The only cure is for the person by long, steady, quiet but resolute practice to gain complete control of the organs of speech, until be can, by force of will, make them do rightly. The large property is the richest, and the flavor of Jersey bread in the source property.

and the word will almost surely come; if not try again and again, easily and for perhaps three or four months. The

practice and confidence. If a child is young, so much the better; begin early and keep it up, even if it takes years. Do not let his brother or sister mock him; teach him that if strange children do it he must not mind or be disturbed by it (if he can help it). Teach him, especially, always to keep his temper; anything

their families because they can save a little thereby, they break down the business of their neighbors who deal in these articles. To get even, they send the conditions of the flavor was given to the cheese. for what they don't keep and you do, and destroy your trade. So, too, with questions by Messrs. Magee, C. E. Gros professional men and mechanics. In vegor, H. Trueman, (Point de Bute,) order to prosper they must help each other. Every member of the communication of the

go elsewhere.

Every man who works produces something, and his neighbors should patronize his industry to retain him to be taken in chuaning, no rule can to degrees. Solisty each tie are economical in regard to feed; so are Ayrshires; short horns he considered extravagant. As to the time to be taken in chuaning, no rule can mong them. If he and his family go be laid down, as the season, the tempa to another place, every kind of busi-ness loses his custom and its profits. Contribute to all public enterprises much friction will produce soft butter. that look to the general good. If a Slow churning is best. Cotton seed new school house or a manufactory is cake is good for fattening and for milk. to be built, contribute by subscribing. He preferred it to linseed cake, because or at least say a good word for them.

If you have a good business advertise it, and people will know what it is, and attributed to cotton cake. As to ensiwill patronize you. You cannot hide lage, Prof. Sheldon said he would not your light under a bushel and then give an opinion, but would be glad to your light under a bushel and then expect people to see it; if you attempt it you are the loser, and ought to suffer. Small hives hold but little had seen in New Jersey. Mr. Starr said honey, and the new bees have to swarm out and fly away from it. A large hive will hold honey for all its his quantity. It was not a perfect where and will have some to spare. inmates, and will have some to spare food, but a very good auxiliary. After some a community, if all help to build it up, it will grow large and your busibroke up.

Railroads may come and go, but of themselves will not build a city; they are only facilities to that end. The fine blooded cattle on their country citizens must do that by a judicious use homes to take the place of native cows of their money, location and the supe that have been discarded often wonder rior facilties afforded for commerce, at the increased yield of the new comer manufactures and business. If you and express surprise that dearymen are so slow at adopting the new wonders. The fact is often that the old discarded.

puffed satin and ornamented with silk ites of the master. Dairymen make it a point to feed their cows up to all to elegent white cashmere robe trimmed with real lace. White stockings were pulled up over his paws. A wreath of flowers was hung on his muzzle. A procession of dogs followed the dog to the grave. An undertaken officials. the grave. An undertaker officiated. The dog had lived in luxury. He slept on real mattresses and included in being too stimulating, and makes an pillow shams. A servant perfumed his excellent top dressing for spring grain pullors on the standard of the stand is high life in New York.

voice with most people is like a pianoforte in the hands of a trained player; he strikes the right keys in perfect time and order, and harmony is the result. With the stammerer the keys are struck, by an untrained hand, out of order, and discord ensues.

It a child is old enough to understand, let him be taught how to use every organ of speech in the right way in the roots. Carrots, which are not as good Annapolis, Oct. 4th, 1882—1y

very much as a professional singer is in England as in New Brunswick, are taught; he can then practise alone, the best for the production of milk, and add corn, then let the mass lie together and sounds before a glass.

Having learned how to make the sounds properly, draw in a good breath; not one to unduly swell the lungs and not not one to unduly swell the lungs and sounds before a glass.

Professor Sheldon spoke of a farmer than the mass of the most stream of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the same, duly attested to, within the same of the tire them, but an easy, full breath; who put up a ton of atraw with a ton let it go slowly out at the right time, of green stuff, and then had them trod-

quietly and coolly, till it does come.

Stop the child when the stammering begins. Be very firm in this, but be patient; be very, very patient, kind largely, and forage must be largely

patient; be very, very patient, kind and gentle.

He must learn to talk slowly, clearly, carefully and plainly. There is no other way to gain command over one's self, and yet it must be gained. Fast talking must not be allowed, even when there is no stammering; it will soon bring it all back again.

Sometimes beating time helps a little, either with hand or foot, but it is only an outside help.

Changing the word for another with the same meaning is also useful, but this will not always serve, as in case of a name. But these are only make-

ractice and confidence.

If a child is young, so much the betacidity. No country on earth produces can help it). Teach him, especially, always to keep his temper; anything is bad which upsets the nervous system. Do not needlessly expose him to trials, nor yet shut him up away from the others. He must learn self-control.

A friend sends us the directions given above, and although much of the advice is for stammering in children it will answer as well for their elders who suffer from imperfect speech. — Christian Union.

Cash is other the tries a week; and when the cream fresh; and when the cream Kresh; an
