that they will be able to sail again immediately with good prospects of securing a second load.

It is to be hoped that the success so far will continue and that the whole Northern fleet will participate in it. Greater interest has been taken in the fishery this season than for years past, and with a record catch a continuation of good weather, following the successful prosecution of the voyage in 1925, the industry would be restored to something like its importance in the past.

## Roads and the Results

Motorists who have made the run during the week-end to the towns on the north side of Conception Bay speak in the highest terms of the condition of roads recently repaired and top dressed by the Highroads Commission. Not only is good work being done, but most satisfactory progress is being made, and there is every indication that those employed are keenly interested and are desirous of giving their best service.

Similar reports come from the Salmonier line, and the Topsail Road, where several gangs are employed, is at last assuming the appearance of a highway.

Whether or not motorists from abroad will bring their cars here in order to enjoy the pleasures which this country has to offer remains to be seen, but at least there can be no doubt as to the increasing number of local motorists who are already availing of the increased facilities to visit the outlying settlements. Already the latter are benefiting in many ways; the amount of money left by visitors means increased comforts, and easy communication with the city makes a ready market available for the various products raised by the residents.

The policy of road building here as elsewhere promises in every way to be justified by results.

## C. L. B. Going Under Canvas

The C.L.B. are now making arrangements for the annual camp which takes place at Topsail commencing on Thursday. The lads will leave the armoury by motor cars on Thursday morning in charge of Capt. Hayward for the grounds, and they will remain under canvas for ten days. Yesterday a pioneer party under Lieut. Mott and R.Q.M.S. Shears visited the grounds and commenced the erection of tents, etc. A squad from Trinity, Grand Falls, Bay Roberts and Portugal Cove will also join the party. On Sunday special services will be held.

## Quidi Vidi Lake Improvements

Enthusiasm over the impending Regatta is increasing day after day, and the public is rapidly catching on to the idea of supporting the Regatta Committee in the splendid work being effected at the Lakeside. The C.C.C. Band has very kindly volunteered their services to-night, the volunteered receipts at the gate to go to the Regatta fund, and it is to be hoped that the public will turn out in large numbers to hear the latest catchy music of this re-organized band. There will be five boats practicing until dark and those who want their way to the Lake to-night ought to be well repaid for the hour or two they spend there. It is expected that last week's attendance of nearly two thousand will be considerably eclipsed, and that the collection will be a worthwhile one, as funds are very much needed this year. We understand the collectors have met with hearty responses, but so much is needed that every opportunity should be availed of to increase the Regatta Committee fund. It is very probable that the first new boat will be launched this week and the second one a few days later, and interest is keen in these new boats. There is every indication that this year's Regatta will far surpass any previously held.

Ladies' Water-waved BATHING SHOES, shades of Dark Red, snug fitting around the ankle. Special Price, \$1.20. PARKER & MONROE, LTD., East End Branch.—July 21, 1925.

## C. of E. Orphanage Garden Party

The C. of E. Orphanage Garden Party is noted for the excellence of its teas and this year the ladies in charge are sparing no pains to afford even greater satisfaction to their patrons. All who have partaken of the good things these ladies have provided in the past, speak in glowing terms of the menu, service and style; everything is faultless, and in many instances a tip is left for the orphans. The ladies in charge on Wednesday will be:—Mrs. J. Coaker, Mrs. Outerbridge, Mrs. H. D. Carter, Mrs. Carnell, Mrs. G. Williams, Mrs. Stevenson, Cathedral Association, Mrs. Green, Miss Taylor, Mrs. L. J. Green, Mrs. Anthony, Mrs. England, Miss Anthony, Mrs. Rowe, Mrs. Roberts, Mrs. Rogers, St. Thomas' Association, Mrs. Alderice, Mrs. White, Mrs. Stewart, Mrs. Newworthy, Mrs. Geo. H. Cook, Mrs. Marshall, Mrs. George A. Cook. The other stalls are: Candy and Home Cookery—Mrs. Reg. Dowden.

