Corner Ontario and Grand Sts. CAMPBELLTON, N. B.

### HON. MR. DOHERTY INTERVIEWED

Canada May Have Voice in Foreign Affairs of Empire.

The Hon. C. J. Doherty, Minister of Justice in the Borden Cabinet, who has been in England with the Prime Minister and several other Canadian Ministers, and arrived at Quebec on board the Allan Line steamer Virginian on Saturday, speaking of the trip to England, in an interview with a press representative, said that everywhere the Canadian Ministers had met with unbounded and almost overpowering hospitality. There was not the slightest doubt that Mr. Borden's visit had been a remarkable success, and that the Canadian Premier had created a very favorable impression among the English people.

#### The German Scare

Questioned about the German menace and the naval matter, Mr. Doherty said that there seemed to be a preponderant opinion in England that there was ground for apprehension from Germany. As far as the definite policy of the Canadian Government was concerned, he said that the question would be duly considered by the Federal Cabinet before any such policy could be decided upon, and announced. He was not aware that any suggestions were made by the British authorities, they evidently realizing that it was for Canada to determine her own policy. The Canadians, he said, went to England to obtain information and not to get instructions.

Borden Still Without a Naval Policy  
Mr. Doherty stated that before

the Borden Government would formulate any definite policy it might be found desirable that further conferences be had in this country with representatives of the British Government.

In that event Mr. Winston Churchill and probably other members of the Home Government would be invited to come to Canada.

In any event, he asserted, with emphasis, that whatever would be the naval policy of the Canadian Government, the autonomy of the Canadian people would always be safeguarded.

The equity of Canada having a voice in the foreign policy of the Empire if she shall contribute to the defence of the Empire was seemingly well understood by the representatives of the British Government as well as those of Canada.

#### The Marriage Law

Referring to the work which he had done in England in connection with his own department, Mr. Doherty said that he had followed the settling of the marriage case and had also conferred with the British authorities relative to arriving at a system by which a naturalization law would be effective in the United States and in all of the Dominions of the Empire.

Mr. Doherty said that he had witnessed the launching of Mont. real's new floating dock, and he incidentally spoke of a very pleasant trip which he had made to Ireland, having been the guest of Mr. John Redmond, at the summer residence of the Irish Nationalist leader at "Aughavanagh," County Wicklow, which is situated some fifty miles from the city of Dublin.

He had also visited Paris with the other Ministers, and their reception had been very cordial.

### FALLS TO DEATH FROM MASTHEAD

Arichat Seaman is Killed on Schooner Arizona at Summerside, P. E. I.

Charlottetown, P. E. I., Aug. 27.—Joseph Provost aged sixty-two, a seaman on the schooner Arizona and a native of Arichat, where his wife at present resides, was instantly killed at Summerside yesterday. His neck was broken in a fall from the masthead to the deck. The body was viewed by the coroner who decided that an inquest was unnecessary. It is being sent to Arichat for burial.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### EQUIPMENT FOR INTERCOLONIAL

Ottawa, Aug. 26.—Several important purchases for the Intercolonial have been decided upon by the government. One is of a new steam shovel, the price being in the neighborhood of \$100,000, and the iron from which the purchase was made is being sold in London. It is estimated that the purchase will cost a number of thousands. None of the material from the Canadian Locomotive Engine Co. four being switching and five large ones, while five large ones will be purchased from the Montreal Locomotive Works. Tenders also have been opened for an addition to the freight shed at Sydney, N. S., that of S. J. Stevenson at \$575,000 being the lowest.

### RUMOUR THAT MORRISSY WILL GO WEST

Told Friends Before He Left on Present trip that He was Contemplating such step.

It is rumored that Hon. John Morrissey, chief commissioner of public works, who accompanied by Mrs. Morrissey, left some days ago on a trip to the Canadian West, went west with the intention of locating there if the opportunity offers. Calgary or Saskatoon are said to be the cities which he most favors as places for a new home in the west.

While in Fredericton some time ago Hon. Mr. Morrissey informed friends that he was seriously considering removing from the province and would take the opportunity afforded by his contemplated two months' tour of the west to get acquainted with conditions there. It is understood further that his son, Mr. Charles Morrissey, will remove to the west also.

The removal of Hon. Mr. Morrissey from the province has considerable political significance as the relations of the chief commissioner with other members of the government are known to be not very cordial and there is a strong opinion entertained by a certain wing of the provincial government party that he should be removed.

Now that eleven men are dead from poisoned whiskey, a lot of good resolutions are sure to follow.

"My papa is a whole head taller than yours."  
"Well and my papa is a whole tummy fatter."

A Chicago woman leaped into the river to rescue a drowning man. When she found it was her husband it took the doctors hours to restore her to consciousness.

"What's the matter with that friend of yours? He acts like a crazy man." "He's all right, only you see he's from Centra America and every time he hears a motorcycle he thinks a revolution has been started."

When a woman collects a lot of odd-shaped miscellany she calls it antique; when burglars steal it the police call it loot; but always the husband of the woman calls it junk.

"This is the Range I Use--the GURNEY OXFORD"

When a range is recommended by one woman to another, it has met the final test.

The staunchest friends of the Gurney-Oxford Range are those women who have experience with it day in and day out. They know how dependable it is; they know that no other range gives such constant and unvarying satisfaction, not simply in management and economy, but in cooking results.

The Gurney-Oxford works constantly for its owner's peace of mind, and it supplements her efforts to make each meal one of absolute satisfaction.

Every woman who has had experience with the Gurney Economizer cannot help telling her friends the satisfaction of being able to regulate the fire by turning up or down one small lever. She tells about the flues that make and keep the oven always evenly heated, but above all she is enthusiastic about the golden brown biscuits, the light delicious bread and pastry, the roasts and fowl done to the queen's taste, that her Gurney-Oxford turns out.

The Gurney-Oxford owes its popularity to the recommendation of those for whom it works.

A. E. ALEXANDER & SON, CAMPBELLTON, N. B.
