

APPEAL WAS MADE TO WHITNEY TO STOP SUNDAY CARS TO PORT

Action Is Being Taken by the Lord's Day Alliance—It Is Alleged That the Traction Crews Are To Be Hauled Into Court—Looks Like a Fight Shortly.

The Sunday car question will be settled soon, so far as the traction company is concerned.

Yesterday a deputation of clergymen from this city headed by Rev. J. G. Stuart and Rev. James Rollins, had an interview with Sir James Whitney on the subject. The result of the conference has not been made known, as not one of the gentlemen will say anything.

It is understood that the local deputation put it up to Sir James to interpret the charter of the London and Lake Erie Company. They consider the granting of a Dominion charter to the company, when it formerly was but a provincial one, as an infringement of provincial rights, and further ask him to take steps to assert provincial jurisdiction over the road. If he succeeded in doing that, there would be no Sunday cars to the Port.

The instructions. The deputation were instructed, it is stated, by Premier Whitney, to go ahead and have a legal interpretation of the clause governing Sunday cars, and this will be done.

The solicitor of the Lord's Day Alliance in Toronto, J. A. Patterson, K. C., has already taken steps along this line, it is said, and it is expected that a direct appeal will be made at once to the Dominion railway commission for their interpretation of the charter.

Haul Men Into Court. Some of the members of the alliance favor summoning the crews of the traction company before a magistrate and thus opening up a legal fight. A men would be summoned, this course is adopted under the Lord's Day act, although none of the members of the local alliance would admit it. Others are certain that this action will be taken.

Question of Jurisdiction. These members of the society are continued on Page Eight.

NICE POINT RAISED OVER A PATHWAY

People Have Used Private Property So Long They Think They Own It.

A CASE IN THE COURT

Westminster Man Had a Woman and Child Summoned—Squire Chittick Reserved Judgment.

An interesting case from Westminster Township was heard this morning before Squire Chittick. It was one of trespass, Mr. Charles McIntosh, lot 22, concession 1, Westminster, charging Mrs. Moon and her child, of Chester street, with trespassing on his property.

It appears that for 20 years there has been a path across one of Mr. McIntosh's fields, and it has been used so long that it has been looked upon as a public highway.

Mr. McIntosh has never relished the idea very much, and has from time to time erected signs threatening trespassers with prosecution. The signs have invariably been ruthlessly torn down. The chief trouble has been with school children, who used the path as a short-cut to school. Fences were torn down, and other acts annoying to Mr. McIntosh perpetrated.

Order issued. Recently, the complainant in this morning's case prevailed upon the trustees of the school to issue an order forbidding the children to cross the farm. This was done, but Mrs. Moon refused to abide by the mandate, and accompanied her child across the field to see that no harm befell him. Accordingly, prosecution proceedings were instituted.

Mr. F. Perrin appeared for the defence, and raised a legal technicality in that the path had been used for so many years as a public highway, that it was a fair and reasonable supposition on the part of the defendant that it could still be used.

Squire Chittick reserved judgment for a week.

Voluntary evidence was given by neighbors as to how long the path had been used as a public highway and how long signs had been erected. Wm. K. W. Samson and Edward Fawcett were called.

SAW THE COMET WITH NAKED EYE

Observers at Cambridge, Mass., Had Good Look at Celestial Stranger.

[Associated Press.]

Cambridge, Mass., April 27.—Halley's comet has been seen by the naked eye since last Friday and is now clearly visible to the naked eye shortly after 3 a. m. The comet displays a fine, brush-like tail of some three degrees in length, while the nucleus shines with a brightness of between 2.5 and 3 magnitude.

Professor O. C. Wentwell, at the Harvard Observatory, was able to make a number of interesting observations, despite the moonlight and hastening dawn.

Halley's comet has not as yet attained so spectacular a display as it has in the past, but the rapidity with which it has increased in brightness during the past few days gives promise of a splendid display in the course of a week, and astronomers have great hope that when it emerges from the bright sunlight in the west next month it will be a most interesting celestial picture.

The comet is now moving through the constellation of Pegasus, and for a day or two will be a short distance east of the bright star in the southeastern corner of the great square of Pegasus. A careful search of the eastern sky an hour and a half before sunrise will disclose the visitor and a field glass will bring it much clearer view.