Ice Cream—Mrs. Cole and Mrs. Laing.  
Flower Table—Mrs. J. Rendell.  
Grabs—Miss Jean Knowling.  
Fancy Table—Lady Managers.  
Afternoon teas will be served by a Committee of 12 ladies. Sergt. Rickette, V.C., has donated a handsome pipe which he requests to be auctioned. The Men's Committee meets on the grounds this evening.

Every Athlete in the city should make a point of seeing the Japanese system of self-defence—Ju Jitsu as demonstrated by Lieut. Darwen and Ldg. Seamm. Muiridge, at the Majestic Thursday and Friday. This is something you've never seen. July 21, 11.

## T. A. Juvenile Society

ANNUAL OUTING AT DONOVAN'S.  
The annual picnic of the T.A. Juvenile Society took place at Donovan's yesterday, and was attended by upwards of 350 boys and girls, besides a number of the Guardians of the Society and Ladies' Auxiliary. The party went out by special train at 11 o'clock. Upon arrival at Donovan's, luncheon was served at the hotel, following which the children participated in various games until the hour for dinner arrived. An excellent spread had been provided by the Ladies' Auxiliary, and needless to say it was done full justice to by all. The sad drowning accident unfortunately took the pleasure out of the day's proceedings, and the Committee in charge as a mark of respect, called off the programme arranged for the afternoon. Among those present during the afternoon were: Hon. W. J. Ellis, and Rev. Fr. Pippy, Spiritual Director. Return to town was made by rail at eight o'clock.

### Dance at Night

Upwards of 300 people indulged in the dance at night, the music for which was supplied by the Prince's Orchestra. The arrangements were carried out without the slightest hitch, and a most enjoyable evening was spent by all. Before the close supper was served by the management at Donovan's. Return to town was made at 2 a.m.

Ladies' Water-waved BATHING SHOES, shades of Dark Red, snug fitting around the ankle. Special Price, \$1.20. PARKER & MONROE, LTD., East End Branch.—July 21, 1925.

## Orange Grand Lodge in Session at Bonavista

A despatch from Bonavista describing the meeting and closing of Grand Black Chapter reads as follows:—  
July 20th, 1925.  
"Grand Black Chapter closed at noon. The session was large and representative and the officers were re-elected. Grand Lodge opened at eight Saturday night with representatives present of Lodges from Pleasant Bay to Bonne Bay, and north to Twillingate. A parade and church service were held yesterday, and in the parade were 250 members. The session re-opened at 2.30 p.m. to-day and will probably close on Wednesday."

All practice boats will be on the Lake to-night, and the C.C.C. Band will play the latest music. There will be a collection taken up to help finance the big work at Quidi Vidi Park.—July 21, 11.

## PEPYS BEHIND THE SCENES

July 20th.—Up betimes, albeit slightly stiff from yesterday's fishing trip and much tormented by the blues that the flies did take out of me. The weather still fine, and I to wander about the town and gossip with divers people that I do meet. Among other things, news out of Bonavista that many crews are home with big catches of fish, which do make cheerful hearing. My wife this day makes jam of strawberries that she did buy yesterday, and such ado as I did never see before, being that the heat of the kitchen puts the wretch in ill-humor, and as is her custom, she did vent her spite on me. Do read in my American papers of the trial of Scopes, the school teacher, for teaching the theory of evolution which is against the laws of the State of Tennessee. But Lord, I did never hear anything so ridiculous and methinks Tennessee is in much need of advertisement, and do seek this means to obtain it. Talking with Povey this day, he do coin a neat epigram, being that I was discoursing of my wife's temper on a washing day, and he says how women hate to wash up, and to dry up. He tells me, being an authority, on men's fashions, how the wide trousers are come to stay, which I am sorry for and do trust he is wrong.

Come to the Lakeside to-night and hear the C.C.C. Band. Give what you feel like at the gate. It will help pay for the Lakeside Improvements.—July 21, 11.

## Good News of Straits Fleet

News has just been received of the successful results of the fishery in the Straits, and the following are reported home with good catches or on their way: Captains T. Robinson, 1100 qts.; A. Blackwood, 900; Job Blackwood, 1000; Charles Blackwood, 700; Geo. Blackwood, 700; Chas. Keen, 500; Peter Roberts, 700; Sam Roberts, 700; and H. Berry, 400. The latter is from Greenspond and the others from Westville. The early return means that the vessels will be able to sail at once for the northern grounds and their prospects for a second load are excellent.

