SMITH'S

Mercantile & Land Reporting Agency

BANKERS—DOMINION BANK.

General Solicitor, JNO. LEYS, Esq., Barrister, Toronto. Secretary, JOHN SMILEY, M.A. MANAGER—WILLIAM SMITH.

General Offices—Court St., Toronto, Ont. Telegraph Address—Agency, Toronto.

Having for its special objects the furnishing to subscribers of reliable information on the financial standing or otherwise of tradesmen and others, the collection of outstanding accounts, and the procuring of the most reliable information from independent sources of the value and condition of landed and other properties in any part of Canada and the United States, with corresponding services in Great Britain and other parts of Europe.

Our method of procuring for our subscribers the most reliable information is through solicitors of the highest standing, and from other equally reliable sources in the several localities indicated, who are under contract with us to supply the necessary information promptly.

The Landed Enquiry Department of this Agency, the only institution of this kind known, is invaluable to Solicitors, Loan, Investment, and Insurance Companies, Estate Agents, and others, preventing fraudulent and transactions resulting from misrepresentations.

The Department for the collection of outstanding accounts is conducted on a regular change of the system usually followed by Collecting Agencies, viz.—Subscribers may have their accounts paid either direct to themselves, or to the offices of the Agency, in which latter case remittances will be deposited to an account provided for that purpose, and immediately remitted to the parties to whom it is due, and will not be applied to any other purpose.

Another important feature in connection with this department is, that subscribers depositing accounts for collection will, if requested, be furnished with a Form of Set-off, in which will be entered the name of each debtor, the amount owing, and a full report of the prospects of collection, and provided that the receipts thereof be paid to be referred only to the enabling subscribers to realize on their outstanding accounts.

The Agency will forward at least once in three months, or oftener if desired, a report and statement of all accounts in hand.

NOTE.—The offices of the Agency are open to the Solicitors and subscribers for reference to our numerous names, addresses, directories and correspondence, and for the transaction of business with their clients and customers whom in Toronto.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast table with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease.