SUDDEN DEATH OF LADY ON STREET

Mrs. Morris Inwood, of 660 Maitland St., Expired While on Way Down Town.

HEART DISEASE CAUSE

Dr. Moorhouse Was Called, But Death Occurred Before His Arrival—Sad Affair Near Central Avenue.

Death came with startling suddenness this afternoon at 1:30, to Mrs. Inwood, wife of Mr. Morris Inwood, 660 Maitland street, and had almost reached the car tracks on Central avenue, when Mr. Dalton, who was waiting for the car to come, saw her fall backward.

He hurried to her assistance, and together with Mr. Patterson, of Cohoon & Patterson's grocery store, and Mr. J. J. Pearson, whose store is close by, carried her onto a lawn.

Dr. Moorhouse was summoned, but before he arrived Mrs. Inwood was dead.

Death was due to heart failure. Mrs. Inwood was about 65 years old.

ELEVATOR COMPANIES FINED FOR FRAUD

Fort William and Port Arthur Concerns Punished by Government.

[Special to The Advertiser.]

Ottawa, April 27.—The report of Warehouse Commissioner Cassels, who was commissioned by the trade and commerce department last month to investigate the charges of fraudulent returns by elevator companies at Fort William and Port Arthur in connection with wheat weights for grain, has been received by the minister. Mr. Cassels notes that as a result of the investigation before Magistrate Daley in Winnipeg, fines aggregating \$5,550 have been imposed as follows: Empire Elevator Company, of Fort William, \$2,000; Port Arthur Elevator Company, \$2,500; Consolidate Company at Fort William, \$50. The returns furnished by the E. P. R. Elevator Company were found to be correct.

It is understood that action to cancel the licenses of the companies will be taken by the department in case the present warning has not been sufficient, and it is found that fraudulent returns are made in the future.

WATT MFG. COMPANY MAY COME TO LONDON

Firm Was Burned Out in Ridgeway, and Later Went to Chatham.

Ala. Fitzgerald, chairman of the manufacturers' committee, hopeful that the Watt Manufacturing Company will come to London in the near future.

It will be remembered that this company, whose plant was burned out in Ridgeway, had entertained a proposition from the city, but accepted later an offer from Chatham, and located there. Conditions were not satisfactory in that city, however, and negotiations were again opened up with London. They agreed to come to London, provided a certain amount of stock was sold in the city. Mr. T. G. Boles was given the privilege of selling the stock on 5 per cent commission, and succeeded in selling it, provided the company's assets were as great as they were said to be. At the present time their plant is being valued, and if his report is satisfactory, it is quite probable that the company will establish a plant in this city.

There is some opinion on the part of pieces of property, one in the city, and one just outside the limits," said Ala. Fitzgerald. "Whether or not they will come to London depends largely on whether or not their plant is worth as much as is claimed."

DR. J. D. WILSON HAS BETTER CHANCE

Physician Who Is Seriously Ill Will Be Removed to Verandah of His Home.

STREET HAS BEEN CLOSED

Ropes Stretched Across Queen's Avenue at Wellington Street and Park Avenue.

City Engineer Graydon has ordered Queen's avenue, from Wellington street to Park avenue, to be closed for a few days owing to the critical condition of ex-Mayor Dr. John D. Wilson.

Dr. Wilson, whose condition is considerably more hopeful today, will be moved to the verandah, and for a few days if he is able to stand the air, he will be kept out of doors.

Ropes have been stretched across the street, and so far there has been no attempt made to break through.

The Patient's Condition. "Dr. Wilson's condition is so serious that we have decided to close the street," said City Engineer Graydon. "He has always been one of the best citizens of London, and we should do what little we can to assist in his ultimate recovery. So far the citizens have been quite considerate, and I am hopeful that they will respect our order to the fullest extent, and keep the street closed."

At Three O'clock. The condition of Dr. John D. Wilson is reported as improved at 3 o'clock this afternoon. One of the physicians in attendance at The Advertiser, that his appearance is much better and that his mind is clear.

The resolution for the Saturday sitting was carried on the motion of the Prime Minister, Opposition Whip Geo. MYSTERIOUS DEATH NEAR HAMILTON

Aged Eli Fenton, of Stoney Creek, Found Dead Under Suspicious Circumstances.