All roads lead to Quidi Vidi Park to-night. The C.C.C. Band is playing and the voluntary receipts are for the improvements at the Lakeside.—July 21, 11.

## Personal

Mr. Rousseau, of the firm of T. A. Rousseau, Ltd., of Quebec, is a passenger by the Silvia on Thursday. Mr. Rousseau, is coming here in the interests of his firm who have the contract for the building of the Hotel at Fort William. Mr. Cameron, also of the firm, accompanies him and it is understood work will begin immediately.

Come to the coolest Theatre in town on Thursday and Friday night. Which is the coolest Theatre in town do you ask? Why the Majestic of course. See the Acrobatic tumbler. See the "Handy Man" of the H. M. S. Calcutta on the stage.—July 21, 11.

## BOWRING PARK NOTES.

MONDAY, JULY 20th.  
Motorists reduce your speed to 10 Miles.

Thermometer—Noon, 78; 6 p.m., 68; 10 p.m., 60; Swimming Pool, 7 p.m., 78.

Picnickers—Please put paper and other refuse in the barrels. To-day—Tables No's 1, 2, 3 and 4 were left in an untidy condition.

Citizens—Help Keep Your Park Clean.

Ladies' Water-waved BATHING SHOES, shades of Dark Red, snug fitting around the ankle. Special Price, \$1.20. PARKER & MONROE, LTD., East End Branch.—July 21, 1925.

## TO-DAY'S MESSAGES.

FRANCE'S LOAN MAKES A GOOD START.

PARIS, July 20.  
The four per cent. Gold Coupon loan, through which the French Government hopes to refund its floating debt and pave the way for general financial equilibrium and settlement of war debts, got a good start to-day. The notices of the new issue had hardly been posted on the walls in public places, when lines formed in front of the loan windows of the banks and post offices. A sympathetic campaign to lay before the people of every corner of France the advantage of the new bonds began this evening. When Mr. Calais broadcast his arguments in favor of the loan from Eiffel Tower. At the same time a large force of financial experts began lecturing in all parts of the country.

NAVAL CONSTRUCTION DISCUSSION DEFERRED.

LONDON, July 21.  
A final decision on naval construction has been deferred until the Cabinet Council meets Wednesday, when it is expected Premier Baldwin will make a statement in the House of Commons, explaining the course decided upon and the grounds for his decision. The Government's view is that the whole question is not one of principle but of expediency. It is believed therefore that the unemployed problem may enter largely into the decision. It is still maintained in authoritative quarters that there will be no question of the Hon. W. C. Bridgman's resignation as First Lord of the Admiralty.

PUNTILLO OF MINE OWNERS DE-LAYS CONFERENCE.

LONDON, July 20.  
The Government's efforts to bring the miners and mine owners into a conference to negotiate a new agreement were seconded to-day by the Hon. Hugh Pattison MacMillan, Chairman of the Government Enquiry Board, who appealed to the owners to draw their proposal for a new agreement, which the miners had declared utterly unacceptable. The representatives of the Mine Owners are not disposed to yield on this point, and Mr. MacMillan expressed the opinion that puntillo was standing in the way of a conference.

A COAL VESSEL TOUCHES BOTTOM.

HALIFAX, N.S., July 21.  
The coastal steamer Bonholm, Captain Hansen, arrived in port this afternoon, looking after touching bottom in the Strait of Canso early Sunday morning in a dense fog. The vessel was en route from New York to Gaspe for coal, but returned to Halifax after the accident and will enter the Marine Railway to-morrow.

WITHDRAWING FROM GERMANY.

MAYENCE, Germany, July 21.  
The French and Belgian forces of occupation are rapidly evacuating the Ruhr region in Westphalia and several of the towns of Bochum Witten, Hattingen and Dinslaken. The evacuation represents the second part of first period of withdrawals as provided for by the London Agreement. The expectation is that all the foreign troops will have been gone from Westphalia to-morrow.

