Mr. Field-Johnson was the next speaker. He said that he felt that the resolution which he was about to move was applicable to Nanaimo on account of the number of Japanese living in the chieft helder the meeting of the meeting

The speakers from Nanaimo were Mr. J. McGregor, M.P.P., Dr. Walkem, M.P.P., Messre. Ralph Smith, T. Keith and Mr. Sheppard of the Five-acre lots; Messre. Buttwell, Field-Johnson and Hawson of Vancouver.

Mayor Davidson, in calling the meeting to order, said that the question which had caused this large gentleman of a desire to minduence and numerically the present meeting exceeded an unmerically the present meeting exceeded any other meeting hitherto held, and congratulated the citizens generally in the more importance and numerically the present meeting exceeded any other meeting hitherto held, and congratulated the citizens generally in the more of the first of a speaker of a minduence and numerically the present meeting exceeded any other meeting hitherto held, and congratulated the citizens generally in the more of the first of a speaker of a minduence and numerically the present meeting exceeded any other meeting hitherto held, and congratulated the citizens generally in turning out its material constant and the same freedom as the white the proper of the first of the course of the first of a speaker of a minduence and numerically the present meeting exceeded any other meeting hitherto held, and congratulated the citizens generally in turning out its material of the purpose of control of the size as take. He had not he state as the material of the purpose of control of the size as take. He had not held the propose of control of the size as take. He had not held the propose of control of the size as take. He had not held the propose of control of the size as take. He had not held the propose of control of the size as take. He had not held the propose of control of the size as take. He had not held the propose of control of the purpose of control of the capital serve equally to justify the basis of unionism, and it therefore preserves a strict neutrality. This understanding or rule was and is still utterly violated by the Dominion government by the freedom given to the importation of coolie labor. Capital, therefore, still continues to exercise its right of combination while the arms of white labor are fettered by the introduction of a labor with which he cannot associate and consequently best interests of the citizens. Wards presented to the government at best interests of the citizens. Wards presented to the government at cannot combine, and combination against capital is perfectly legitimate, provided always that legitimate means are used to attain the end. [Loud ap-

After continued and many attempts

had been made to enlist the co-opera-

tion of the Dominion government, our member, Mr. Gordon, in the spring of 1884 made the following motion in the House of Commons: "That in the opina law prohibiting the incoming of Chiby him on behalf of the government that a commission would be issued to inquire into and report on the whole subject of Chinese immigration. Here is the started gardening. Chinese immigration. Here is the started gardening. The chair, way that also evidenced the growing popularity of the order. The entertainment took the form of a concert, Past Master Shakespeare being in the chair, with the Mayor and savelent in the chair, which is a stream to be a stream to the chair. make the inquiries. He would not say preference to himself. much on the subject of the commission absence of much evidence which might have been furnished by those in a posithat they must keep hammering away. the other hand he noticed that capital white labor of this province, while on and its friends and allies were well represented and their evidence plentifully taken. As the result of the continued efforts of our faithful representative, the late D. W. Gordon, a head tax of \$50 was imposed upon any Chinamen coming into the country. But this does not seem to meet the difficulty. The same old grievance exists, and it is now sought to raise the tax to a prohibition standard. He thought that in the preto base any petition for alleviation from the workingmen, to a large extent, had brought in the samples to Alberni on as blocks, bolts, ropes, etc., which he

was seconded by Mr. Thos. Kitchen, and occasion been visited by a Chinaman in dustry. As the representative of the of the number of Japanese living in the the object before the meeting. (Ap- was told to him that on one occasion

[Then follows a long resolution dealing with the Japanese question.]

He said that they all knew that a treaty had been signed by Great Britain and Japan, which within the period of two years after signature would be applicable to many of our dependencies. By this treaty Japanese were, notwithstanding having taken the oath of allegiance to Britain, exempt from military empressment in case of a general conscription. They were also liable to be recalled to Japan in case their services
