built in five years or in twenty. Delay is more frequently wasteful than economical. The rule is that "il 'swee well dene, 'tweer well dene, 'tweer well dene, 'tweer well dene, 'tweer well dene, elicity." There were well dene, 'the built of the province of the province where mistakes and extravagances under the "fait and sign's system which preceded the "big push" of the peesent syndicate.

The announcement that the last spike has been driven in the Northern & Pacific Junction railway, opening up to settlement a destrable section of our province, and may be an opening up to settlement a destrable section of our province, and may be an opening up to settlement a destrable section of our province, and the lighty respects and giving us a short route to Winnipeg, will go far to silence adverse orticism of the policy of push in this province. Beside and water, as will be found snywhere. This has been brought within easy reach of Toronto and her sister cities. It affords a new field for settlement, a new source of agricultural wealth, and a new market of country, as it so soll, timber a defreshed in manufactures of elder Ontario. The advantages of closer connection with the pravines and Pacific provinces are too obvious to require saumeration.
