

MAN FOUND BESIDE TRACKS LIKELY CAME FROM LONDON

No Marks of Violence on Body and It Is Thought That, Weak and Ill, He Lay Down To Die—Party Answering the Description Was in Ingersoll Recently.

[Special to The Advertiser.]

Ingersoll Nov. 4.—All efforts to identify the man found beside the G. T. R. tracks, between Ingersoll and Dorchester, on Monday afternoon have proven unsuccessful, but it is now believed that he is a man who walked into Ingersoll about two weeks ago and stated that he was ill and wanted shelter, as he had walked all the way from London that day. This individual, through the efforts of the police, was sheltered for the night at a local boarding-house. While there he did not reveal his name, but said he had been

staying with an English family in London either on King or York street.

There were no marks of violence upon the body, and it is supposed that the dead man, overcome by illness and general weakness, simply lay down beside the tracks and died. His clothes would indicate that he was a laborer. He is about 60 years old, five feet seven inches tall, fairly well built, with a small curly beard of a sandy shade. He wore a small tweed cap. His complexion is rather light.

Unless the remains are identified shortly, the body will be turned over to the Western Medical School at London by the authorities.

LONDON FIRM SUES WINDSOR MERCHANT

Latter Claims Goods Did Not Arrive On Time—Other Actions Entered.

Whether a merchant having ordered goods from a wholesale house is compelled to take them if they are not delivered within a certain time, is a question which will be threshed out at the non-jury sittings of the county court Nov. 5th.

Messrs. H. A. Sabine & Co., of this city, have entered an action against

Mr. P. Gilbert, a merchant residing in Windsor, for payment of an account of \$174.37, which they claim is due them on an order for goods. In his defence, Mr. Gilbert admits that he gave an order for the goods to the travelling salesman of the wholesale house in October, 1912, but the goods, he claims, were not delivered until the following February. In the meantime he was forced to purchase goods from another firm, and when the London salesman again called he told him he would not accept the goods. Messrs. Gibbons, Harper & Gibbons are representing the plaintiffs in the case, and Messrs. Davis & Healy, of Windsor, the defendants.

The Canada Fence Company have entered an action against John Robertson & Son, of Strathroy, to recover \$145.37 said to be due them on account for an order of barbed and coiled wire. The defence claims that the debt has

been satisfied in full. Mr. E. H. Johnston is representing the plaintiff, and Mr. E. Travers, of Strathroy, the defendants.

Mr. E. H. Johnston is also acting for Mr. V. A. Johnston in a suit against Peter H. Phillipin to establish the ownership of certain property on Chesley avenue, near Dame street. Messrs. Meredith & Fisher are acting for the defence. The McClary Manufacturing Company have an action against Mr. John A. Cottam for \$180.21 which they claim is due them for a quantity of tin boxes supplied by them. Mr. Cottam has entered a counter-claim for \$625. He claims \$500 for breach of contract, because he alleges that the McClary Company refused to supply him with the boxes. He also asks \$125 damages, which he claims is due him owing to injury done to a set of dies he loaned to the company to stamp the boxes.

The plaintiffs are represented by Messrs. Gibbons, Harper & Gibbons, and the defendant by Messrs. Blackburn & Weekes.

NO WORD RECEIVED FROM SON IN TONGAS

Outbreak of Smallpox Adds to Anxiety of Dr. Cowen's Parents.

No word has been received from Dr. H. M. Cowen, of Haapai, Tonga Islands, by his parents, Dr. and Mrs. Y. Cowen, of 346 Piccadilly street, since the disappearance of two of the islands of the Friendly group, where their son is stationed.

After the catastrophe, in which many lives were lost, some uneasiness was felt by his parents, and a letter was awaited with eager expectancy. It appears, however, that immediately following the disaster, an epidemic of smallpox broke out in the group with startling suddenness. The attack assumed such serious proportions, that to prevent its spread, the Government issued an order to the effect that no mail was to be sent out of the community.

The parents are compelled to wait the lifting of quarantine, and also the necessary six weeks which must elapse before the arrival of the mail boat. Dr. Cowen is a Government medical officer, and has resided in Haapai a little more than a year.