[G. N. W. Dispatch.]

Hamilton, April 27.—The neighborhood of Stoney Creek has been thoroughly alarmed and excited by the death there yesterday morning of Eli Fenton, one of the best-known men of the community. About noon yesterday, Mr. Fenton's brother, who lived with him, and who had been in the village all the morning, went out to the back of the barn, and there found the body of Mr. Fenton stretched out near the barn-door. Upon examining it, he found an ugly wound on the back of the head, from which blood had apparently been pouring for some time. The brother hastily secured the assistance of Dr. Thompson, who, upon examination of the body, found that it was cold. Death, he thought, must have taken place several hours before.

The wound was of such a nature that the doctor immediately suspected foul play. It was in the back of the head, and the doctor holds, could not have been caused by a fall. He called upon Crown Attorney Washington, who ordered him to hold an inquest. Chief Twiss, of Dundas, was also communicated with, and he went to Stoney Creek to hold an inquiry.

While all the officials are most reticent about the matter, it has been learned that very strong suspicions are held as to how the old gentleman came to his death.

REV. H. H. BINGHAM MAY SUCCEED REV. A. J. VINING IN TALBOT STREET CHURCH

Baptist Congregation Will Meet Tonight to Consider the Matter and It Is Understood a Call Will Be Extended to the Paris Pastor—Rev. Mr. Bingham Is a Well-Known Minister.

A meeting of the congregation of the Talbot Street Baptist Church will be held this evening for the purpose of choosing a successor to Rev. A. J. Vining, who leaves shortly for Europe to undertake the work of founding a great Baptist university.

It was stated to The Advertiser this afternoon by a member of another local Baptist Church that Rev. Hubert H. Bingham, of Paris, president of the Baptist Young People's Union of Ontario and Quebec, will be called.

It is understood that this is correct, although Rev. A. J. Vining and other members of the church refuse to verify it or make any statement regarding the matter until after the meeting.

Well Known in London. Mr. Bingham is well known in this city, and has frequently preached here and created a most favorable impression.

It is stated that Adelaide Street Baptist Church is also after him as its pastor. Rev. T. T. Shields is leaving for the Jarvis Street Church in Toronto, shortly.

HANDSOME GIFT OF MONEY BY ADMIRERS OF MR. FIELDING

Friends of the Dominion Minister of Finance Gather a Trust Fund of Nearly \$120,000 to Show Appreciation of His Long and Useful Labor for Canada.

Ottawa, April 26.—At the close of the last session of Parliament a committee of senators and members of the House of Commons and some influential gentlemen outside was formed for the purpose of receiving subscriptions for a testimonial to Hon. W. S. Fielding in recognition of his long and able service as a member of Parliament and Minister of Finance. The response to the appeal of the committee was most satisfactory, and was not limited by party affiliations. Many contributions were received without solicitation. Although the subscription lists are not yet closed, the committee felt, as the House is likely to be prorogued next week, that they should ask Mr. Fielding to accept the evidence of public favor and appreciation which his personal and political friends had furnished. The testimonial was therefore presented by the committee to Mr. Fielding tonight.

Sir Wilfrid Laurier, who was present at the presentation, expressed his delight with the honor paid his distinguished colleague.

Gift of \$120,000. It is understood that the subscriptions have been converted into securities and invested in trust for Mr. Fielding, the total amount raised reaching the splendid sum of nearly \$120,000. The list of donors is, of course, anonymous, and Mr. Fielding is made aware only of the fact that the future of himself and his family is provided for, and that after many years of faithful and splendid service to his country and for the Liberal party he may now be comparatively free of any financial worries.

It is a testimony to his honor and integrity as a public man to say that after many years of office, both as premier of Nova Scotia and finance minister of Canada, Mr. Fielding has accumulated no personal fortune. The testimonial tonight represents the gratitude of the people whom he has served so long and well, and in a sense only a partial and uncollected payment of a just debt due him for long years of invaluable service in the public interest.

BETTER CONDITIONS FOR THE WOMEN

Miss Carlisle, Provincial Factory Inspector, Has Been Investigating in London.

HOURS ARE TOO LATE

Especially Is This the Case in Ice Cream Parlors—Report Will Be Made to Government.

