THE LIGHT-HOUSE  
KEEPER'S  
STORY.

FROM the lighthouse at Lobster Cove Head, Bonne Bay, Newfoundland, Mrs. W. Young sends the experience of Zam-Buk.

"I suffered with eczema for seven years and to my great delight Zam-Buk has cured me. The disease started on my hands, and spread until it extended over my back. The itching and burning—especially when the affected parts were warm—was terrible; and yet when the eruption was scratched or rubbed, it turned to bad sores and caused great pain. I went to a doctor and tried various prescriptions, but seemed to get no benefit, so tried another doctor. Again I got no relief, so tried a third doctor, and then a fourth.

"Seven years is a long time to suffer, and I had got used to the thought that I never would be cured, when I saw a report in the Family Herald, telling how beneficial Zam-Buk was in cases of skin disease.

"I bought some Zam-Buk, and from the use of the very first box I saw it was going to do me good. I persevered with it, and the improvement it worked in my condition was really wonderful.

"To ease the irritation, stopped the pain, and the sores began to dry up and disappear. In short, I found Zam-Buk all that was claimed for it and within a very short time it worked a complete cure in my case.

"Since that time I have recommended it for several other cases, and in each it has proved its wonderful merit.

What Zam-Buk Cures

Brakeman, from York County Killed

Herbert Malone, brakeman on the Fredericton to Chatham freight train was instantly killed at Chatham, N. B., at 7:35 Thursday morning, while attempting to couple a train. Mr. Malone was making a coupling between the engine and freight car on the siding and had taken off the chock block to allow the engine to move forward and it is presumed he stepped on the chock block, for he was caught between the engine tender and the car and the life was instantly crushed out of him. Mr. Malone was thirty years of age and belonged to Stanley, York county. He was married to Miss M. J. Jones, a sister of Andrew Hays of L. A. B. N. B.

And you'll make  
with PURITY FLOUR

After seeing a batch of big, golden-crusted, snowy white loaves, that you have baked from PURITY FLOUR, you will, indeed, be proud of your cooking ability—and proud of your wisdom in deciding to pay the little extra it costs to procure such high-class flour. You will admit, too, that we are justified in the pride we take in milling this superb flour.

PURITY FLOUR

"More bread and better bread"

PURITY FLOUR is milled exclusively from the best Western hard wheat—the world's finest. More than that, PURITY FLOUR consists entirely of the high-grade portions of the wheat. The low-grade portions are separated and excluded during the PURITY process of milling. Such high-class flour, of course, expands more in the baking. It makes "more bread and better bread."

It makes lighter, flakier pastry, too, if you just take the precaution to add more shortening. On account of its unusual strength PURITY FLOUR, for best results, requires more shortening than ordinary flour.

Progressive dealers, everywhere, sell PURITY FLOUR and take pride in recommending it. Add PURITY FLOUR to your grocery list right now.