A Message From a Woman to Women

Every Woman Should Take
"Fruit-a-tives."

Lakelet, Ont., May 12th, 1911—

"Kindly publish this letter of mine if you think it will benefit other women who might be afflicted with the diseases I have had in the past, but am now, thanks to 'Fruit-a-tives,' completely cured. It is my firm belief that every woman should take 'Fruit-a-tives' if she wants to keep herself in good health.

"Before taking 'Fruit-a-tives' I was constantly troubled with what is commonly known as 'Nerves' or severe Nervousness. This Nervousness brought on the most violent attacks of Sick Headache, for which I was constantly taking doctors' medicine without any permanent relief. Constipation was also a source of great trouble to me and for which the Doctors said 'I would have to take medicine all my life,' but 'Fruit-a-tives' banished all these troubles and now I am a well woman."

RITUAL CHARGES WILL BE PROBED THOROUGHLY

Theological Experts Will Give Evidence in the Beiliss Murder Hearing.

[Canadian Press.]

Kiev, Russia, Nov. 4.—Counsel for the defence of Mendel Beiliss, the man accused of the murder of the Christian boy, Andrew Yuskinsky, in March, 1911, for purposes of ritualistic observance, insisted that the charges of ritual should be threshed out when the court reassembled today, under Judge Boldiriev.

The defending attorneys declared that they were not responsible for the raising of the charges of ritualism, but now they had been brought forward, the discussion of the subject must not be curtailed. The judge therefore ordered the resumption of the testimony of theological experts.

The anti-Semitic newspaper, Kievlianin, published today another bitter article on the exhibition made by Father Pranaites, formerly a Jew, but now a Christian monk, and also prints extracts from the testimony of that witness, whom it calls "the Neophyte."

The Kievsky Mysl draws a satirical picture of Mendel Beiliss as an insignificant employee at a brickworks, lost amid a procession of kings, emperors, prophets and heathen gods, adding that this is at the expense of Russia, which will have to blush before the judgment of history for the "monk neophyte," Father Pranaites.

Gleason New Head of Chicago Police

[Canadian Press.]
Chicago, Nov. 4.—James Gleason, captain in charge of the Shakespeare avenue police station, was appointed chief of police by Mayor Harrison today, succeeding John McWeeny, resigned. Gleason was promoted from the ranks under civil service rules. His most notable exploit was the capture of the car barn robbers after an all-day fight at Millers, Indiana, several years ago.

Reporter Declares Beiliss Innocent

[Canadian Press.]
Chicago, Nov. 4.—Samuel Shunkman, a Russian newspaper reporter, who says he worked on the Yuskinsky murder, for which Mendel Beiliss is on trial at Kiev, Russia, is hiding in a suburb of this city, to which he fled for fear he might be implicated and exiled to Siberia. His presence in Waukegan, Ill., became known yesterday, although he had endeavored to keep his identity a secret.

Clews were followed by the reporter and the detective, and, according to Shunkman, both arrived at the conclusion that Beiliss is not guilty.

[Canadian Press.]
Chicago, Ill., Nov. 4.—Women voters today took part in "wet" and "dry" elections in 24 Illinois cities and towns. Results in several of the localities are said to hinge upon the strength of the recently-enfranchised voters show in mustering their forces at the polls.

MORE THAN EVER
Increased Capacity For Mental Labor
Since Using Postum.

Many former tea and coffee drinkers who have mental work to perform, day after day, have found a better capacity and greater endurance by using Postum instead of tea or coffee. (Tea is just as harmful as coffee because it contains caffeine, the same drug found in coffee.)

A western woman writes:
"I had drank coffee for about twenty years, and finally had what the doctor called 'coffee heart.' I was nervous and extremely despondent; had little mental or physical strength left, had kidney trouble and constipation.

"The first noticeable benefit derived from the change from coffee to Postum was the natural action of the kidneys and bowels. In two weeks my heart action was greatly improved and my nerves steady.

"Then I became less despondent, and the desire to be active again showed proof of renewed physical and mental strength.

"I am steadily gaining in physical strength and brain power. I formerly did mental work and had to give it up on account of coffee, but since using Postum I am doing hard, mental labor with less fatigue than ever before."