Women in many concerns in London work too late at night. That in substance was the result of the investigations of Miss Carlisle, of Toronto, the woman factory inspector in charge of the Ontario Department of Labor, who is making investigations in the city at the present time.

Girls employed in ice cream parlors work too late, it is alleged, and it is probable that some recommendation governing this matter will be made to the department.

Inspector Speaks. "The women employed in some of these places work too long," said Miss Carlisle to The Advertiser. "No woman should work after 10 o'clock at night. It is probably true that they are only employed about the usual time, 56 or 57 hours a week, but 10 o'clock is plenty late enough for them to work, and a realize that it is sometimes hard to regulate this, as there are many difficulties in the way, but nevertheless that hour is quite late enough."

Miss Carlisle is also investigating conditions in certain restaurants, and on the whole finds conditions from a sanitary standpoint quite satisfactory.

She has also been through some of the stores, and while in some places arrangements for the comfort of the women are adequate, in one or two stores of a cheaper sort, the conveniences are not at all satisfactory. In one store particularly, matters could be much improved, and Miss Carlisle is looking into this.

"My work is not yet completed," said Miss Carlisle. "So far I have found everything quite satisfactory, except as to the late hours women and girls have to work. Some complaints have still to be looked into, and it will take me some days to properly finish it."

A BAD FIRE. Stevensville, April 27.—Fire between 2 and 3 o'clock this morning destroyed the saw and planing mill and the heading factory of John Pierson. Loss between \$8,000 and \$10,000. No insurance.

The fire means a severe loss to the town, as a considerable number of the men are thrown out of employment. The cause of the fire is unknown. Mr. Pierson had just got in a lot of new machinery, including one saw costing \$180, and a quantity of oak lumber worth \$300, which also was destroyed. Both Mr. and Mrs. Pierson are ill at present.

FLYERS NOT READY. London, April 27.—Neither Graham White nor Louis Pauhan's aeroplane was ready for the promised flight to Manchester for the \$50,000 prize this afternoon. It is possible that a start will be made later in the day.

CHILD WAS SCALDED TO DEATH IN A PAIL OF BOILING MEAL

Terrible Accident to the Seventeen-Months-Old Daughter of Mr. and Mrs. Roy Shaver, of Con. 4, Westminster Township—Father Was Preparing Food for the Horses When It Occurred.

Lenora Violet, the seventeen-months-old daughter of Mr. and Mrs. Roy V. Shaver, of the fourth concession of Westminster, died at her parents' home last night as a result of falling into a pail full of boiling linseed meal, which her father was preparing for his horses.

The accident happened on Monday afternoon about 3:30.

Mr. Shaver had just taken the meal off the stove and poured it into a pail, and was replacing the kettle, making The little one was playing about in the kitchen and in some manner fell into the boiling mass.

A Horrible Accident. One arm and part of one side was horribly scalded. Dr. Routledge, of Lambeth, was called, and dressed the wounds, and did everything possible to alleviate the pain the little one was suffering, but she had sustained such a violent shock to the system that her recovery was doubtful from the first, and she succumbed last night.

The funeral will be held on Thursday afternoon to Woodland Cemetery.

CALLER TO PLAY AGAIN IN THIS CITY

Famous Quoter Who Was Injured Some Time Ago Is Almost Well Again.

It is expected that "Boh" Callendar will play off for the quoiting championship in this city on May 24.

It will be remembered that Mr. Callendar was struck by a quilt while playing in the championship last summer, and was prevented, owing to the injury, from completing the games. Since then he has been laid up much of the time, several operations being necessary.

The Forest City Quoiting Club were notified that Mr. Callendar was much improved and would likely be able to play on Victoria's birthday.

Mr. James S. Bell, Capt. Thos. E. Roison and Mr. Callendar remain in the competition, and these three will play off for the Dominion championship.

The annual meeting of the Forest City Quoiting Club will be held in the Dominion House this evening to elect officers, arrange for the competition and transact other business.

CHILD IS SINGING IN LOCAL THEATER

Charge Is Made That Little One Is Not Yet Ten Years of Age.

