

THE CHOICE NEW EARLY  
WHITE GRAPE.  
"MOORE'S DIAMOND"

From seed of Concord, fertilized with Iona, by JACOB MOORE, Esq., of Brighton, N. Y. (the well-known originator of the "Brighton" Grape and other new fruits), who considers this the most valuable variety he has ever produced. In vigor of growth, color and texture, foliage and hardness of vine, it partakes of the nature of its parent, Concord; while in quality the fruit is equal to many of the best tender sorts, and ripens from two to four weeks earlier than Concord.
