A distinguished company was present at the banquet given last evening by the lord mayor at the Mansion to which it is impossible for Greece to house to the colonial premiers. The lord mayor, in toasting the colonial premiers, laid stress upon the special significance of their presence in Lon-don during the jubilee festivities, and Lord Salisbury spoke in the same strain. The shrewdest guesser cannot tell when the tin plate scale will be signed. If the coal min ers' strike materializes on Saturday the number of workmen out of employment this week by reason of labor agitations will reach 200,000 men. As the result of the failure of the joint wage conference of the Amalga-
