Outcoing Passengers. The steamship Umatilla sailed for San Francisco yesterday morning with the fol-lowing cabin passengers from this port: M. J. Matheson, R. Y. Ellis, C. North, W. Byers, F. King, Hall, F. Carne and wife, E. Hayward, A. Flett, A. Westmacott, Mrs. Hitchcock and daugher, W. Marvin, P. Steele, R. Jones and wife, and Mrs. Ferguson and two children. of the I.O.F. and friends. The Queen City brass band was en board, and as the steamer, gaily decorated, entered port,

For several hours last Tuesday, when the vessel was off Queen Charlotte Islands, she was literally under water. The Nymphe will very probably receive orders to proceed at once to Chili.

Epilepsy or Fits Lame Back. RHEUMATISM. It is not pleasant to be compelled to refer to the indisputable fact that medical science has utcerly failed to afford relief in rheumatic cases. We venture the assertion that although electricity has only been in use as a remedial agent for a few years, it has cured more cases of Rheumaniam than all other means combined. Some of our leading physicians' potent of Nature's forces.

T RESTORE MANHOOD AND WOMANHOOD.

As man has not yet discovered all of Nature's laws for righs living, it follows that every one has committed more or les-errors which have left visible blemishes. To erase these evi dences of past errors, there is nothing to equal kleetricity as spplied by the Owen Electric Body Battery. Rest assured, any doctor who would try to accomplish this by any kind of drugs is practising a most dangerous form of charlatanism. WE CHALLENGE: THE: WORLD' to show an Electric Belt where the correct is moder the own

to show an Electric Belt where the current is under the con-trol of the patient as completely as this. We can use the same belt on an infant that we would on a giant by simply reducing the number of cells. Other belts have been in the market for five or ten years longer, but to day there are more Owen Belts manufactured and sold than any other makes combined. ELECTE10 IN40LES. Dr. Owen's Electric Insoles will pre-vent Rheumatism and cure Chilblains and Oramps in the feet and legs. PRICE, \$1.00 SENT BY MAIL.

The Public Library. During the past month, the Public Library has been well patronized. The distarian was kept busy in bis department. There were 2,320 books passed over the counter, lady members borrowing 1,078, and the sterner acx, 1,242. The records show that by degrees the taste is being classeloped for the more solic class of read-ing. Flotion, except of the highest class, is not largely drawn upon, while bistory, the sciences and rats, works of travel, etc., are being more largely patro-mized. There were 62 new cards issued during the month, ladies taking possession