Inspector Sanders of the Children Aid Society is investigating the report that a little girl, not 10 years of age, is singing in a local five-cent theatre. The child is a very attractive and bright little girl, and it is suspected that she is earning considerable money for her parents.

"The complaint has been made to me that the child is singing in one of the theatres, when she has no right to do so," said Inspector Sanders. "I will investigate at once, and if conditions are such as reported, I will prevent her singing there."

Mr. Sanders some time ago took a little child from another five-cent theatre, and placed her in a home.

CANADIAN WOMAN MURDERED AT NAPLES

Body of Stella Reid Found and Police Fear Foul Play.

Milan, April 26.—The latest police investigations indicate that the nude body of a girl found in the Bay of Naples was that of Stella Reid, a clever Canadian water-color painter. From the state of the body it is advanced the hypothesis that the lady during a last visit to Capri was beguiled by some interviewer, drugged and flung into the sea, her clothing having been first stripped off so as to make identification less easy. The authorities have ordered a post-mortem examination.

The New York Herald of yesterday contains a dispatch from Chicago, stating that Estelle Reid, whose body was found at Naples, was a sister of Mrs. John Blair, wife of an actor now playing in Chicago. Miss Reid was an art student, the dispatch says, and left California over a year ago to travel in Europe.

ARRESTED OVER WIFE'S DEATH

Coroner's Jury Charges Crime to Arthur Best, of Comber.

EVIDENCE AT INQUEST

Woman Perished in the Detroit River on the Night of March 12.

Detroit, Mich., April 27.—A coroner's jury filed into Coroner Burgess' courtroom shortly before 4 o'clock yesterday afternoon, and announced that it found Arthur J. Best responsible, either directly or indirectly, for the death of his young wife by drowning in the Detroit River on March 12. The verdict surprised the spectators, as well as the prosecutor and chief of detectives.

Half an hour later Prosecutor Van Zile overruled the arrest of the 18-year-old husband and the two detectives left for Canada to ascertain the whereabouts of the young fellow. The prosecutor also orders the police to guard the trains and ferries to Windsor.

Letters Have Bearing. Some letters offered in evidence were in a great way responsible for the verdict brought in by the six jurymen. One of them from Best to his wife read as follows:

"Dear Friend, I don't care if I never come back. You don't need to make the quilts, because I do not think we will ever keep house. We would never have been married if I had taken a second thought, because I am dissatisfied now. I would rather be dead than where I am now. If this gets out, while I am out of the country, will never hear of me again unless I am dead. If I had it to do over again I would rather have been killed than to get married. I would rather have gone to jail than married, so you can do what you like when you get this. I don't care what happens. We can never live together, as long as I am in my right mind. I will die before I ever live with you, as you propose, or in any other way.—A. J. B."

This letter was written from Comber on March 12, the night when Best was forced to marry Alice Frankfurth, and it will be noticed that he addressed his young wife as "Dear Friend."

Two other letters which the chief of detectives refused to give up or make public were even more important testimony than this one. The first was written by Best to his wife, which was written March 13, the day after the woman was drowned off the foot of Woodward avenue, has, for its signature, "My Dear Wife." This letter was written by Best after he arrived in Comber again and after he knew that a woman had been drowned near the foot of Woodward avenue, a ward avenue ferry landing on the night before, he being a passenger on the ferry which was drawing out from the wharf and whose crew made frantic efforts to save her.

Later. Shortly after 4 o'clock the Windsor coroner called Best at the British-American Hotel and took him into custody on a warrant issued in Detroit charging him with the death of his wife. He will appear before Police Magistrate Leggett at a o'clock tomorrow for examination. Best took his arrest coolly and did not make all surprised to find himself again behind the bars.

FELL UNDER WHEELS

Toronto Man Has Miraculous Escape From Death by Street Car.

[G. N. W. Service.]
Toronto, April 27.—Nathaniel Daisley, a young Englishman, employed in Rydall's blacksmith shop on Brunswick avenue, attempted to board a moving car on Bloor street this morning, when he fell under the wheels of the trailer and was dragged a block before the car was stopped. When Daisley was finally pulled from under the wheels it was found that one foot had been run over and badly crushed, and that he had been badly cut about the head. Spectators say he escaped death only by a miracle. The man is now in the General Hospital, while it is to be the big event of the year in southern military circles.