PLANS FOR GIANT SCHEME OF UNDERGROUND FREIGHT TRAINS FOR LONDON.

LONDON, July 20.  
The Daily Graphic says that United States capitalists have just completed preliminary plans for giving London the biggest underground railway system in the history of transportation, involving an outlay of £25,000,000. A network of freight railways below the level of the present passenger subway system is planned, the idea being to speed up surface traffic by transferring freight haulage from the streets to the new railway system. The scheme has been designed by an English engineer. The plan is sanctioned by Parliament.

STRANDED SHIP RELOADED.

HALIFAX, N.S., July 21.  
The United States Shipping Board freighter West Cohas which struck on Sable Island Sunday afternoon was successfully pulled off at 7.30 o'clock this morning by the steamer Winona City, according to a radio received here at ten o'clock this morning by the Department of Marine and Fisheries. Two steamers were reported as anchored a short distance off shore and the West Cohas was apparently none the worse for her stranding.

GERMANY'S REPLY CONCILIATORY.

PARIS, July 21.  
Germany has replied in a conciliatory manner to the Allied observations concerning her suggestion for security pact guaranteeing her Western frontiers, and it is agreed with but few exceptions that the German communication, while far from removing all obstacles to a settlement of the security problem, opens the way for negotiations from which an understanding may emerge.

SETTLEMENT OF BRITISH MINERS' DISPUTE IN SIGHT.

LONDON, July 21.  
The dispute between the miners and mine owners centering on wages and working hours appears to be on the way to a settlement, some going so

far as to say the deadlock may end to-day. Great pressure is being exerted upon the miners and mine owners to induce them to get together for a discussion of the differences and to negotiate a new agreement. It is said unofficially if such efforts fail to-day that Premier Baldwin intends to take a hand personally to try the effect of persuasion on the leaders of both sides.

FOREIGNERS' FOOD SUPPLY CUT OFF BY CHINESE.

PEKING, July 21.  
Advices from Canton say that the food supplies have been cut off from all the British residents at Wuchow as well as from the United States gunboat stationed in the harbor. It is said the British Consul at Wuchow has advised all British subjects to leave, because of the strict boycott against them.

FLOOD IN KOREA.

TOKIO, July 21.  
An official despatch received yesterday from the Korean Government describes the flood in Seoul, the capital and vicinity. It said "waters receding, rescue work progressing, casualties undetermined, but not believed to be extensive." It also said communications were being restored rapidly.

KING OF BULGARIA REMITS SENTENCES.

SOFIA, July 21.  
King Boris of Bulgaria yesterday pardoned 58 convicts and reduced the sentences of 164 others. More than four hundred persons remain of complicity in the bombing of Sveti Krul Cathedral here on April 16th, when about 160 lives were lost. The public prosecutor demands the death penalty for 131 of these.

THE KING SENDS A MESSAGE TO EDUCATIONAL CONFERENCE.

EDINBURGH, July 21.  
An attempt to develop a national educational programme that will bring about international understanding and lead to permanent world peace is being made by educators from many countries who are delegates to the World's Federation of Education Associations, which began its sessions at the first biennial meeting here yesterday. King George has sent the conference the following message: "I follow with interest and sympathy the great work of the Federation in fostering through the medium of education all that may conduce to the peace and happiness of the nations of the world."

N.S. CONFERENCE UNDER WAY.

SYDNEY, N.S., July 21.  
Conferences got under way here this morning between Premier N. Rhodes and Col. George Harrington, Minister of Mines, and representatives of the British Empire Steel Corporation and the Nova Scotia coal miners in an effort to bring to an end the four and a half months' old strike in the mines of the Province. President Roy Wolvin and Vice-President J. E. McLurg of the Corporation and practically the entire District Board of the miners were on hand.

See the Concert Party of the H.M.S. Calcutta at the Majestic Theatre on Thursday and Friday night. This party is under the direction of Lieut. Swinley, and he knows "The stuff to give 'em." The proceeds are to be given to the Seamen's Institute and the Nfld. Sea Scouts.—July 21, 11.

