

---and the Worst Is Yet to Come

RAISED A BLACK FOX ---CLEARED \$1 PER HOUR

Plympton Township Farmer
Successful in Beginning of
Venture.

[Special to The Advertiser.]
Wyoming, Feb. 26.—Fox farming
that has been so successfully con-
ducted in this portion of Ontario by
a limited number, continues in favor,
while new men are being attracted
by the financial returns and tempted
to enter the field.

One of Plympton's most progressive
farmers, Mr. J. D. Wright, sixth line,
has recently launched into the industry
and in a quiet way has established a
fox inclosure on his home farm.
Mr. Wright obtained a half interest
in one pair with an experienced
breeder. The first pair in which he
was interested was purchased for
\$4,000, from a Prince Edward Island
dealer.

Two Were Raised.
Two foxes were raised from them,
and while one of the youngsters show-
ed too much red color to be saleable
at a fancy figure, the other at five
months old, sold to an American buy-
er for \$8,400, netting the sum of \$1
per hour while in possession of the
breeders.

RADIAL TO LONDON STRONGLY FAVORED

Adjoining Municipalities Will Be
Urged to Ask Government to Make
at Once.

[Special to The Advertiser.]
Belmont, Feb. 26.—At a largely at-
tended and most enthusiastic meeting
held here this evening, it was unani-
mously decided to ask the various
municipalities in this district to urge
the Government to make surveys as
soon as possible and secure an esti-
mate of the cost of building a new
hydro radial line from Port Burwell
to London via Aylmer and Belmont.

It was also unanimously decided to
ask each municipality to appoint
delegates to go to Ottawa and request
the Government to grant a subsidy
for the proposed line.

E. H. Procunier presided at tonight's
gathering and the following commit-
tees were appointed to take the matter
up with the municipalities:
Malahide—Messrs. Chivers, Payne,
Luton and Procunier.

South Dorchester—John Dawes,
H. G. Taylor and A. Jones.
Westminster—W. Barons, A. D. Mc-
Callum and A. W. Venning.

Child Almost Strangled

You never know what minute a
child will develop a bad cold or be
seized by croup. For this reason it
takes a great burden off every
mother's mind to have at hand Dr.
Chase's Syrup of Linseed and Turpen-
tine.

Mrs. E. W. Silver, South Milford,
Annapolis County, N. S., writes: "I
have used Dr. Chase's Syrup of Lin-
seed and Turpentine for my little boy
with most satisfactory results. His
throat would fill up with phlegm so
bad that he could scarcely make a
sound, and I thought he would surely
strangle. He grew worse, and had
frequent bad attacks, so I began using
Dr. Chase's Syrup of Linseed and Tur-
pentine. Scarcely half a bottle was
used when the strangling ceased.
This medicine has a wonderfully
soothing effect, and when he had
taken two bottles I could not tell that
he had any throat trouble. We have
also used Dr. Chase's Ointment with
equally good results. It is a grand
medicine for sore throat."
There are imitations, but the genu-
ine Dr. Chase's Syrup of Linseed and
Turpentine bears the portrait and
signature of A. W. Chase, M. D., the
famous Receipt Book author.

STANDARD OIL COMPANY MAY HAVE OPPOSITION

Germany Likely to Operate Oil Fields
in German New Guinea.

[Canadian Press.]
Berlin, Feb. 26.—A promise to with-
draw all the oil lands in German New
Guinea from private exploitation pend-
ing investigation of their nature and ex-
tent was given today by Dr. Wilhelm
Solf, Minister for the Colonies, at the
instigation of the budget committee.

An appropriation of \$125,000 was
passed by the committee for the pur-
poses of survey.

Dr. Solf said the companies bidding
for the concession had all demanded
the exclusive rights of exploitation. The
Government was opposed to doing this
as a plan for the operation of the oil
fields by the Government was under
consideration.

It was pointed out in the lobbies that
the discovery of oil in German New
Guinea might lead the Government to
enter into the business of producing oil
in order to facilitate the establishment
of the proposed oil monopoly in opposi-
tion to the Standard Oil Company. The
main obstacle to this hitherto has been
the difficulty of guaranteeing an ade-
quate supply of oil from independent
sources.

Saturday Will Open the Festival of Spring Fashions in Ladies' Ready-to-Wear Section

In introducing our new Spring Fashions we might say that practically every style shown has been adopted by one or another of the best New York houses from Paris creations, and in a great many cases, the Paris originals have been faithfully copied, even down to the last detail.

Among the recent arrivals in the suit department are many of the new suits that make special appeal for their very correct though conservative lines, being neither too dressy nor too plainly tailored, but combining the very newest features in a form of much refinement and character.

The Suit Coats for spring season are much shorter, hanging loose from the shoulders. Skirts show the fullness at hips in either draping or peg top effects with straight narrow lines below—slashed in front.

Honeycomb, Duveltyne, Jacquards, Bedfords, Ratine and Serge are the leading materials. Brighter shades are in evidence, such as Terracotta, Coral, Copenhagen, Emerald, Tans and Light Fawn and Shepherd Checks are very prominent.

A very smart Novelty Suit is shown in Honeycomb, Nattier Blue, with collar and cuffs of plaid silk, kimono sleeve, skirt in minaret style, size 36. Exclusive novelty \$40.00
Also a Novelty Suit, of fine check, in fawn and copenhagen blue, raglan sleeve, seams piped with copenhagen silk, novelty buttons closing coat and trimming sleeves, blue silk lining, skirt in pretty tweed style. Exclusive size 36. Price \$35.00