## To-Night's Football Game

A football game has been arranged to take place at St. George's Field this evening between a picked team from the Senior League and an eleven from H.M.S. Calcutta. This game will no doubt be largely attended, as a good exhibition can be looked forward to. The Calcutta on their last appearance here defeated the city by one goal to nil, and since then they have played about thirty games while on tour, winning all but one, thus annexing five challenge cups and numerous other trophies for keeps. The Calcutta will present their very strongest line-up in to-night's game. The city team will line-up as follows:—Goal, Knight; backs, T. Duggan, W. Thistle, halves, W. Hallward, Foster, R. Martin; forwards, Nolan, Young, Macklin, H. Phelan, E. Phelan.

The Minister of Finance and Customs begs to acknowledge the receipt of \$15.00 (conscience money).—July 21, 11.

## Painter Had Close Call

Yesterday afternoon while Mr. Wm. O'Brien, of Pleasant Street, was standing on a ladder painting the house of Mr. J. T. Martin, on New Gower St., a young lady passing along the sidewalk accidentally struck the ladder with the result that Mr. O'Brien fell about 15 feet to the ground. In the fall he landed on his shoulder, and received a bad shaking up. Dr. Macpherson attended the man, but found no bones broken. Mr. O'Brien was removed to his home where he will be obliged to rest for a few days before resuming work.

BORN.

On Saturday, July 18th, a son to Mr. and Mrs. Wm. Peddie, 55 Franklin Avenue.

DIED.

Through drowning, yesterday, near Donovan's, Albert Augustus Brown, aged 13 years, 9 months, son of Robert and Edna Brown, leaving father, mother, two sisters and three brothers, grandparents to mourn their sad loss. Funeral Wednesday, at 2.30 p.m., from his late residence, 26 Goodview Street. Friends and acquaintances please accept this, the only intimation.

At Bishop's Cove, C.B., on July 11th, Samuel Mugford, aged 71 years, leaving to mourn a wife and an adopted daughter.

NOTE OF THANKS.—Miss Florence M. Hamlyn wishes to thank the following who sent wreaths to adorn the casket of her dear mother:—Mr. and Mrs. M. Hamlyn, Mr. and Mrs. R. Hamlyn, Girls of the Sanatorium staff, Mrs. O'Brien, Mrs. John Holden, Mrs. R. D. Baird, also Rev. Goodland of St. Mary's Parish for his great kindness, attention and sympathy, and especially Mrs. M. Hamlyn and Mrs. O'Neill for their kindness and undivided attention in alleviating her sorrow; also Geo. Weston, Harry and Victoria Hamlyn, and all kind friends who in any way helped and sympathized with her in her bereavement.

NOTE OF THANKS.—Mrs. Samuel Mugford wishes to thank the many kind friends of Bishop's Cove for their kind attendance and sympathy, during her recent bereavement, especially the Black Preceptory of Upper Island Cove, of which her husband was a member.

## Fishery Reports

The following reports have been received by the Minister of Marine and Fisheries:—

Smokey—Calm, hazy; good trapping.  
Holtan—Calm, hazy; poor fishing.  
Flat Island and Domino—Light S.W. wind, clear; fish scarce.  
Vinson Island—Light West wind, calm; no fish.  
Battle Harbor—Light S.W. wind, cloudy; fish scarce.  
A message from Port Amour via Foggo to the Marine and Fisheries Department, received this morning, states their is poor fishing with fresh S.W. wind and dense fog.

TO-NIGHT! TO-NIGHT! — The C.C.C. Band to-night at the Lakeside. Collection for the Lakeside improvements.—July 21, 11.

## Rails for Street Rail

A number of teamsters are day hauling rails for the street railway from Harvey's wharf, where they are in a vacant spot near the Row. The work of re-railing the line is expected to commence in a few days.

## Beware of Hard Soap

Silicate of Soda is a combination of fine sand and soda ash, and is not a cleansing value. It is actually no cleansing value. It is to cheapen soap and to make it hard and dry. Always buy the soap which is guaranteed free from all injurious dyes. Your clothes will last longer if you always use Sunlight Soap.
